June 15, 2011

Members of the Board and the Citizens of the County of Ottawa:

The Comprehensive Annual Financial Report of the County of Ottawa, Michigan, for the fiscal year ended December 31, 2010, is submitted herewith. The financial statements included in this report have been audited by Vredeveld Haefner LLC, an independent firm of certified public accountants. The report is prepared for the purpose of disclosing the County's financial condition to its residents, elected officials, and other interested parties.

The financial statements have been prepared in compliance with applicable State statutes and Generally Accepted Accounting Principles (GAAP) as stated in the Governmental Accounting Standards Board statements and interpretations. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. We believe the data, as presented, is accurate in all material aspects, and that it is presented in such a manner as to fairly set forth the financial position and results of operations of the County as measured by the financial activity of its funds.

The independent audit of the financial statements of the County of Ottawa was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the County of Ottawa's separately issued Single Audit Report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County of Ottawa's MD&A can be found immediately following the report of the independent auditors.

## **REPORTING ENTITY AND ITS SERVICES**

Named for the Ottawa Indians who hunted and fished the area's forests and streams, Ottawa County was established in 1837. The County began operation in December of 1837, and the U.S. Census of 1840 listed only 208 people in all of Ottawa County. The estimated 2010 population is 263,801. Ottawa County, encompassing an area of approximately 565 square miles, is located in the southwestern portion of Michigan's lower peninsula having over 30 miles of Lake Michigan shoreline. The County is comprised of six cities, one village, and seventeen townships. Ottawa County is the eighth largest county in Michigan in terms of total population. The County is bordered by the City of Muskegon to the Northwest and the City of Grand Rapids to the East.

The topography of the County is flat to gently rolling, with approximately half of its land area being devoted to agricultural purposes. The County enjoys a healthy mix of tourism, industrial, commercial, and agricultural uses within its confines.

The County's legislative body is an eleven-member Board of Commissioners which is elected from single-member districts, determined by population, on a partisan basis for two-year terms. The Board annually elects from within its ranks a Chairman and Vice-Chairman by majority vote.

The financial reporting entity of Ottawa County includes all the funds and capital assets of the primary government (i.e., Ottawa County, as legally defined), as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable. The County provides a full range of services that are either mandated by State statute or authorized by the County Board of Commissioners. These services include legislative, judicial, public safety, public works, health, welfare, recreational, capital improvements and general administrative services.

Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and are included as part of the primary government. Accordingly, the Ottawa County Building Authority is separated into the appropriate categories of Debt Service, Capital Projects, Capital Assets and Long-term Debt and the Ottawa County, Michigan Insurance Authority is reported as an internal service fund. Discretely presented component units are reported separately in the government wide financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position, results of operations and cash flows from those of the primary government. The Ottawa County Road Commission, the Ottawa County Central Dispatch Authority, the Ottawa County Public Utilities System, and the Ottawa County Drain Commission are reported as discretely presented component units.

## **ECONOMIC CONDITION AND OUTLOOK**

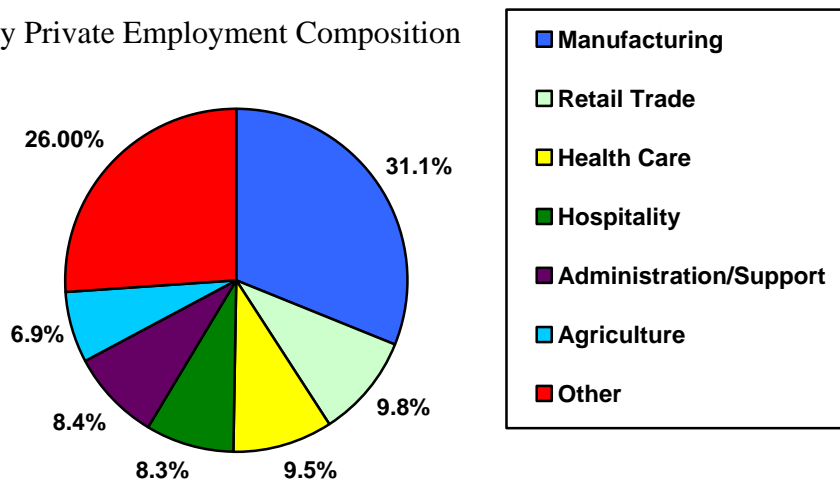

Over the span of a year, economic conditions improved. In 2010, most of the leading economic indicators for Ottawa County were headed in the right direction, and more improvements are expected in the local economy.

## Employment

### Composition of the Ottawa County Workforce

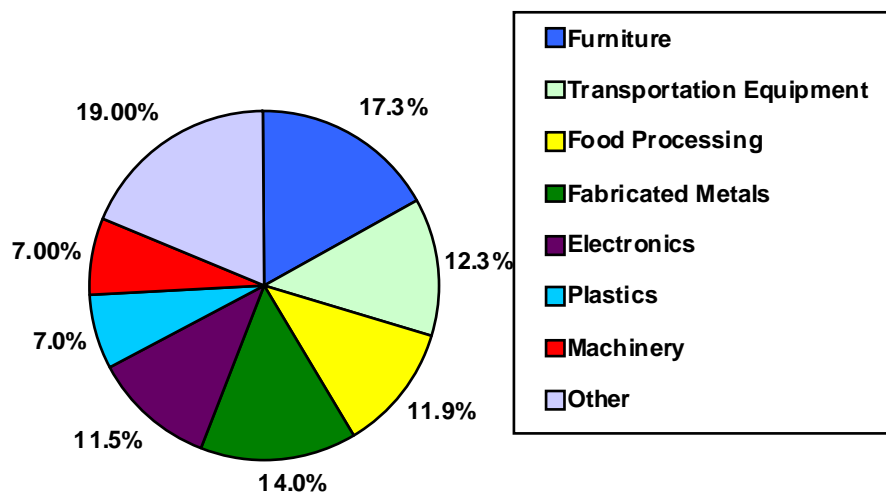

As of the third quarter of 2010, the County's total employment of 102,810 included 91,154 private jobs and 11,656 public (local, state and federal government) jobs. Of all ten sectors which comprise total private employment, manufacturing still accounts for the largest share of workers in Ottawa County at 31.1 percent. By comparison, the State's manufacturing workforce accounted for approximately 14.9 percent of the total non-farm employment in this quarter. The graph below details private employment for the major sectors:

Ottawa County Private Employment Composition

Within manufacturing, employment is rather diversified with seven industry groups collectively constituting about eighty percent of Ottawa County's manufacturing base:

Ottawa County Manufacturing Composition

Current Unemployment Statistics

Ottawa County experienced a steady rise in annual average unemployment rates for the last several years with the sharpest increase occurring between 2008 and 2009. Notably, the unemployment rate in Ottawa County declined in 2010, from 12.3 percent to 11.0 percent. This same pattern was true with the State’s unemployment rate which decreased from 13.3 percent in 2009 to 12.5 percent in 2010. In contrast, the national rate continued to increase in 2010, from 9.3 percent to 9.7 percent.

The good news for Ottawa County is that over the past year (from 2009 to 2010) total employment has gone up while the number of unemployed persons has gone down. As of the third quarter of 2010, there were 114,805 persons employed and 14,232 person unemployed in Ottawa County.

Unemployment levels are trending downward in Ottawa County. According to the State’s WARN list (which identifies companies who have notified the State of Michigan of pending plant closures or layoff events), there were eight firms in Ottawa County which notified the State of plant closures or layoffs in 2009. Collectively, those firms lost 719 jobs. In 2010, only one firm from Ottawa County (a wood products manufacturer/wholesaler in Marne which shut-down operations and permanently laid-off 65 workers) appeared on Michigan’s WARN list. As of April, 2011 there is only one firm, a retailer in Holland displacing 79 employees, that is listed for Ottawa County.

As of the start of the second quarter of 2011, the unemployment rate in Ottawa County was 8.1 percent, which compares to a national rate of 8.7 percent and Michigan rate of 10.1 percent. Of the 17 labor market areas that comprise the State of Michigan, Ottawa County’s April 2011 unemployment rate of 8.1 percent was the third lowest rate throughout the State.

## Employment Outlook

The latest research seminar in quantitative economics forecast from the University of Michigan (released in May, 2011) reports that in 2010 there was an overall net growth of 37,700 jobs in the State of Michigan. For the next two years, Michigan is projected to also realize net job gains of 68,900 jobs in 2011 and 62,200 jobs in 2012.

An Upjohn Institute for Employment Research forecast (released in January 2011) showed that while total employment in Ottawa County is projected to increase by 1.5 percent in 2011 and 2.5 percent in 2012. Job growth will occur in both the goods-producing (manufacturing) and service-providing sectors and will more than off-set employment declines in public employment. The number of government workers fell by 16.0 percent in 2010 and is forecasted to continue falling by 2.3 and 2.0 percent, respectively, over the next two years.

Projected annual employment gains in manufacturing of 1.7 percent for 2011 and 3.1 percent for 2012 take into account several large industrial development projects that are currently under construction in Ottawa County (and in the City of Holland portion of Allegan County). Those large projects include Continental Dairy Products/CS Facilities, Request Foods, Johnson Controls- SAFT Advanced Power Solutions and LG Chem.

The manufacturing sector's expansion activity county-wide can be seen from the information captured through the issuance of P.A. 198 industrial facilities exemption (IFT) certificates. In 2010, there were 34 certificates issued by the State Tax Commission to manufacturing firms who have collectively proposed to invest approximately \$ 82.4 million in new buildings & improvements, land improvements and the acquisition of new personal property (machinery, equipment, furniture & fixtures) over a 24-month period. In 2010, Ottawa County ranked seventh in State in terms of the value of proposed private investments. The chart below shows the IFT exemption information per year over the last five years:

<u>Year</u>	<u>Number of Exemptions</u>	<u>Total Exemption Amount</u>	<u>Estimated Job Creation</u>
2006	81	\$258,718,812	871
2007	62	\$172,841,439	1,133
2008	53	\$211,797,675	948
2009	38	\$178,710,366	656
2010	34	\$82,404,779	357

Last year, the largest industrial development project in Ottawa County receiving a P.A. 198 tax abatement last year was Gentex Corporation in the City of Zeeland. Gentex continues to add square footage to its headquarters. The automotive electronics & aviation glass components company has been acquiring adjacent properties on which it will be expanding existing plants and building new operations in the near future. As of January 2011, Gentex reported its total employment at 2,766 workers which provided Gentex the distinction of being the second largest manufacturer in all of Ottawa County in terms of total employment. The only other manufacturing firm with larger local workforce in Ottawa County is the office furniture maker

Herman Miller, Inc. which is also headquartered in the City of Zeeland. Other significant P.A. 198 projects included:

<u>Company</u>	<u>Location</u>	<u>Investments (in millions)</u>
Grand Haven Stamped Products	Grand Haven	\$11.5
Sintel	Spring Lake Twp	\$4.5
Sara Lee Foods	Olive Twp	\$3.4
Royal Technologies	Jamestown Twp	\$3.4
Active Manufacturing	Spring Lake Twp	\$2.5
Vertellus	Zeeland	\$2.2

2011 and Beyond

In Ottawa County, as the large industrial development projects mentioned above are finishing their construction phases and become operational, workforces at each of the companies will be hired and trained. The job creation figures are estimated to be 70 new jobs at Continental Dairy, 250 new jobs at Request Foods, 266 new jobs at Johnson Controls- SAFT and 450 new jobs at LG Chem.

With the construction of latter two projects (the new lithium-ion battery manufacturing plants), an Advanced Energy Storage industry is being added as a new sector to the local economy. These new battery plants (anchors) will create a competitive advantage for further establishing a network of suppliers (existing companies and expected new arrivals) in the immediate area. It has been estimated that a new energy storage and power management cluster could generate 10,000 jobs by 2020 and as much as \$ 2 billion in investments. Further, LG Chem’s selection of a site in Ottawa County over sites potentially anywhere else in the country, validates this area and opens the door to the attraction of other Korean companies (suppliers) once the attributes of the area are experienced firsthand and communicated abroad by the new residents. Those attributes include the work ethic; employee reliability, dedication and loyalty, attractive environment, and a low cost of living.

In addition to the above traditional manufacturing expansion projects, there are several other alternative energy development projects underway in Ottawa County. Energetx Composites, LLC in Holland, which manufactures large wind turbine blades made from innovative materials, is one of several emerging companies located in the BioBusiness Accelerator within Michigan State University’s Bioeconomy Institute in Holland Township. Energetx was recently awarded a “Reinventing Michigan” award by Governor Rick Snyder. A new 400,000 square foot plant for the manufacture of wind turbine blades up to 40 meters long is proposed for construction later this year on a 26-acre parcel in Holland Township. The site has been designated as a Renewable Energy Renaissance Zone. The proposed private investment is \$18.4 million over five years. Over that period of time, an estimated 724 jobs will be created by Energetx.

The State has also taken steps to improve the business climate. On May 25, 2011, Michigan Governor Rick Snyder signed two bills that repeal the Michigan Business Tax (MBT) and adopt

a Corporate Income Tax (CIT) effective January 1, 2012. Unlike the MBT, the new tax will only be imposed on corporations. According to the National Federation of Independent Business, the proposal will result in a \$900 million tax cut for Michigan businesses. More than 95,000 small businesses that now pay the Michigan Business Tax will pay only the state income tax, ending the double taxation for many small businesses. This bold move will go a long way toward improving Michigan’s business climate and giving employers an opportunity to reinvest more money in their businesses.

### **Property Values**

The recession has been marked by record high home foreclosures throughout the country. Michigan has been among the top five states with the highest amount of foreclosure activity (it ranked fourth behind California, Florida & Arizona; Nevada was the fifth leading state in home foreclosures) so far in 2011.

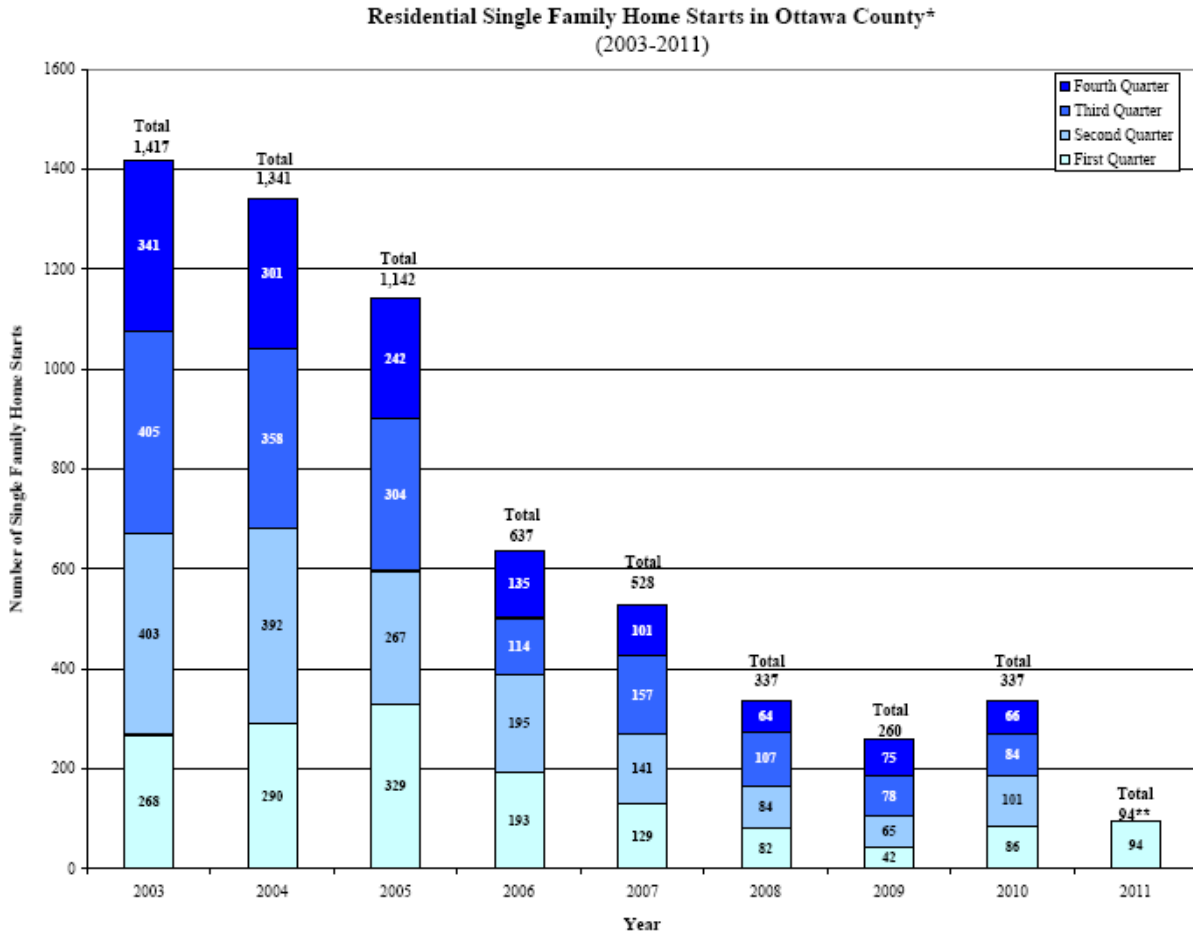

In Ottawa County, home foreclosures began rising in 2007 to 850 filings for that year (which was 57 percent higher than the 2006 total of 540). High annual levels of foreclosure filings have been experienced for the last three years: 957 in 2008, 933 in 2009 and 953 in 2010. The chart that follows shows the increase in home foreclosures.

### **Ottawa County Mortgage Foreclosures**

Though the 2010 numbers are higher, it appears as though foreclosures have reached their peak. First quarter 2011 foreclosures were 238 versus 293 in the first quarter of 2010.

Though housing starts remain low, the County is starting to see an upward trend:

\* Home starts in Blenden and Chester Townships are excluded from this chart. Builder Track did not track home starts in these townships on a consistent basis between 2003 and 2011.

\*\*This is the number of home starts through the first quarter of 2011

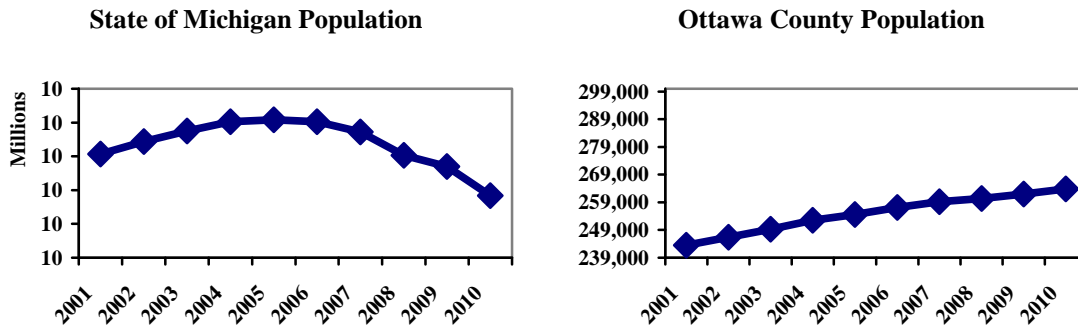

Source: Builder Track Reports, Lakeshore Area Quarterly Repo  
Prepared by: Planning and Performance Improvement Department (05/06/11)

For the first quarter of 2010, 94 single family residential unit starts have been recorded so far as well as two multi-family starts.

Another negative effect of this recession has been a reduction in existing property values. Several local units of government in Ottawa County continued experiencing decreases in taxable property values based on the 2010 and 2011 Equalization reports. The County overall experienced decreases in taxable value of 4.05 percent and 2.15 percent, respectively. In 2011, more (18 of 23) local units of government reported decreases in taxable property values than increases. The range of changes in taxable value was (5.68%) to +1.56%. These reduced taxable values (in the absence of any millage rate increases) result in substantially less tax revenues for local, county and State taxing authorities. This will likely impact the ability of governments to provide continued levels of municipal programs and services which may lead to reductions in public sector employment.

## Population

In spite of the recession, Ottawa County's total 2010 population estimate of 263,801 reflects growth, although the rate of growth has slowed in recent years. Between 2001 and 2010, Ottawa County's total population had a net increase of 20,310 residents for a growth rate of 8.3 percent. During this period, the total population of the State of Michigan *decreased* by 123,323 or 1.2 percent. In 2010, Ottawa County was the eighth largest county in Michigan in terms of total population and the fifth fastest growing county. The graphs below show the different population trends between Ottawa County and the State of Michigan.

According to the latest Census, Ottawa County's population has become more diverse. In 2010, the non-White population comprised ten percent of the County's total population. The largest minority population in the County is Hispanic at 8.6 percent of the total population.

In February of 2010, the West Michigan region was named the second most generous region in the country by the Chronicle of Philanthropy. Further, Ottawa County ranked first in the state for healthiest residents in a study performed by the Robert Wood Johnson Foundation and University of Wisconsin Population Health Institute. The study shows overall West Michigan residents have better access to quality programs that promote good health, are less likely to die before age 75, and are more likely to engage in healthy behaviors.

The road ahead for Michigan's economy will continue to be challenging. However, both State and Ottawa County officials are committed to strengthening the economy through diversification and the development of new sectors (like advanced energy storage) beyond the traditional automotive manufacturing. Major steps have been taken to achieve this goal. Ottawa County continues to look for ways to make itself an attractive venue for business development. Additional transportation planning and County-wide broadband access are two such initiatives. The entrepreneurial spirit, favorable local business climate and extensive business support network are all embedded in the fabric of Ottawa County. The County is confident that the quality and work ethic of its workforce, the many amenities associated with living in Ottawa County as well as the new initiatives being pursued will result in the expansion of existing businesses and attraction of new investments and job opportunities.

## Long Term Financial Planning/ Financial Policies

In addition to the local economy, the actions the County Board takes also affect the financial outlook for the County. As a part of its budget process, the County projects financial results for five years for the General Fund. Beginning with the 2005 budget cycle, the projections showed that expenditures would continue to outpace revenues, eating up the County's fund balance rather quickly. It became clear that some of the negative revenue trends were not just temporary setbacks, but were permanent operating deficits.

The Ottawa County Operating Budget Policy requires that the operating budget be supported by ongoing, recurring operating revenues, rather than through bonds or one-time dollars. This protects the County from fluctuating service levels and avoids crisis when one-time revenues are reduced or removed. Consequently, a five year deficit reduction plan was developed and implemented. Specifically, the County planned the following strategies to reduce the operational deficit:

- Raise the operating millage levy .1 mill in 2005, 2006, and 2007
- General Fund hiring freeze for new full-time positions
- Increase employee health insurance co-pay from 3% to 10%
- Improve disease prevention and management to reduce health care costs
- Review and rank discretionary services for possible reductions

The County has been financially able to delay levying the final .1 mill increase authorized by the plan. Only a handful of positions funded by the General Fund have been added in the last couple of years, and these positions were necessary to maintain service levels, accommodate new facilities or added with grant funding. However, other departments have eliminated positions resulting in a net decrease in full time equivalents funded by the General Fund with the 2011 budget. Employee health insurance co-pay is now 10% of the actuarially determined cost.

The strategy to review and rank discretionary services for possible reductions was directed by the County's fiscal policy which charges the Board to establish priorities and funding mechanisms which allow the County to respond to local and regional economic trauma, changes in service requirements, changes in State and Federal priorities and funding as they affect the County's residents. Currently, County services have been categorized as mandatory, discretionary but necessary, or discretionary. Beginning in 2008, the County Board has ranked the discretionary items to establish the priorities twice per year. In January of 2010, the Board also ranked a listing of all County functions. The study of mandatory services will continue in order to determine minimum service levels for these services. The above strategies as well as other operating budget and fiscal policies guided the 2010 budget and, by extension, the financial results for 2010.

In addition, County fiscal policies direct the County to establish an undesignated fund balance in the General fund to pay expenditures caused by unforeseen emergencies, for cash short-falls caused by revenue declines and to eliminate any short-term borrowing. The undesignated fund balance shall be maintained at an amount which represents a minimum of 10% and up to 15% of the General Fund actual expenditures for the most recently completed audit but not more than the equivalent of three months of operations of the planned budget year. 2009 audited

General Fund expenditures were \$66,048,299 which produces a target undesignated fund balance range of \$6.6 million to \$9.9 million. The 2010 undesignated fund balance was \$10,596,305, so the Board has allocated the \$689,000 above the 15% ceiling to close the anticipated projected gap between General Fund revenues and expenditures in 2012.

Unfortunately, the economic downturn and the sharp decline in housing values have necessitated additional response in order to maintain long-term financial stability. There are several negative pressures converging on the County all at once. Property tax makes up 60 percent of the General Fund revenue budget, so the decline in housing prices has a major impact. As the State works through its budget woes, funding to local units – including the County – is falling. Not only does the County have to deal with its own tax base decline, but also the shortfall of the State which gets passed on to the municipalities throughout the State. At the same time, demand for County services typically increases in a bad economy. In short, the County has less resources and more demand.

Work is underway to address these new challenges. During 2008, the County Board approved 23 financial policies as part of an initiative to update all Board policies. During 2011, all of these policies will be reviewed. A new fund balance policy is scheduled for review and adoption. Specific policies are key in addressing our financial challenges.

One key policy is that the County will strive to fully fund the County's financing tools. The financing tools are a set of funds established (in some cases) as far back as 20 years ago. These funds address a variety of ongoing costs by providing alternate funding sources. Costs addressed by the financing tools include debt service, landfill clean-up, equipment replacement, and capital improvements. The County estimates that over the next five years, the financing tools will be covering an average of \$6.6 million in costs each year.

With financial forecasting, the creation of long-term financing tools, and strict adherence to budget and fiscal policies, the County has positively impacted all future financial decisions and the County's financial stability. These tools have permitted the County to maintain low property tax rates, lower costs to departments, and provide services needed by County citizens. Maintaining these practices will be critical in addressing the new financial challenges before us.

## **MAJOR INITIATIVES**

The Ottawa County Board of Commissioners initiated and/or completed a number of major initiatives in 2010 designed to enhance Ottawa County residents' quality of life and increase the effectiveness of County government. The following identifies the major initiative areas and the specific initiatives started, continued, or completed in each area.

### **Board/Administration**

#### **OUTCOME-BASED EVALUATIONS**

Ottawa County remains at the forefront among counties in Michigan, and nationally, in verifying the cost-effectiveness of its programs and services, primarily through evaluations of the Planning and Performance Improvement Department. County staff and department heads have also begun to embrace the outcome-based evaluation process in an effort to strengthen the effectiveness of their respective programs and services.

As of December 31, 2010, evaluations completed by the Department have saved over \$4.6 million as a result of recommendations that modified, privatized, or discontinued ineffective programs and services (see graph below). Moreover, and to the credit of County employees as a whole, over \$15 million in programming and services has been verified as cost-effective through the evaluation process.

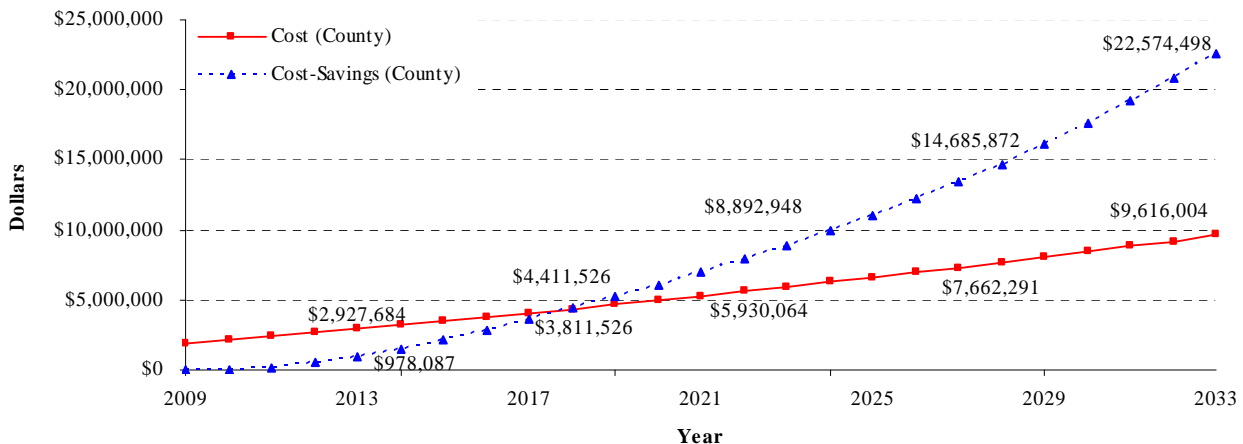

**Cost Savings from Privatizing, Restructuring, or Eliminating Inefficient and Ineffective Programs**

**ELECTRONIC CONTENT MANAGEMENT (ECM) SYSTEM EVALUATION**

In February 2010, the Planning and Performance Improvement Department completed a four year comprehensive study that quantifies the actual efficiencies that have been gained from implementing the Electronic Content Management (ECM) System in eleven County departments. The results are also being used to justify the need for legislative changes at the state level that would encourage greater utilization of technology, thereby further reducing labor and material cost. The County will achieve a return on its investment and realize a cost-savings of \$12.9 million over 25 years from the ECM system if the legislative amendments are enacted (see graph that follows).

**ECM System Cost-Savings to County if Legislation is Amended to Permit Paperless Workflow**

## HEALTH INSURANCE

During 2010, a team consisting of Human Resources, Fiscal Services and the Administrators Office conducted an in-depth review of the current employee benefits (health, vision, dental, life insurance and long term disability) with the assistance of a consultant, which has resulted in the County moving from self-funded to fully-funded insurance plans effective 1/1/2011. The changes resulted in a significant overall savings to the County and employees, while retaining quality health care choices with three different plan options. The estimated savings for the County, from where premiums were expected to be in 2011 without change, is \$4.7 million for all funds and \$2.7 million for the General Fund. The average annual County cost for health coverage dropped from \$14,684 per employee to \$9,302. In 2011 and beyond, a health management/wellness program will be deployed to help further contain the cost of health insurance and improve the health of employees.

## DEFINED BENEFIT/DEFINED CONTRIBUTION ANALYSIS

Ottawa County has a defined benefit pension plan with the Michigan Employees Retirement System (MERS) that provides employees with a monthly stipend based on final average compensation and years of service. Employers bear the investment risk and cost for an employee's retirement, making this system costly to an employer, especially in a bad market. A study was completed to identify both the short and long-term cost ramifications of changing retirement plans for new employees. On May 25, 2010, the County Board approved a resolution to move new County employees from a defined benefit pension to a defined contribution pension when four fiscal trends improve.

## CLERK-REGISTER OF DEEDS COMBINATION REPORT

The Board of Commissioners has listed since 2006 in the strategic plan the responsibility of the Administrator to produce a report on the possible combination of the offices of County Clerk and Register of Deeds. On November 23, 2010, the Board acted to combine the offices of County Clerk and Register of Deeds effective January 1, 2013.

## ENERGY EFFICIENCY AND CONSERVATION BLOCK GRANT (EECBG)

As a result of the American Recovery and Reinvestment Act of 2009, Ottawa County became a recipient of \$2,052,800 in funding for energy efficiency and conservation programs. While the funding is expected to be utilized over a period of three years, 2010 saw the development of the overall program and expenditures of approximately \$1 million. Just over \$200,000 was utilized to perform energy audits on County facilities, local government buildings and several qualifying businesses throughout the County. Approximately \$475,000 was spent on County facilities to improve efficiencies that will be measured to demonstrate annual operating savings. In addition, nearly \$400,000 was expended to conduct and implement the results from a traffic signal synchronization study that estimates the total annual savings to the motoring public of over \$5 million.

## Criminal Justice

### FRIEND OF THE COURT "BOOTING" PROJECT

The Friend of the Court implemented a project designed to collect past due child support by seeking out and immobilizing ("booting") motor vehicles of payers who fail to comply with Circuit Court orders for child support.

### FRIEND OF THE COURT BENCH WARRANT TEAM

During 2010 a dedicated bench warrant team, including a Sheriff's deputy, a location specialist and a warrant investigator, pursued 1,855 warrants and collected \$584,813. This amount is the highest annual child support collected on civil warrants in the history of the 20<sup>th</sup> Circuit Court.

### LEGAL SELF HELP CENTER

Circuit Court established the Legal Self Help Center, a grant funded program to assist self represented litigants. A part-time coordinator and volunteer staff served more than 2,500 citizens in 2010.

## **Economic Development and Land Use Planning**

### RENAISSANCE ZONES

In 2010, the Ottawa County Planning and Performance Improvement Department worked in conjunction with Request Foods and Holland Charter Township to successfully process an Agricultural Processing Renaissance Zone designation to accommodate a proposed plant expansion. This designation, which the Board of Commissioners approved, will result in a \$40.6 million investment in the new facility and the creation of 250 new jobs. Construction of the new Request Foods facility is nearing completion and operations are scheduled to commence by June, 2011.

In 2010, the Department also worked with Holland Charter Township to successfully process a Renewable Energy Renaissance Zone designation for Energetx Composites to construct a new facility for the purpose of manufacturing wind-energy turbine blades.

### RECOVERY ZONE FACILITY BONDS (RZFB)

In February 2010, Ottawa County allocated its entire \$31 million RZFB allotment to the Michigan Strategic Fund for the Continental Dairy Products project. The project includes construction, renovation, and equipment purchases to convert the vacant Delphi facility located in the City of Coopersville into a milk processing plant. The plant will be capable of processing four million pounds of milk daily into longer shelf life products such as butter, cream, condensed milk and milk powder.

## **Technology**

### NEW ON-LINE SERVICES THROUGH MIOTTAWA.ORG

The County's contracted web provider developed nine new applications to provide on-line services: School Reporting, MIWorks! Event Registration, District Court Landlord-Tenant Case Extract, Courthouse Self-Help Center, Committee/Board/Intern Service Application, Marriage License Application, Learning Management System – Sheriff, Delinquent Taxes Future Payoff. Overall revenue received via the County's web site increased by 63.5% over 2009.

## Quality of Life

### PARK ACQUISITION AND IMPROVEMENT PROJECTS

- *Bend Area Expansion* – Ottawa County acquired 70 acres with approximately 0.7 miles of Grand River frontage in Georgetown Township for \$336,000. The purchase expanded the Bend Area park site from 188 acres to 258 acres and extended its Grand River frontage to 1.3 miles. The purchase follows a master plan for the area that calls for acquiring and restoring gravel pit properties along the Grand River to create a 500 acre park that will eventually offer swimming, picnicking, hiking and related activities.
- *Holland Country Club Acquisition* – Ottawa County Parks acquired 122 acres of the former Holland Country Club property along the Macatawa River in the City of Holland. The Outdoor Discovery Center Macatawa Greenway assisted Ottawa County Parks by raising \$70,000 in private funds toward the \$450,000 purchase. Plans for the site include a blend of habitat restoration and recreational uses.

- *Nature Education Center* – An open house and dedication ceremony was held in April following completion of the new Ottawa County Parks Nature Education Center. The 8,000 square foot facility houses all nature interpretive functions including the department's two naturalists and also serves as a visitor center for the County Park and open space system. The new center received Leadership in Energy and Environmental Design (LEED) certification at the gold level and features geothermal heating and cooling. Programs for school groups and the general public began immediately following the dedication. The new facility was funded by a combination of donations and funds from the park millage.

## Health and Welfare

### SMOKE-FREE AIR LAW

On December 18, 2009, Michigan became the 38th state to pass comprehensive secondhand smoke legislation with the *Dr. Ron Davis Smoke-free Air Law*. The law, intending to protect and improve the health and environment of the state, limits exposure to indoor secondhand smoke in restaurants, bars and workplaces. Local governments were charged with preparing communities for its implementation plus enforcement of the law. The law was implemented on May 1, 2010 giving the County just four months to prepare the community.

Health promotion and environmental health staff collaborated to educate food service establishments and others impacted by the legislation. Compliance with the law locally has been excellent. A recent study found 100% of Ottawa County establishments prohibited smoking in both indoor and outdoor dining areas versus statewide averages of 95% and 89% respectively.

#### MICHIGAN WORKS!/COMMUNITY ACTION AGENCY

Major Initiatives from the Michigan Works!/Community Action Agency (CAA) include:

- Administered a second round of approximately \$1.1 million in National Emergency Grant funds for training dislocated workers (lay-offs & plant/business closings). Continued administering \$2.8 million in American Recovery and Reinvestment Act of 2009 (ARRA) funding for low income household weatherization and energy efficiency for the period of 4/1/09 through 3/31/12 – over \$1 million per year.
- Received a \$2.25 million U.S. Department of Justice “2<sup>nd</sup> Chance” grant for family reunification activities for individuals coming back to the community from state prison or the Ottawa County jail. Funds supplement work of the West Shoreline Prisoner Re-Entry initiative.
- *Adult Learner Professionals Group of West Michigan* – Took a lead role in building a collaborative effort to streamline funding and programming for adult learners in Kent, Ottawa and Allegan counties, with a focus on general equivalency diploma attainment, English as a second language, and basic adult education.
- Undertook a major revision of the Ottawa County Housing Commission (OCHC). Worked with Ottawa County Commission to revise ordinance and bylaws and to position OCHC for recognition by the U.S. Department of Housing & Urban Development so that housing related projects can be implemented in the future.

## **CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting (Certificate of Achievement) to Ottawa County for its comprehensive annual financial report for the fiscal year ended December 31, 2009. The County has received this prestigious award for twenty seven consecutive years.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report (CAFR), whose contents conform to program standards. Such reports must satisfy both Generally Accepted Accounting Principles and applicable legal requirements.

A Certificate of Achievement is granted for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA to determine its eligibility for a certificate.

## ACKNOWLEDGMENT

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Fiscal Services Department. We would like to express our gratitude to all members of the Ottawa County Board of Commissioners for their interest and support in planning and conducting financial operations of the County of Ottawa in a responsible and progressive manner.

Sincerely,

---

Alan G. Vanderberg  
Administrator

Fiscal Services Director

**STATEMENT OF MANAGEMENT'S  
RESPONSIBILITY FOR FINANCIAL STATEMENTS**

Responsibility for the integrity of the financial data presented rests with the County. We believe the data to be accurate in all material aspects. These financial statements are prepared in accordance with Generally Accepted Accounting Principles applicable to county government and State statutes.

The County maintains a system of internal controls to provide reasonable assurance that the books and records reflect authorized transactions of the County.

Vredeveld Haefner, independent certified public accountants, have audited the accompanying financial statements, and the supplemental financial information has been subjected to the auditing procedures applied in their audit. Vredeveld Haefner's report is included in the financial section of this report.

## INDEPENDENT AUDITORS' REPORT

June 3, 2011

County of Ottawa  
Board of County Commissioners  
West Olive, Michigan

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Ottawa, Michigan, as of and for the year ended December 31, 2010, which collectively comprise the County of Ottawa's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County of Ottawa's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Mental Health Special Revenue fund which is a major fund, or the Protected Self-Funded Insurance - Mental Health Internal Service fund. These represent 2.6 percent, 0.9 percent, and 24.9 percent, respectively, of the assets, net assets, and revenues of the governmental activities. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Mental Health funds, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Ottawa, Michigan as of December 31, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued, under separate cover, our report dated June 3, 2011, on our consideration of the County of Ottawa's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and is important for assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 24 through 39 and the information on pages 108 through 114 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Ottawa's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied by us and the other auditors in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the report of other auditors, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

*Urodeuxeld Haefner LLC*

## Management's Discussion and Analysis

As management of the *County of Ottawa*, we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended December 31, 2010. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1-16 of this report.

### Financial Highlights

- The assets of the County exceeded its liabilities at the close of the most recent fiscal year by \$212,528,625 (*net assets*). Of this amount, \$83,496,633 (*unrestricted net assets*) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net assets decreased by \$196,120.
- As of the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$49,910,676, a decrease of \$3,265,758 in comparison with the prior year. Approximately 86 percent of this amount, \$42,694,516, is *available for spending* at the government's discretion (*unreserved fund balance*).
- At the end of the current fiscal year, unreserved and undesignated fund balance for the General Fund was \$10,596,305 or 18 percent of total General Fund expenditures (including transfers).
- The County's total bonded debt (including component units) increased by \$11,578,233 during the current fiscal year. Ottawa County Public Utilities and Ottawa County Office of the Drain Commissioner, component units, issued \$25,390,000 of debt for the construction of water/sewer and drainage systems.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components:

1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the County's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying

event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of Ottawa County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include legislative, judicial, general government, public safety, public works, health and welfare, community and economic development, and culture and recreation. The business-type activities include the administration of the delinquent property tax collection system.

The government-wide financial statements include not only the County itself (known as the *primary government*), but also four legally separate entities: Ottawa County Road Commission, Ottawa County Central Dispatch Authority (911), Ottawa County Public Utilities, and the Ottawa County Office of the Drain Commissioner. Financial information for the *component units* is reported separately from the financial information presented for the primary government itself. The Ottawa County Building Authority and the Ottawa County, Michigan Insurance Authority, although also legally separate, function for all practical purposes as departments of the County, and therefore have been included as an integral part of the primary government.

**Fund financial statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to the government-wide financial statements which facilitates comparison between *governmental funds* and *governmental activities*.

The County maintains 44 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Parks and Recreation, Health, Mental Health, and Stabilization funds, each of which is considered to be a major fund. Data from the other 39 governmental funds are combined into a single, aggregated presentation. Individual fund data for

each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The County adopts an annual appropriated budget for its general, special revenue, debt service, capital projects and permanent funds. Budgetary comparison statements or schedules have been provided herein to demonstrate compliance with those budgets.

***Proprietary funds.*** The County maintains two types of proprietary funds. Enterprise funds report the same functions as business-type activities in the government-wide financial statements. The County uses an enterprise fund to account for the Delinquent Tax Revolving Fund (5160).

The County maintains *internal service funds* to account for and allocate costs internally among the County's various functions. The County uses 10 internal service funds to account for the following functions: management information services, duplicating, telecommunications, equipment pool, and protected self-funded insurances (both liability and employee fringe benefit insurances to employees). Because these services predominantly benefit governmental functions, they have been included within *governmental activities* in the government-wide financial statements.

***Fiduciary funds.*** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Required supplementary information.** The required supplementary information includes major fund budget to actual schedules and provides multi year trend information on the funding progress of the County's defined benefit pension plan and other post employment benefits.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain *supplementary information*. This is limited to combining statements and schedules and statistical information.

## **Government-wide Financial Analysis**

### Statement of Net Assets

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the County of Ottawa, assets exceeded liabilities by \$212,528,625 at the close of the most recent fiscal year.

## County of Ottawa's Net Assets

	Governmental Activities		Business-type Activities		Total	
	2010	2009	2010	2009	2010	2009
Current and other assets	\$114,161,172	\$111,870,308	\$24,278,351	\$24,734,424	\$138,439,523	\$136,604,732
Capital assets	132,510,243	135,276,298			132,510,243	135,276,298
Total assets	<u>246,671,415</u>	<u>247,146,606</u>	<u>24,278,351</u>	<u>24,734,424</u>	<u>270,949,766</u>	<u>271,881,030</u>
Long-term liabilities						
outstanding	24,498,994	26,682,047			24,498,994	26,682,047
Other liabilities	33,915,592	32,467,114	6,555	7,124	33,922,147	32,474,238
Total liabilities	<u>58,414,586</u>	<u>59,149,161</u>	<u>6,555</u>	<u>7,124</u>	<u>58,421,141</u>	<u>59,156,285</u>
Net assets:						
Invested in capital assets, net of related debt	109,387,852	110,087,094			109,387,852	110,087,094
Restricted	19,421,942	23,416,355	222,198	232,381	19,644,140	23,648,736
Unrestricted	59,447,035	54,493,996	24,049,598	24,494,919	83,496,633	78,988,915
<b>Total net assets</b>	<b><u>\$188,256,829</u></b>	<b><u>\$187,997,445</u></b>	<b><u>\$24,271,796</u></b>	<b><u>\$24,727,300</u></b>	<b><u>\$212,528,625</u></b>	<b><u>\$212,724,745</u></b>

Essentially, the County's net assets remained stable in 2010. A large portion of the County's net assets (39 percent) is unrestricted. *Unrestricted net assets* may be used to meet the government's ongoing obligations to citizens and creditors.

Capital assets, representing 52 percent of total net assets, includes land, buildings, vehicles and equipment less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt should be provided from other sources, since the capital assets themselves cannot readily be used to liquidate these liabilities. Capital assets decreased slightly in 2010 due to depreciation.

In addition to the net assets invested in capital assets, net of debt, certain other restrictions on the use of net assets apply due primarily to legal guidelines. These restricted net assets total \$19,644,140. The 2009 balance is higher due to the planned use of net assets in the Revenue Sharing Reserve fund (\$4.65 million) in 2010. However, restricted net assets for park development and public improvement increased (\$650,000).

Statement of Activities

Increase in net assets before transfers						
to other funds	70,376	(3,074,836)	(305,504)	315,118	(235,128)	(2,759,718)
Transfers	189,008	202,815	(150,000)	(150,000)	39,008	52,815
Increase (decrease) in net assets	259,384	(2,872,021)	(455,504)	165,118	(196,120)	(2,706,903)
Net assets, beginning of year	187,997,445	190,869,466	24,727,300	24,562,182	212,724,745	215,431,648
<b>Net assets, end of year</b>	<b>\$188,256,829</b>	<b>\$187,997,445</b>	<b>\$24,271,796</b>	<b>\$24,727,300</b>	<b>\$212,528,625</b>	<b>\$212,724,745</b>

\*Expenses include indirect expense allocation

The preceding table shows that the primary government's net assets decreased by \$196,120 during 2010. Activity affecting net assets is as follows:

Category	Effect on Net Assets
Increase in Net Assets of Internal Service Funds	\$3,815,000
Depreciation on capital assets	(\$4,729,000)
Increases in long term obligations	(222,000)
Change in net assets of the Delinquent Tax Revolving Fund	1,296,000
General Fund operations	(3,060,000)
Unused Park levy	1,947,000
Child Care - Circuit Court	483,000
Energy Efficiency and Conservation Block Grant	451,000
Solid Waste Clean-up	(353,000)
Public Improvement	312,000

The main contributor to the increase in the net assets of the Internal Service funds is the Ottawa County, Michigan Insurance Authority (\$2,976,000) due primarily to strong returns on investments. The financial market has continued its recovery resulting in significant gains. In addition, after an exceptionally difficult health insurance claim year in 2009, the County took steps during 2010 to curtail costs including a new prescription administrator and higher employee copayments. The net assets of the Protected Self-Funded Employee Insurance fund gained \$896,000 in 2010.

Depreciation on capital assets in governmental funds reduced net assets by \$4.7 million. Long-term liabilities increased \$222,000, and most of this is for landfill clean-up costs. Projections have increased due to more intensive groundwater restoration activity and requirements by the State of Michigan.

In the financial statements, the net assets of the Delinquent Tax Revolving Fund (5160) decreased by only \$455,000. However, this is misleading because the building and equipment rental expenses and the transfers out include \$2.6 million in payments (including \$850,000 in interest) to the Ottawa County Building Authority Debt Service Fund (5690-5695) pursuant to lease agreements between the County and the Building Authority. These payments from the Delinquent Tax Revolving Fund are used to make principal and interest payments on multiple bond issues.

The General Fund decreased net assets by \$3,060,000. The fund statement indicates revenue exceeded expenditures by \$1.3 million. However, \$4,650,000 was transferred in from the Revenue Sharing Reserve Fund and an additional \$323,000 was recognized as revenue on the government wide statements. It is important to note that the transfer from the Revenue Sharing Reserve Fund was a planned transfer. The fund was established in 2004 pursuant to Public Act 357 of 2004 which shifted the County's levy from winter to summer. The funds accumulated from the shift were used as a substitute for State revenue sharing payments until depleted. The remaining balance in the fund has been depleted in 2011, and State revenue sharing payments have resumed.

Although the General Fund tax revenue decreased by \$1.3 million, other charges for services, particularly in the District Court, increased due to the implementation of a user fee study. In addition, revenue in the Register of Deeds office also came in higher due to record low interest rates. On the expense side, the Health department received a grant for the H1N1 program that redirected programming to services covered by the grant. This and other low expenses resulted in \$800,000 in savings to the General Fund. Other expense savings came from vacant positions and fewer than anticipated participants in the health insurance program (\$553,000).

The Parks and Recreation fund (2081) has a ten-year levy for land acquisition and park development (capital costs). Financial results for this fund can vary depending on the initiatives undertaken. Capital expenditures of \$1.5 million in the Parks and Recreation fund were subtracted at the government-wide level. Consequently, at the government-wide level, the parks activities increased net assets (net of depreciation of \$703,000 – discussed previously) by \$1.2 million. The department received \$447,000 in capital grants; the remainder is due to revenue over expenditures.

The Child Care –Circuit Court fund (2920) increased net assets by \$483,000. Originally, \$675,000 was anticipated in private institution costs for delinquent youth, but additional in-home programs reduced the number of placements. Actual private institution costs were \$266,000.

During 2010, the County received an Energy Efficiency and Conservation Block Grant (EECBG) which provided \$451,000 for capital upgrades to County heating, ventilation, and air conditioning systems.

The Solid-Waste Clean-up fund (2271) decreased net assets by \$353,000 (net of capital additions). In addition to the increase in the long term liability for the landfill discussed earlier, 2010 clean-up costs also increased due to efforts to optimize the new treatment processes. As a result, current year expenses for clean-up exceeded the investment income (the only revenue in the fund).

The Public Improvement fund (2450) increased net assets by \$312,000 (change in fund balance of \$228,733 plus the portion of the operating transfer to cover debt principal payments of \$83,000). Since there were no capital improvement projects financed by the fund in 2010, the rent collected resulted in the increase.

### **Revenues:**

Revenues increased by 2.6% in 2010. The majority of the variance is in program grants and contributions and program capital grants.

### Program operating grants and contributions:

Program grant revenue increased with the receipt of \$4.7 million in American Recovery and Reinvestment Act (ARRA) funds. In 2009, the County received \$926,000 in ARRA funding. The majority of the ARRA funds received in 2010 were in the Workforce Investment Act funds (2740 – 2749) for training programs for dislocated workers. In addition, the Weatherization program received \$384,000 to improve the homes of eligible clients. \$578,000 was received for the Energy Efficiency and Conservation Block Grant. The grant funded a traffic light study on U.S. 31 and energy audits for other municipalities within the County and certain private industries.

### Program capital grants and contributions

These revenues vary depending on the number and scope of capital improvement projects. 2009 includes \$1.8 million primarily from the Michigan Natural Resources Trust Fund used towards the acquisition of the Olive Shores property. The property acquisition is 13.2 acres and includes 538 feet of Lake Michigan frontage. The Parks and Recreation department also received \$200,000 in donations for the Hemlock Crossing Nature Education Center. In 2010, a portion of the Energy Efficiency and Conservation Block Grant (\$451,000) funded capital improvements at County owned facilities. In addition, the Parks and Recreation department received \$447,000. \$200,000 of that

total was the final payment from the Michigan Natural Resources Trust Fund used towards the acquisition of the Olive Shores property. In addition, the County also received \$28,000 from the State of Michigan for the Mount Pisgah improvement project and donations of \$151,000 for the nature education center and Holland Country Club property.

Property taxes

Taxes decreased by \$1.3 million or 3.14% which is consistent with the decrease in taxable value of 4.05%. The percentage decrease of actual revenue is smaller than the percentage decrease in taxable value because the levy for E-911 and Parks was based on the 2009 taxable value which was 1.21% higher than the previous year.

**Expenses:**

Expenses as a whole increased \$792,000 or less than 1%. Overall, expenses did not increase to the same degree as revenues because 2010 expenses were reduced by \$3.5 million more due to lower claims activity in the Internal Service funds than in 2009. Factoring this out, expenses would have increased by 3.3%. The table below shows the effect on the major expense categories:

<b>Function</b>	<b>2010 Expenses</b>	<b>2010 IS Fund Allocation</b>	<b>2010 Expenses less IS Fund Allocation</b>	<b>2009 Expenses</b>	<b>2009 IS Fund Allocation</b>	<b>2009 Expenses less IS Fund Allocation</b>
Judicial	\$13,855,839	(\$216,731)	\$14,072,570	\$14,519,351	\$180,595	\$14,338,756
General Government	16,425,170	(249,241)	\$16,674,411	17,110,266	261,543	\$16,848,723
Public Safety	28,915,634	(399,248)	\$29,314,882	29,113,616	555,053	\$28,558,563
Health & Welfare	63,386,274	(604,406)	\$63,990,680	60,438,578	767,075	\$59,671,503

*IS - Internal Service*

Judicial

Judicial expenses are down slightly (1.9%) due mainly to lower indigent legal expenses. The prior year had four large murder cases as well as appeals in a high profile murder case.

General government

After eliminating the activity of Internal Service funds, general government expenses decreased by \$174,000 or 1.0%. The main reason for the decrease is the demolition of the prior Grand Haven building in 2009 for which there was a loss of \$728,000. However, 2010 reflects a full year of depreciation on the Grand Haven Courthouse versus a partial year in 2009 (\$224,000). The remainder of the difference may be attributed primarily to the EECBG grant which included \$578,000 in general government expenses in 2010.

Public safety

After eliminating the activity of Internal Service funds, public safety expenses increased by \$756,000 or 2.6%. The modest increase in expenses is due to staff changeover, changing the scheduled hours of certain positions to 84 hours per pay period and increases in health insurance and retirement costs.

Public works

These expenses can vary significantly by year. In 2009, a more aggressive remediation schedule was implemented for the landfill, increasing the liability by \$866,000. An additional increase in the liability was incurred in 2010, but the increase was only \$205,000. However, general clean-up costs

of the landfill also increased \$111,000 in 2010.

Health and Welfare

After eliminating the activity of Internal Service funds, health and welfare expenses increased by \$4.3 million or 7.2%.

Fund	Fluctuation
Mental Health (2220)	\$1,241,684
Workforce Investment Act Funds (2740 - 2749)	2,597,781
Community Action Agency/Weatherization (2870/2890)	780,332

In the Mental Health fund, client care expenditures because the number of adult consumers with a mental illness living in residential settings increased from 12 in 2009 to 23 in 2010. As mentioned under program grants and contributions, funding for the Workforce Investment Act increased primarily due to American Recovery and Reinvestment Act (ARRA). These funds were used primarily for training of displaced workers. Likewise, funding for Community Action Agency and Weatherization programs also increased due to ARRA. These funds were used for utility assistance/ other housing needs and home weatherization projects for eligible clients.

Culture and Recreation

Expenses for Culture and Recreation increased \$169,000 or 6.0%. Most of this increase is in personnel services due to fewer vacancies and higher insurance and retirement costs.

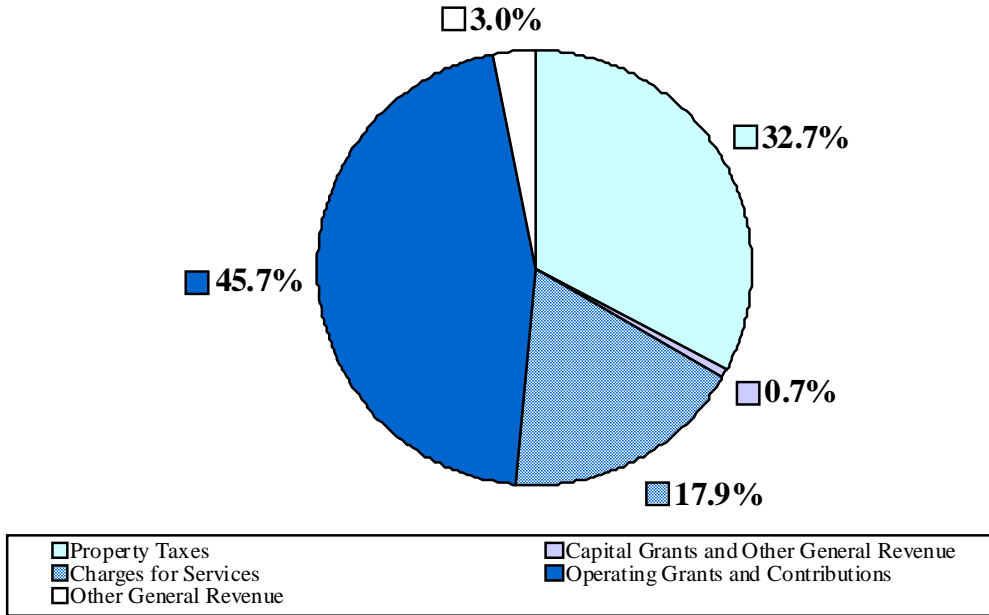

Interest on long-term debt

Interest on long-term debt decreased 7.8%. Interest payments decline over time with the payment of principal.

The graph below summarizes revenues and expenses by category.

### Revenues by Source - Governmental Activities

### Business-type Activities

Business-type activities decreased the County’s net assets by \$455,504 which was expected. The revenues for the business-type activities are penalties and interest on delinquent taxes, proceeds from tax sales, and investment income. Since the amount of delinquencies is decreasing, the penalties and interest earned is also decreasing. The majority of the expenses represent rent payments to the Ottawa County Building Authority (blended component unit). These payments cover principal and interest payments on several bond issues.

### Program Revenues and Expenses - Business-type Activities

### Revenue by Source - Business-type Activities

### Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

*Governmental funds.* The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$49,910,676, a decrease of nearly \$3.3 million in comparison with the prior year. The main reason for the decrease is the planned use of fund balance in the Revenue Sharing Reserve Fund for operations in the General Fund. Approximately 86% percent of this total amount (\$42.7 million) constitutes *unreserved fund balance*, which is available for spending at the government's discretion. The remainder of fund balance is *reserved* to indicate that it is not available for new spending because it has already been committed 1) due to legal restrictions (\$5,770,036), 2) to generate income to pay for perpetual cemetery care (\$5,770), 3) to provide a long term advance to component units and other funds (\$325,000) or 4) for other restricted purposes (\$1,115,354).

The General Fund (1010) is the chief operating fund of the County. At the end of the current fiscal year, unreserved fund balance of the General Fund was \$15,494,084, while total fund balance was \$17,979,501. As a measure of the General Fund's liquidity, it may be useful to compare unreserved fund balance to total fund expenditures and transfers. Unreserved fund balance represents 26 percent of total General Fund expenditures.

The fund balance of the County's General Fund increased by \$1,266,544 during 2010. During the 2010 budget process, the County had planned to transfer \$1 million from the Stabilization fund (2570), but this amount was not required for operations and was not transferred. Consequently, the 2010 results are exceptionally good. Overall, revenues came in slightly better than anticipated. Revenue in the Register of Deeds office came in \$423,000 higher than anticipated due to continued low interest rates. The County also implemented the results of a user fee study and Court user fee

study.

Likewise, expenditures came in significantly lower than anticipated. Like most governments, the County's resources are becoming more scarce. As a result, the County Board is increasingly conservative in regards to funding new initiatives and expansions, allowing the County to essentially maintain its service levels without interruption. One example of this conservatism is that of the \$767,000 budgeted for contingencies, only \$357,000 was used in 2010. The transfer to the Health department was reduced by \$800,000 due to lower than anticipated expenditures funded by the General Fund. This is a non-recurring grant. Personnel expenditures were \$553,000 lower than anticipated because there were more vacancies than planned in the budget process.

The Parks and Recreation fund (2081) has a total fund balance of \$5.39 million, which is an increase of \$421,000. The Parks and Recreation department is undergoing a period of growth and development with the help of a .33 property tax millage approved for park acquisition and development. Accordingly, the fund balance of the fund will vary from year to year with land acquisitions and capital improvement projects. In 2010, the department made \$1.6 million in land purchases and capital improvements to County parks. Some of these were partially grant funded, which positively impacted fund balance.

The fund balance of the Health fund (2210) remained steady since the unused operating transfer is now returned to the General Fund. The fund balance of the Mental Health (2220) and Stabilization (2570) funds also remained steady.

### **General Fund Budgetary Highlights**

The original revenue and expenditure budgets (including transfers in/out) for the General Fund (1010) were \$60,937,744 and \$61,384,728 respectively. The amended revenue budget was \$60,709,681, and the amended expenditure budget was \$59,510,829.

#### Revenues

The revenue budget decreased overall by less than 1% during the year. The budget for intergovernmental revenue was increased by \$109,000 during the year. The majority of the increase is for adjusted grant awards and contracts for policing services to other municipalities (\$141,000). Some of the grants were not completely spent at year end (\$61,000). However, during 2010, the County received equipment under a Homeland Security Grant. A budget was not established for the value of the equipment so it is over budget by \$256,000. The revenue is also under budget because actual receipts for Court Equity funding from the State of Michigan fell \$57,000 short of the budget. The remaining variances are spread across several sources.

The budget for charges for services revenue was increased by \$219,000 in total. The budgets for real estate transfer taxes and recording fees collected by the Register of Deeds office was increased \$253,000 due to the increased refinancing in response to low interest rates. In addition, the budget for miscellaneous court costs in the District Court was increased by \$107,000 to reflect the change in fee structure in connection with the user fee study. However, court cost revenue in the Clerk's office was reduced \$85,000 due to increased fee waiver due to economic hardship. The remaining budget variance is spread across several departments.

The budget for interest on investments was increased by \$329,000. However, when the adjustment was done, some of the year end adjusting entries were not reflected in the estimates, resulting in the

shortfall.

The budgets for rental income were reduced in several of the County's buildings due to lower than anticipated building costs. The budget for other revenue was increased by \$288,000. The budget for other revenue in the Register of Deeds office was increased to reflect revenue collected through web transactions. A budget of \$90,000 was also established for foundation grants for the legal self-help center. However, the program was mostly delayed into 2011, so the revenue is under budget.

The largest amendment to the General Fund revenue budget was to eliminate the budget for the \$1 million transfer from the Stabilization fund (2570) discussed earlier. However, the fund balance of funds that will be eliminated in 2011 pursuant to the implementation of Governmental Accounting Standards Board statement #54, Fund Balance Reporting and Governmental Fund Type Definitions, was not reflected in the amended budget.

### Expenditures

The budget for expenditures decreased \$1.87 million in total, and expenditures as a whole were \$672,000 under budget. Judicial expenditures came in \$228,000 under budget. The largest area of variance was for the legal self-help center discussed under other revenue. The remaining budget to actual variance is spread across several judicial programs. The budget for general government expenditures was reduced by \$265,000. As discussed under rental income, budgets in several building and grounds departments were reduced by \$229,000 as various operational costs – especially utilities – came in lower than anticipated. However, the adjustments proved conservative, and building and grounds departments were \$148,000 under budget. In addition, the budget for Survey and Remonumentation was reduced by \$68,000 to match the grant award. The remaining budget and actual variances are spread across several general government programs.

Public works budgets were reduced by \$118,000, primarily because the Park West drain project has been delayed, so the County was not assessed for it in 2010. The budget for public safety expenditures was decreased by \$126,000. Small equipment needs are difficult to predict and the average daily population at the jail was lower than anticipated, so certain operational supplies budgets were also reduced (\$226,000). During 2010, the County received equipment under a Homeland Security Grant. A budget was not established for the value of the equipment so it is over budget by \$256,000. The remaining public safety variances are spread across several departments and accounts.

Other governmental functions, as mentioned previously, decreased due to lower than anticipated use of contingency, and budget was adjusted for that before year end. The operating transfers out budget was decreased by \$613,000. The transfer to the Health fund was adjusted near year end to reflect lower than anticipated expenditures (\$800,000). However, during 2010, a budget of \$157,000 was established to the Ottawa County Building Authority Capital Projects fund for remaining construction on the Grand Haven facility. The remaining budget and actual variances are spread across several accounts.

### **Capital Asset and Debt Administration**

**Capital assets.** The County's (primary government) investment in capital assets as of December 31, 2010, amounted to \$132,510,243 (net of accumulated depreciation). This investment in capital assets includes land and land improvements, buildings and improvements, machinery and equipment, and park facilities. The County's total investment in capital assets for the current fiscal year decreased by 2% due to depreciation.

Major capital asset events during the current fiscal year included the following:

- In connection with the Energy Efficiency and Conservation Block Grant, County heating, ventilation, and air conditioning systems were replaced at several County facilities (\$451,000).
- Approximately \$1.6 million was spent on various land acquisition and park improvement projects for the Park system. Of this amount, \$888,000 was spent on the purchase of three properties. The remainder was spent on various park improvement projects.

**County of Ottawa's Governmental Activities Capital Assets**  
(net of depreciation)

	2010
Land	\$45,909,750
Land improvements	10,257,735
Buildings and improvements	70,959,491
Machinery and equipment	5,383,267
	\$132,510,243

Additional information on the County's capital assets can be found in note III.C on pages 79-81 of this report.

**Long-term debt.** At the end of the current fiscal year, the County had total general obligation bonds outstanding of \$145,253,700. Of this amount, \$144,734,501 of the bonds are backed by the County's full faith and credit.

**County of Ottawa's Outstanding Debt**  
General Obligation Bonds

	Primary Government	Component Units	Total
General obligation bonds	\$15,430,000	\$104,373,700	\$119,803,700
General obligation bonds - Refunding	7,645,000	17,805,000	25,450,000
<b>Total</b>	<b>\$23,075,000</b>	<b>\$122,178,700</b>	<b>\$145,253,700</b>

The County's total general obligation bonded debt increased by \$11.6 million (7.6 percent). Debt from prior issues was reduced by \$13.8 million as planned. Ottawa County Public Utilities (component unit) issued \$24,895,000 in new debt during 2010. The Ottawa County Drain Commissioner issued \$495,000 in new bonds during 2010 for the Munn drainage district.

The Ottawa County Drain Commissioner has various notes payable for which the benefiting drainage district has pledged its full faith and credit. During 2010, the Drain Commissioner issued \$1,164,000 in new notes payable. The Drain Commissioner also reduced existing notes by \$7,600 and paid off a bond anticipation note of \$90,000 as planned.

The County has a “AAA” rating from Fitch on general obligation limited tax bonds. Moody’s bond rating is “Aaa” for general obligation unlimited and limited tax bonds. Standard and Poor’s bond rating is “AA” for general obligation unlimited and limited tax bonds.

State statutes limit the amount of general obligation debt a governmental entity may issue to 10 percent of its total assessed valuation. The current (2010) debt limitation for the County is \$1,099,087,485, which is significantly in excess of the County’s outstanding general obligation debt. Additional information on the County’s long-term debt can be found in note III.F on pages 87-90 of this report.

### **Economic Factors and Next Year’s Budgets and Rates**

The following factors were considered in preparing the County’s budget for the 2011 fiscal year:

- The County’s tax base has begun to feel the effects of the economic downturn. The change in taxable value went from 3.27% in 2008, 1.21% in 2009 and (4.05%) in 2010 and is projected to be (2.15%) for 2011. The County anticipates taxable value to continue on a negative track for fiscal year 2012 (1.0%).
- On the positive side, the County’s operating levy is 3.6 mills which is the same rate as last year. More impressive, the County’s millage rate is one of the lowest county millages in the State of Michigan. In fact, the County does not levy its maximum authorized levy to alleviate taxpayer burden. The County still has a cushion of .665 mills which provides an additional \$6.4 million the County may access with a vote of the Board of Commissioners.
- The unemployment rate for the County was 11.0% for 2010, which is lower than 2009 (12.3%). Ottawa County continues to feel the effects of the automotive industry and general downturn in the economy. However, the County has also been selected as the site for two lithium ion battery plants which are expected to bring 700 new jobs to the area. In addition, an Agricultural Renaissance Zone was established for Request Foods and a Renewable Energy Renaissance Zone designation extended for Energetx Composites. These projects will result in approximately 1,250 new jobs in the County.
- Between 2000 and 2010 Ottawa County had an annual average population growth rate of 1.04%, higher than the state or the nation.
- Inflationary trends in the region compare favorably to national indices.

Highlights of the 2011 budget are as follows:

- Reduction in the tax levy of 16% over the maximum allowable levy
- The budget reflects a net decrease in full time equivalents funded by the General Fund
- Includes \$2.1 million in new equipment
- Includes contingency of \$660,483
- The budget does include a fund balance use for operations. However, the County will continue to meet its financial goal of maintaining a General Fund undesignated fund balance that is at least 10% of the prior year’s audited expenditures. Currently, fund balance is kept at the maximum of

the County adopted policy of 15%.

### **Requests for Information**

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to: Fiscal Services Director, 12220 Fillmore Street, Room 331, West Olive, Michigan, 49460.

**County of Ottawa  
Statement of Net Assets  
December 31, 2010**

**County of Ottawa**  
**Reconciliation of Fund Balances on the Balance Sheet**  
**for Governmental Funds to Net Assets**  
**of Governmental Activities on the Statement of Net Assets**  
**December 31, 2010**

Fund balances - total governmental funds	\$49,910,676
--	--------------

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources, and therefore are not reported in the funds.

Add: capital assets used in the operation of governmental funds	170,078,697
Subtract: accumulated depreciation	(39,633,094)

The net pension asset, a long-term asset, is not recorded in the funds.	1,780,310
---	-----------

The net other post employment benefits asset, a long-term asset, is not recorded in the funds.	469,814
--	---------

Internal service funds are used by management to charge the costs of certain activities, such as insurance and other centralized costs, to individual funds on a cost reimbursement basis. The assets and liabilities of internal service funds are included in governmental activities in the statement of net assets.

Add: net assets of governmental activities accounted for in internal service funds	32,657,693
--	------------

Certain revenue that was earned and accrued in the current period but not received after 60 days is not recognized in the fund statement but recognized under full accrual.	2,169,385
---	-----------

Certain liabilities, such as bonds payable, are not due and payable in the current period, and therefore are not reported in the funds.

Subtract: bonds payable	(23,075,000)
Subtract: landfill reclamation	(3,313,805)
Subtract: capital lease payable	(47,391)
Subtract: compensated absences	(2,852,826)
Subtract: accrued interest payable	(172,311)

Amortization of bond issue costs and premiums are not recorded in the governmental funds, but are netted against long-term liabilities on the Statement of Net Assets

Subtract: unamortized bond premium	(486,300)
Add: unamortized bond issuance costs	770,981

Net assets of governmental activities	\$188,256,829

The accompanying notes are an integral part of the financial statements.

**County of Ottawa**  
**Reconciliation of the Statement of Revenue, Expenditures**  
**and Changes in Fund Balances**  
**of Governmental Funds to the Statement of Activities**  
**For the Year Ended December 31, 2010**

Net change in fund balances - total governmental funds (\$3,265,758)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Add: capital outlay	2,556,903
Subtract: depreciation expense	(4,852,939)
Subtract: net book value of disposed capital assets in governmental funds	(73,500)

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.

Add: principal payments on long-term liabilities	2,031,400
Subtract: increase in landfill reclamation liability	(205,852)
Subtract: increase in compensated absences liability	(15,971)

Accrued interest expense on bonds and the amortization of bond issuance costs, premiums, and deferred losses are not recorded by governmental funds, but are reported as interest and fiscal charges for government-wide financial statements.

Add: decrease in accrued interest payable	13,412
Subtract: amortization of bond issue costs and deferred refunding loss	(75,392)
Add: amortization of premiums on bonds	56,241

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the fund statements, but rather are deferred to the following fiscal year

Subtract: net change in Health Department revenues	(59,430)
Subtract: unearned training grant revenue	(33,719)
Add: net change in receivable for Community Corrections programs	157,099
Add: net change in receivables for the Survey and Remonumentation expedited program	259,078

Changes in the net pension and other post employment benefits assets are not recorded in the fund statements

Subtract: decrease in the net pension asset	(43,986)
Subtract: decrease in the net other post employment benefits asset	(3,266)

Internal service funds are used by management to charge the costs of certain activities, such as insurance and other centralized costs, to individual funds. The net revenue (expense) of internal service funds is reported with governmental activities.

Add: net increase in net assets from the governmental activities accounted for in internal service funds	3,815,064
--	-----------

Change in net assets of governmental activities	\$259,384
---	-----------

## Notes to the Financial Statements

For the Year Ended December 31, 2010

---

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Ottawa, Michigan (the "County") was incorporated in 1837 and covers an area of approximately 565 square miles with the County seat located in the City of Grand Haven. The County operates under an elected Board of Commissioners (11 members) and provides services to its estimated 263,801 residents in many areas including law enforcement, administration of justice, community enrichment and development and human services.

The financial statements of the County have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

#### A. Reporting entity

The accompanying financial statements present the County (the primary government) and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the County's operations, so data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County.

#### Blended Component Units

**The Building Authority** is governed by a three-member board appointed by the Ottawa County Board of Commissioners. Its sole purpose is to finance and construct the County's public buildings. It is reported in the appropriate fund categories of Debt Service and Capital Projects and has a December 31 year-end. A separate report is not prepared for the Building Authority.

**The Ottawa County, Michigan Insurance Authority** is a separate legal entity organized for the purpose of providing insurance coverage and risk management and related services to public entities in the County of Ottawa, Michigan pursuant to State of Michigan Act No. 36 of the Public Acts of 1988. The governing board consists of one appointed and four elected officials of the County and one appointed official from each other participating public entity. The County and the Building Authority are currently the only participating entities. The Insurance Authority is reported in an internal service fund and has a December 31 year-end.

Complete financial statements for the Insurance Authority can be obtained from:

# COUNTY OF OTTAWA, MICHIGAN

West Olive, MI 49460

#### Discretely Presented Component Units

**The Ottawa County Road Commission** was established pursuant to the County Road Law (MCL 224.1). The governing board is appointed by the Ottawa County Board of Commissioners. The Road Commission deposits receipts with and has investments through the County. It may not issue debt or levy a tax without the approval of the County Board of Commissioners. If approval is granted, Road Commission taxes are levied under the taxing authority of the County, as approved by the County electors, and would be included as part of the County's total tax levy. The Road Commission has a September 30 year-end.

**The Ottawa County Central Dispatch Authority** is governed by an eight-member board with two members appointed by the County's Board of Commissioners. It is financially accountable to the County as a result of fiscal dependency. It cannot levy taxes or issue bonded debt without approval of the County. It operates in facilities and with equipment partially financed through the Building Authority. The services provided cover all County residents and the County levies a property tax of up to one-half mill to finance the operations of the Dispatch Authority. The Dispatch Authority has a December 31 year-end.

**The Ottawa County Public Utilities System's** governing board is appointed by the Ottawa County Board of Commissioners. The Public Utilities System deposits receipts with and invests through the County. It is fiscally dependent upon the County because the County Board must approve debt issuances of Public Act 342 bonds. The Ottawa County Public Utilities System has a December 31 year-end.

Complete financial statements for the Road Commission and the Public Utilities System can be obtained from:

Finance Director  
Ottawa County Road Commission

#### A. Reporting entity (continued)

Complete financial statements for the Dispatch Authority can be obtained from:

Director  
Ottawa County Central Dispatch Authority  
12101 Stanton Street  
West Olive, MI 49460

**Ottawa County Office of the Drain Commissioner** drainage districts established pursuant to the Drain Code of 1956 are separate legal entities, with the power to contract, to sue and be sued, to hold, manage and dispose of real and personal property, etc. The Office of the Drain Commissioner is considered to be a component unit of the County because the County has the ability to significantly influence operations and has accountability for fiscal matters. Specifically, the County Board of Commissioners formally approves the Drain Commissioner's budget (as submitted) and all financial management functions are performed by the County. The statutory drainage board of Chapter 20 drainage districts consists of the Drain Commissioner, the Chair of the County Board of Commissioners and one other member of the Board of Commissioners. The statutory drainage board of Chapter 6 and 21 drainage districts consists of the State Director of Agriculture and the Drain Commissioner of each county involved in the project. The Drain Commissioner has sole responsibility to administer the drainage districts established pursuant to Chapter 4 and 8 of the Drain Code. The drainage board or Drain Commissioner, on behalf of the drainage district, may issue debt and levy special assessments authorized by the Drain Code without the prior approval of the County Board of Commissioners. The full faith and credit of the County may be given for the debt of the drainage district.

**The Ottawa County Land Bank Authority** was established pursuant to the Michigan Land Bank Fast Track Act, 2003 P.A. 258, 124.751 and the intergovernmental agreement by and between the Michigan Land Bank Fast Track Authority and the Treasurer of the County of Ottawa. The governing board consists of the Treasurer of the County of Ottawa and eight additional members appointed by the Ottawa County Board of Commissioners. The Authority has the power to contract, to sue and be sued, to hold, manage and dispose of property, etc. Although funding for the Authority is designed to come from the eventual sale of properties, the County Board has enabled the Authority to borrow up to \$50,000 from the County's Delinquent Tax Revolving fund as needed, interest free. The Land Bank Authority has a December 31 year-end. As of December 31, 2010, no financial activity has been made by the Authority.

Complete financial statements for the Office of the Drain Commissioner can be obtained from:

# COUNTY OF OTTAWA, MICHIGAN

West Olive, MI 49460

#### B. Funds with Other Year Ends

The financial statements of the Friend of the Court, 9/30 Judicial Grants, Health, Mental Health, Transportation System, Prosecuting Attorney Grants, Sheriff 9/30 Grant Programs, Sheriff Contracts, Sheriff Road Patrol, Workforce Investment Act - 9/30 Grant Programs, Grant Programs - Pass Thru, Emergency Feeding, Federal Emergency Management Agency, Community Corrections, Community Action Agency, Department of Human Services, Child Care – Circuit Court and Child Care - Social Services funds (included with Governmental Funds and reflecting total assets and revenues of 18.77% and 44.61%, respectively, of the Governmental Fund totals) and the Protected Self-Funded Insurance-Mental Health Fund (included with Internal Service Funds and reflecting total assets and revenues of 3.51% and 0.00%, respectively, of the related fund type totals) have been included in the accompanying 2010 financial statements using their fiscal year ended September 30, 2010.

The financial statements of the Workforce Investment Act – Administrative Cost Pool, Workforce Investment Act - Youth, Workforce Investment Act – Adult, and Workforce Investment Act - 6/30 Grant Programs funds (included with Governmental Funds and reflecting total assets and revenues of 1.18% and 4.62%, respectively, of the Governmental Fund totals) have been included in the accompanying 2010 financial statements using their fiscal year ended June 30, 2010.

The financial statements of the Weatherization and the Workforce Investment Act-3/31 Grant Programs funds (included with Governmental Funds and reflecting assets and revenues of .19% and .56%, respectively, of the Governmental Fund totals) have been included in the accompanying 2010 financial statements using their fiscal year ended March 31, 2010. The remaining funds have been included in the accompanying financial statements using their fiscal year ended December 31, 2010.

Interfund balances, due to/from account balances, indirect expense allocations, as well as transfers, do not agree across all funds due to the different year ends reported in these financial statements.

# COUNTY OF OTTAWA, MICHIGAN

## Notes to the Financial Statements

For the Year Ended December 31, 2010

---

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Government-wide and fund financial statements (continued)

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. However, exceptions to this general rule are charges between enterprise functions and other various functions of the government and interfund balances remaining due to the different year ends reported in the funds. Elimination of these charges would distort costs and program revenues for the various functions concerned. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable. The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Indirect expenses* are charged based upon a County-wide cost allocation plan which allocates costs based upon the number of full time equivalents, number of transactions, and other pertinent information. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### D. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund statements. The fiduciary fund financial statements are reported using the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. After March 1 of the following year, the Delinquent Tax Revolving Fund pays the County for any real outstanding taxes as of that date. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

# COUNTY OF OTTAWA, MICHIGAN

## Notes to the Financial Statements

For the Year Ended December 31, 2010

---

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Measurement focus, basis of accounting, and financial statement presentation (continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, landfill closure costs and compensated absences are recorded only when payment is due.

Intergovernmental revenue, charges for services, grants and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The County considers these to be available if received within 180 days of year end. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

*Parks and Recreation Fund (2081)* – This fund was established for the development, maintenance, and operation of Ottawa County parks. Funding is provided by State grants and user charges. A millage of .33 mills to support this fund was re-approved by the County electorate during 2006 for ten years and expires in 2016.

*Health Fund (2210)* – This fund is used to account for monies received from Federal, State, and local grants and County appropriations. These monies are utilized in providing a variety of health-related services to County residents.

*Mental Health Fund (2220)* – This fund is used to account for monies to provide mental health services within the County. Monies are provided by Federal, State, and County appropriations, contributions, and charges for services.

*Stabilization Fund (2570)* – This fund was established to assure the continued solid financial condition of the County in case of emergency.

# COUNTY OF OTTAWA, MICHIGAN

## Notes to the Financial Statements

For the Year Ended December 31, 2010

---

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Measurement focus, basis of accounting, and financial statement presentation (continued)

The County reports the following major proprietary fund:

*Delinquent Tax Revolving Fund (5160)* – This Enterprise Fund is used to pay each local governmental unit, including the County General Fund, the respective amount of delinquent taxes not collected as of March 1 of each year. Financing is provided by subsequent collection of delinquent property taxes by the County Treasurer.

Additionally, the County reports the following fund types:

*Special Revenue Funds* are used to account for revenue from specific revenue sources (other than fiduciary or major capital projects) and related expenditures which are restricted for specific purposes by administrative action or law. The *Debt Service Fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The *Capital Projects Fund* accounts for construction projects of the Building Authority.

The *Permanent Fund* is used to record the activity of the Cemetery Trust which provides funds for perpetual care of cemetery lots.

*Internal Service Funds* account for data processing, equipment purchases, and insurance coverage provided to County departments on a cost reimbursement basis.

The *OPEB Trust Fund* is used to account for the activity of the County's other post employment benefits program.

*Agency Funds* are used to account for assets held on behalf of outside parties, including other governments. The majority of the balances in the Agency funds represent payments collected on behalf of the State of Michigan and other governmental agencies.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

# COUNTY OF OTTAWA, MICHIGAN

## Notes to the Financial Statements

For the Year Ended December 31, 2010

---

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Measurement focus, basis of accounting, and financial statement presentation (continued)

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Delinquent Tax Revolving enterprise fund are interest and penalties on delinquent taxes. The principal operating revenues of the County's internal service funds are charges to County departments for equipment amortization and insurance coverage. Operating expenses for the enterprise fund include costs associated with the collection of delinquent taxes and rent payments for certain County facilities designed to pay the debt obligations of the related bond issue. Operating expenses for the internal service funds include the cost of services (including premiums and claims), administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### E. Assets, liabilities, and net assets or equity

##### 1. *Cash and pooled investments*

For purposes of the statement of cash flows, the County considers all assets held in the cash and investment pool to be cash equivalents because the investments are not identifiable to specific funds and the assets can be withdrawn at anytime, similar to a demand deposit account. The investments of the County investment pool consist primarily of U.S. treasuries, U.S government agency securities, commercial paper, certificates of deposit, local government investment pools, and mutual funds.

Investments of the Insurance Authority and Other Post Employment Benefit Plan trust consist of U.S. government and U.S. government agency securities and corporate securities. All investments are recorded at fair value.

##### 2. *Receivables, payables and due from other governments*

During the course of operations, numerous transactions occur between individual funds and/or between the primary government and component units for goods provided or services rendered. These receivables and payables are classified as "due from other funds/component units" or "due to other funds/component units" on the balance sheet. Short-term interfund loans are classified as "interfund receivables/payables".

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**E. Assets, liabilities, and net assets or equity (continued)**

**2. *Receivables, payables and due from other governments (continued)***

Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Property taxes for general County operations are levied as of July 1 (lien date) on property values assessed as of the same date. Property taxes for Parks and the Ottawa County Central Dispatch Authority are levied December 1 (lien date) on property values assessed as of the same date. The taxes levied December 1 are due on February 14 of the following year and taxes levied July 1 are due on September 14 after which the applicable property is subject to penalties and interest.

Other accounts receivable is shown net of the allowance for estimated uncollectibles. For the Mental Health receivables, an allowance of \$313,647 has been established. For the jail and inmate housing receivable and various other receivables an allowance of \$779,695 has been established.

Due from other governments due after one year consist of the long-term portion of loans made to local units. During 2010, no new loans were issued. However, during 2006, the County provided \$500,000 to Coopersville Township for infrastructure projects out of the County’s Infrastructure Revolving Loan Fund Program. This loan will be repaid over 10 years, at 3% interest, with the Township’s obligated funds for major roads.

During 2005, the County provided \$950,000 to Tallmadge Township for infrastructure projects out of the County’s Infrastructure Revolving Loan Fund Program. This loan will be repaid over 10 years, at 3% interest, with the Township’s Water and Sewer Fund dollars.

These loans are recorded in the non major special revenue Infrastructure fund (2444). As of December 31, 2010, the gross amount of these outstanding loans reported in governmental funds was \$811,804. No allowance has been established for these loans.

**3. *Advances to other funds***

Noncurrent portions of long-term interfund loans receivable in governmental funds are reported as advances and are offset by a fund balance reserve account which indicates that they do not constitute expendable available financial resources and therefore are not available for appropriation.

# COUNTY OF OTTAWA, MICHIGAN

## Notes to the Financial Statements

For the Year Ended December 31, 2010

---

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### E. Assets, liabilities, and net assets or equity (continued)

##### 4. Inventories and prepaids

Inventories are valued at cost on the first-in / first-out (FIFO) method. Inventories are recorded as expenditures when consumed rather than when purchased. Payments made to vendors for services that will benefit periods beyond a fund's fiscal year-end are recorded as prepaid in both government-wide and fund financial statements.

##### 5. Restricted Net Assets

The fund balance of the Parks and Recreation Fund (Special Revenue Fund 2081) is comprised mainly of unused revenue from a specially designated tax levy. Hence, the entire \$5,388,610 is restricted. In addition, Under Act 136, Public Acts of 1956 (Sections 141.261-141.263, Compiled Laws of 1979), the fund balance of the Public Improvement Fund (Special Revenue Fund 2450) in the amount of \$3,262,592 is restricted for statutory Public Improvement.

Under Act 30, Public Acts of 1978, the use of the fund balance of the Stabilization Fund (Special Revenue Fund 2570) in the amount of \$8,269,673 is restricted to 1) cover a deficit, 2) prevent a reduction in the level of public services or number of employees in the current or next fiscal year, or 3) cover expenses arising from a natural disaster.

The fund balance of the Revenue Sharing Reserve Fund (Special Revenue Fund 2855) in the amount of \$422,130 is restricted in compliance with Public Act 357 of 2005.

The fund balance of the ROD Technology Fund (Special Revenue Fund 2560) in the amount of \$405,896 is restricted for technology upgrades under Act 698, Public Acts of 2002.

The use of the \$6,418 in fund balance of the Cemetery Trust is restricted to the perpetual care of certain cemetery lots.

The net assets of the Protected Self-Funded Insurance – Mental Health (Internal Service Fund 6782) are restricted for mental health programs (\$1,666,623).

It is the County's policy to spend restricted resources first if it meets the criteria of the restricted net asset and use unrestricted resources when the restricted funds are depleted.

The discretely presented component units also have certain restrictions on net assets. Specifically, the Ottawa County Road Commission has restricted \$2,004,455, for primary and

# COUNTY OF OTTAWA, MICHIGAN

## Notes to the Financial Statements

For the Year Ended December 31, 2010

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### E. Assets, liabilities, and net assets or equity (continued)

local road construction and maintenance. The Drain Commissioner has restricted \$756,198 for debt service, \$481,228 for capital projects, and \$54,706 for general drain maintenance. Last, Ottawa County Public Utilities has restricted \$491,516 for operations and maintenance.

#### 6. *Capital assets*

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental activities column in the government-wide financial statements. For the County, infrastructure exists in the Road Commission and the Drain Commission component units. The capitalization threshold ranges from \$1,000 - \$25,000. Capital assets are defined by the primary government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exists. Donated capital assets are valued at their estimated fair market value on the date received. The amount reported for infrastructure includes assets acquired or constructed since 1980. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

No interest expense has been incurred or capitalized on capital assets reported in proprietary funds. Depreciation of the capital assets (including infrastructure) of the primary government, as well as the component units, is computed using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Land improvements	25
Buildings	25 - 50
Office furniture and equipment	3 - 20
Vehicles	3 - 10
Infrastructure	30

#### 7. *Self-insurance claims incurred but not reported*

At December 31, 2010 the County has several Internal Service funds which account for various uninsured risks. The County is self-insured up to certain limits, which vary by type of risk, and purchases reinsurance to cover claims in excess of those limits. The County records estimates of self-insurance claims incurred but not reported as of December 31 based on historical trend information, claims reported subsequent to year end, actuarial valuations and/or professional judgment. Such estimates are included in accounts payable.

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**E. Assets, liabilities, and net assets or equity (continued)**

**8. *Compensated absences***

Substantially all County employees are granted vacation and sick leave in varying amounts based on length of service. Vacation pay is fully vested when earned and accrued in the government-wide financial statements. Employees are granted varying amounts of sick days annually and may accumulate up to a maximum of 12 to 15 days. Unused sick leave accumulated under the current plan is forfeited upon termination or retirement. Therefore, no liability for unpaid accumulated sick leave is recorded. All employees except judges and elected officials are covered under short and long-term disability benefits if an illness lasts longer than 10 working days or six months, respectively.

Employees who accumulated sick days under the County's prior sick leave policy before moving into the current plan have been allowed to bank up to 120 hours of their sick days accumulated under the prior plan in a holding account at the pay rate in effect when they entered the current plan. Employees' accounts earn interest annually at the average rate earned by the County Treasurer. Employees with at least ten years of continuous service are paid for accumulated sick days in full upon death or retirement and at the rate of 50% of accumulated benefits upon termination for reasons other than death or retirement.

A liability for this amount is accrued and reported in the government-wide financial statements. The County estimates that the maximum liability for unpaid and unused sick leave would be approximately \$441,142 at December 31, 2010 if all employees who accumulated sick leave under the prior plan retired. Only the portion of this liability that has matured is recognized as a current liability. An actuarial estimate of the amount payable to employees upon retirement at December 31, 2010 is \$390,761 and is funded in the Compensated Absences Fund, a Special Revenue Fund, with a corresponding designated fund balance. On the government-wide statements, however, it is included in the non-current portion of long-term obligations.

The County has fully funded its vacation pay liability. The vacation pay expenditure/expense was recorded in each fund, and this amount was transferred and recorded in the Compensated Absences Fund, a Special Revenue Fund, with a corresponding designated fund balance. An adjustment was made at December 31, 2010 to reflect the change in the accumulated balance to \$2,462,065.

Under the Road Commission's personnel policy and contracts negotiated with employee groups, individual employees have a vested right to receive payments for unused vacation and sick leave under formulas and conditions specified in the policy and contracts. Accumulated leave of the general fund is recorded on the statement of net assets and not on the general fund balance sheet because it is not expected to be liquidated with expendable available financial resources.

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**E. Assets, liabilities, and net assets or equity (continued)**

**8. *Compensated absences (continued)***

The Central Dispatch Authority's personnel policy and employment agreements provide employees a vested right to receive payments for unused vacation leave under formulas and conditions specified in the policy and agreements. Accumulated leave of the general fund is recorded on the statement of net assets and not on the general fund balance sheet because it is not expected to be liquidated with expendable available financial resources.

**9. *Deferred compensation plan***

The County, the Road Commission and the Central Dispatch Authority offer to their employees several different deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans are available to County and Dispatch Authority employees with various options and employer contribution requirements depending on which bargaining unit the employee is a member. All plans permit employees to defer a portion of their salary until future years. Participation in the plans is optional. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. The County employee contributions for 2010 were \$2,101,602 and the County match was \$285,935.

All amounts of compensation deferred under the plans, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are held in trust for the exclusive benefit of participants and their beneficiaries.

Investments are managed by the plans' trustees, under one of several investment options, or combination thereof. The choice of the investment option(s) is made by the participants or the investment manager at the option of the employee. As the assets of the trust are managed by the plans trustees, the plan assets are not recorded in the financial statements of the County.

**10. *Employee Retirement Plans***

The County, the Road Commission and the Dispatch Authority have contributory pension plans covering substantially all of their employees. The plans are funded through annual contributions to the Michigan Municipal Employees' Retirement System in amounts sufficient to fund the normal cost of the plans and to amortize prior service cost.

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**E. Assets, liabilities, and net assets or equity (continued)**

***11. Long-term obligations***

In the government-wide financial statements and proprietary fund types in the fund financial statements, the long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. For new bond issuances after the implementation of GASB Statement No. 34, bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

***12. Fund equity***

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change. Details on these reservations and designations follow:

## Notes to the Financial Statements

For the Year Ended December 31, 2010

---

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### E. Assets, liabilities, and net assets or equity (continued)

##### *13. Comparative data/reclassifications*

Presentation of comparative total data for the prior year have been presented when available in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

### II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

#### A. Budgetary information

The General, Special Revenue, Debt Service, Capital Projects, and Permanent Funds are under formal budgetary control.

Formal budgetary integration is employed as a management control device during the year for governmental funds. Formal budgetary integration is not employed for other funds; however, informational summaries are prepared and presented to the Board for consideration for proprietary fund types. The County adopts its budget in accordance with Public Act 621, the Uniform Budgeting and Accounting Act, which mandates an annual budget process and an annual appropriation act to implement the budget. Budgets, as presented for these funds in the accompanying financial statements, were prepared on the modified accrual basis of accounting. The County does not use encumbrances in its accounting system.

The Fiscal Services Director presents the budget requests for the succeeding fiscal year to the County Administrator in August. The Administrator, Fiscal Services Director, and Budget/Audit Manager meet with all department heads during August to review and discuss the requested revenue and expenditures levels. The Fiscal Services Director presents initial budget information to the Board of Commissioners at a work session following the second Board Meeting in August. A proposed budget with balancing options, if required, is presented at the Board of Commissioners Work Session following the first board meeting in September. The preliminary budgets for all funds are presented to the Finance Committee in September and the Board of Commissioners Work Session following the second board meeting in September. A public hearing and formal budget presentation is held at the first Board Meeting in October to provide any county resident with an opportunity to discuss the budget with the Board prior to approval. The budget, and an appropriation ordinance implementing it, is approved by the Finance Committee and forwarded to the Board for approval at the second Board Meeting in October. A separate budget report is then made available to the public.

# COUNTY OF OTTAWA, MICHIGAN

## Notes to the Financial Statements

For the Year Ended December 31, 2010

---

### II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

#### A. Budgetary information (continued)

Budgets for the current year are continually reviewed for any required revisions of original estimates. Proposed increases or reductions in appropriations are presented to the Finance Committee and the Board for their action. The Board amends the general appropriation act as soon as it becomes apparent this action is necessary. The budgetary information as presented herein has been amended by official actions of the Finance Committee and/or County Board of Commissioners.

Transfers of any unexpended budget balance, or any portion thereof, to any other appropriation account may not be made without approval by the Finance Committee with certain exceptions. The Board has delegated authority to the Administrator and Fiscal Services Director to approve budget transfers within a fund if the amount to be transferred does not exceed \$50,000.

Budgetary control over expenditures is maintained on a line item basis by department, which is the legal level of control. A separate budgetary report is prepared which demonstrates compliance at the legal level of control and is available to the public in the County Clerk's office. Expenditures may not legally exceed budgeted amounts and certain Special Revenue Funds expenditures must be in accordance with the respective agreements with Federal and State grantor agencies.

All budget appropriations lapse at the end of each fiscal year unless specific Board action is taken.

#### B. Excess of expenditures over appropriations

Certain funds experienced overages, all of which were immaterial. These expenditures were permitted either because the County was assured of reimbursement from an outside party (grants) or because the funds had sufficient fund balance to cover the overage. In the General Fund, public safety expenditures were over budget due to an equipment grant for which the County received the equipment directly. Since the payment from the granting agency and payment to the vendor did not flow through the County's financial system at the time of receipt, a budget adjustment was not made before year end. Other government functions were over budget due to an invoice received after year end that was not anticipated. Personnel services were over budget in the Parks and Recreation fund due to the implementation of wage study results for which the budget did not get adjusted before year end. Supplies and other services and charges were over budget in the Mental Health fund as certain invoices received after year end were not anticipated.

Commodities donated from the State were recorded after year end in the Emergency Feeding fund, so no budget was established for the activity. Matching donated revenue was also recorded. Compensated Absences fund expenditures fluctuate yearly depending on the number of terminations or retirements, making expenditures difficult to predict and budget.

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

**III. DETAILED NOTES ON ALL FUNDS**

**A. Deposits and Investments**

Deposit and investment balances at year end are as follows:

	<b>Primary Government</b>	<b>Component Units</b>	<b>Total</b>
Cash on hand	\$17,028	\$260	\$17,288
Carrying amount of checking and savings accounts	10,479,811	10,166,802	20,646,613
Carrying amount of certificates of deposit	26,780,958	7,920,482	34,701,440
Carrying amount of investments	50,193,845	20,622,679	70,816,524
Carrying amount of investments - Ottawa County Other Post Employment Benefit Plan	2,879,313		2,879,313
Carrying amount of investments - Ottawa County Insurance Authority	23,958,223		23,958,223
<b>Total</b>	<b>\$114,309,178</b>	<b>\$38,710,223</b>	<b>\$153,019,401</b>
<b>Statement of net assets</b>			
Cash and pooled investments	\$83,352,725	\$38,710,223	\$122,062,948
Investments	23,964,641		23,964,641
<b>Statement of fiduciary assets and liabilities</b>			
Cash and pooled investments	4,112,499		4,112,499
Investments	2,879,313		2,879,313
<b>Total</b>	<b>\$114,309,178</b>	<b>\$38,710,223</b>	<b>\$153,019,401</b>

The County's investments, as well as the investments of Ottawa County Public Utilities handled by the County, are stated at fair value which is determined as follows: (a) securities are priced by FTI, an on-line pricing service, as of the end of each business day and (b) investments that do not have established market values are reported at estimated fair value.

Michigan statutes authorize the County to invest in bonds, other direct obligations and repurchase agreements of the United States, certificates of deposit, savings accounts, deposit accounts or receipts of a bank which is a member of the FDIC, commercial paper, bankers' acceptances of United States banks, obligations of the State of Michigan and its political subdivisions, external investment pools, and certain mutual funds. The County's investment policy, last amended in November of 2010, allows for all of these types of investments.

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

---

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

**A. Deposits and Investments (continued)**

The Ottawa County Other Post Employment Benefit Plan can utilize all investment options allowed for the County as well as equity, corporate securities, and foreign investment. The Ottawa County Insurance Authority investment policy allows for all of the investment types authorized for the County as well as investment grade fixed income securities, common stock of U.S. companies, and foreign investment.

Investments are stated at fair value which is determined as follows: (a) securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates and (b) investments that do not have established market values are reported at estimated fair value.

The majority of the County departments participate in the internal investment pool. However, the following programs/organizations also maintain separate cash and/or investments:

Ottawa County Insurance Authority  
Ottawa County Road Commission  
Ottawa County Public Utilities System  
Ottawa County Central Dispatch Authority  
Ottawa County Building Authority  
Ottawa County Drain Commission Vincent Drain Debt Service  
Ottawa County Drain Commission Nunica Drain Debt Service

The County chooses to disclose its investments by Weighted Average Maturity. As of December 31, 2010, the County had the following investments:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Weighted Average Maturity (years)</u>
Money Market Fund (MMF)	\$19,265,582	N/A
Agency - FHLB	5,197,444	2.6137

In 1998, to comply with Michigan Insurance Bureau regulations, the Ottawa County Insurance Authority transferred certain investments – i.e., U.S. Treasury Notes – to the Michigan Department of Treasury as security for the benefit of the Authority’s policyholders. As these investments mature, they are replaced with comparable investments to maintain a face value balance of \$5.0 million. Such investments held by the State Treasurer as of December 31, 2010 and 2009, are as summarized:

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

*Custodial Credit Risk – Deposits.* Custodial credit risk is the risk that in the event of bank failure, the County’s deposits may not be returned to the County. It is County policy to review and verify a bank’s creditworthiness through a system of ratio analysis and from information provided by several third party sources. The County policy also places maximum limits on percent of portfolio, per issuer and duration. The County places concentration limits on banks based on creditworthiness analysis. As of December 31, 2010, \$46,629,619 of the County’s bank balance (including certificates of deposit) of \$52,054,619 was uninsured and uncollateralized. Deposits of the Ottawa County Road Commission, the Ottawa County Public Utilities and the portion of the Ottawa County Drain commission that are pooled with the County’s (primary government) deposits cannot be separately identified for federal depository insurance purposes.

The Ottawa County Other Post Employment Benefit Plan had no deposits outstanding at year end. The Ottawa County Insurance Authority’s cash in the amount of \$1,263 at December 31, 2010 was FDIC insured. For the Ottawa County Drain Commission, none of the \$111,708 in deposits at December 31, 2010 was exposed to custodial credit risk. For the Ottawa County Central Dispatch Authority, \$2,620,178 of the \$2,870,178 bank balance at December 31, 2010 was exposed to custodial credit risk.

*Custodial Credit Risk – Investments.* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County’s investment policy requires that investment securities be held in third-party safekeeping by an institution designated as primary agent. The policy further states that safekeeping agent follows the procedure of delivery vs. payment. As of December 31, 2010, the County’s \$30,928,263 in treasury investments were held in third-party safekeeping in the County’s name.

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

---

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

**A. Deposits and Investments (*continued*)**

The County also invests in money market funds that have their securities safe kept with a third party selected by the fund manager. However, the fund's securities are held in trust for the participants of the fund and are not available to the fund manager if the fund manager should happen to fail. The County believes this arrangement satisfies the County's investment policy's safekeeping requirement. The short-term investments in money market funds by the Ottawa County Public Utilities system in the amount of \$5,947,426 at December 31, 2010, are unrated and not subject to custodial risk categorization because they do not consist of specifically identifiable securities.

Of the balance of investments for the Ottawa County Other Post Employment Benefit Plan, the County has a custodial credit risk of \$261,241 because the related securities are uninsured, unregistered and held by the County's investment manager which is also the counterparty for these particular securities. With regard to the OPEB trust's mutual fund investments the County's custodial credit risk exposure cannot be determined because the mutual funds do not consist of specifically identifiable securities.

The Ottawa County Insurance Authority's short-term investments in money market funds amounting to \$308,590 at December 31, 2010 are not subject to custodial risk categorization. At December 31, 2010, the Authority did not have any custodial credit risk on its investments.

Credit Risk. State law limits investments in commercial paper to the top two ratings issued by nationally recognized statistical rating organizations with a maximum maturity of 270 days. The County's investment policy further limits its investment choices by limiting the maturity to A-1 270 days. The three money market bank investment pools used by the County are rated Aaa by Moody's, Fitch Ratings or Standard & Poor's. The County's investment policy is silent on the use of rated vs. unrated money market funds. In addition, there is no rating level requirement for those money market funds that are rated.

The investments of the Other Post Employment Benefits Plan in U.S. Government Agency Securities and U.S. and Foreign corporate bonds were rated by Standard & Poors as follows:

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

---

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

**A. Deposits and Investments (continued)**

S&P Rating	Fair Value
AAA	\$315,582
AA+ to AA-	72,354
A+ to A-	123,331
BBB+ to BBB-	65,555
	<u><u>\$576,822</u></u>

As of December 31, 2010, the Ottawa County Insurance Authority's investments in the mortgage-backed bonds of U.S. agencies were rated AAA by Moody's; U.S. treasury notes were rated AAA by Moody's; other U.S. government agencies were rated AAA by Moody's; and U.S. Corporate Asset backed securities were rated AAA by Moody's (exception of \$148,385 unrated). The Authority's investments in corporate bonds were rated by Moody's as follows:

Rating	Fair Value
AAA	\$873,433
AA3	218,583
AA2	177,292
AA1	115,325
A3	363,898
A2	462,342
A1	283,909
BAA3	66,386
BAA2	521,103
BAA1	412,372
	<u><u>\$3,494,643</u></u>

*Concentration of Credit Risk.* The County's investment policy specifies a plan to diversify and set concentration limits to further manage credit risk. The policy sets maximum percentages of the pooled portfolio by investment type with additional maximums by issuer. A minimum of 15% is to be invested in U.S. Treasuries. The policy sets a maximum of 50% in U.S. agencies with a maximum of 20% in any one issuer. Certificates of deposit have a 50% maximum with concentration limits set at 5% of the issuer's net worth.

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

---

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

**A. Deposits and Investments (*continued*)**

At 12/31/2010, the County's investment portfolio was comprised of the following: Treasury Notes (17.3%), FHLB (6.4%), FHLMC (3.7%), and FNMA (10.1%). All investments are in compliance with County's investment policy at 12/31/10.

The County's investment policy for the Other Post Employment Benefit Plan provides for no more than 50% fixed income securities, 70% equities, 20% international securities, 15% commodities and 50% cash and equivalents. Investments at year end comply with policy.

*Interest Rate Risk.* The County does have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The policy sets the maximum maturity by specific type of security and by specific issuer with the maximum of 10 years. The average maturity of the portfolio as a whole may not exceed three years.

*Foreign Currency Risk.* The County's investment policy is silent regarding foreign currency risk. The Ottawa County Other Post Employment Benefit Plan and the Ottawa County, Michigan Insurance Authority have mutual funds with a fair value of \$2,911,035 containing international equities involving numerous currencies. Management believes the County's exposure to foreign currency risk from these equities is immaterial.

**B. Deferred/Unearned Revenue**

Governmental funds report *deferred revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period or for resources that have been received, but not yet earned. The governmental activities column of the statement of net assets reports unearned revenue for resources that have been received, but not yet earned as well as property taxes which have been levied as of year end for use in the next fiscal year.

**COUNTY OF OTTAWA, MICHIGAN**

**Commitments**

At December 31, 2010, the County has \$234,000 in information technology commitments and \$456,000 for various park improvement projects. In addition, under the terms of various Federal and State grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such grants could lead to reimbursement to the grantor agencies. However, the County's management does not believe such disallowances, if any, will be material to the financial position of the County.

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

---

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

**C. Capital assets (continued)**

**Commitments (continued)**

The Ottawa County Public Utilities discrete component unit has commitments for plant and infrastructure improvement projects totaling approximately \$15 million. These commitments are being funded from bond proceeds. The Ottawa County Road Commission discrete component unit has commitments for construction, materials and services totaling approximately \$1.3 million. The Ottawa County Central Dispatch Authority discrete component unit has commitments for communication equipment/upgrades and services totaling approximately \$150,000.

**D. Interfund receivables, payables, and transfers**

The composition of interfund balances as of December 31, 2010, is as follows:

Amounts Due to and from Other Funds

	<u>Due from Other Funds</u>	<u>Due to Other Funds</u>
Primary Government:		
Major Governmental Funds:		
General Fund		\$615,470
Parks and Recreation	\$69,220

(2) move revenues from the fund that is required to collect them to the fund that is required or allowed to expend them.

**E. Leases**

Operating Leases

The County is committed under various leases for building and office space. These leases are considered for accounting purposes to be operating leases. Lease expenditures for the year ended December 31, 2010 amounted to \$381,204. Future minimum lease payments for these leases are as follows:

<u>Year Ending</u>	<u>Amount</u>
2011	\$327,898
2012	265,216
2013	177,325
2014	136,279
2015	90,306
	<u>\$997,024</u>

In addition, the County is a lessor under various operating lease agreements for office space and marinas. The original cost of these assets was \$16,748,013 and the accumulated depreciation totals \$5,863,131 leaving a carrying value of \$10,884,882.

Lease revenue for the year ending December 31, 2010 was \$1,319,703. Future lease revenues for these leases are as follows:

2011	\$718,503
2012	708,574
2013	710,687
2014	653,842
	<u>\$2,791,606</u>

**F. Long-term debt**

The County issues general obligation bonds to provide funds for the construction of water and sewage disposal systems, drains and buildings and to refund previously issued bonds. General obligations have been issued only for governmental activities and component units. The bonds are being repaid generally from funds received from local municipalities in the County, from drain assessments levied, and from lease revenues received by the Building Authority. Under the terms of the bond agreements with local municipalities, the local municipalities have pledged their full faith and credit to pay the County, each year, amounts sufficient to make principal and interest payments on the bonds.

In addition, the County has pledged its full faith and credit for payment on the bonds. The County has not established a reserve or sinking fund to cover defaults by property owners or local units. These bonds generally are issued as 20-year serial bonds with varying amounts of principal maturing each year.

The original issue amount of the primary government's bonds is \$33,170,000. The original issue amount of the Office of the Drain Commissioner's and Ottawa County Public Utilities' bonds are \$581,500 and \$149,963,000, respectively.

In November 2001, the Ottawa County Road Commission issued \$4,500,000 in Public Act 143 bonds for the purpose of constructing a maintenance facility in Holland. The borrowing will be paid from State revenue allocated to the County Road Commission for road purposes. The County did not pledge its full faith and credit for these bonds.

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

**F. Long-term debt (continued)**

*Capital Leases.* During 2007, the County (Primary Government) signed a three year capital lease for conversion software. The software will provide a graphical user interface for Justice System software. The agreement provided financing of \$105,008 for this project. The final payment for the lease was made in 2010.

During 2009, the County (Primary Government) signed a three year capital lease for assessing and tax software. The agreement provided financing of \$70,190 for this project. As of 12/31/10, capital assets of \$51,867 are included in the Statement of Net Assets. The final payment on the lease in the amount of \$23,394 will be made in 2011. In addition, during 2010, the County (Primary Government) signed a three year capital lease for delinquent tax software. The agreement provides financing of \$35,995 for this project. As of 12/31/10, capital assets of \$27,926 are included in the Statement of Net Assets. Terms for this agreement include payments of \$11,998 in 2011 and \$11,999 in 2012.

*Changes in Long-Term Liabilities.* Long-term liability activity for the year ended December 31, 2010 was as follows:

Primary Government

	Beginning of Year	Additions	Reductions	End of Year	Due within One Year
Governmental activities:					
General obligation bonds	\$25,110,000		\$2,035,000	\$23,075,000	\$2,110,000
Landfill reclamation	3,107,953	\$205,852		3,313,805	618,905
Compensated absences	2,836,855	258,711	242,740	2,852,826	2,512,031
Capital lease	79,204	35,995	67,808	47,391	35,392
<b>Total</b>	<b>\$31,134,012</b>	<b>\$500,558</b>	<b>\$2,345,548</b>	<b>\$29,289,022</b>	<b>\$5,276,328</b>

The reporting entity's legal debt margin at December 31, 2010 is \$955,037,311.

Compensated absences are generally liquidated by the Compensated Absences Special Revenue fund. The landfill reclamation liability is liquidated by the Solid Waste Clean-up Special Revenue Fund and the capital lease liability is liquidated by the Homestead Property Tax Fund and the Register of Deeds Technology Fund, both Special Revenue funds.

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

**F. Long-term debt (continued)**

Discretely Presented Component Units

	Beginning of Year	Additions	Reductions	End of Year	Due within One Year
Governmental activities:					
General obligation bonds	\$108,565,467	\$25,390,000	\$11,776,767	\$122,178,700	\$6,211,767
Notes payable	128,000	1,164,000	97,600	1,194,400	195,500
Claims payable	288,945	1,937	277,423	13,459	
Compensated absences	733,865	453,395	299,300	887,960	365,183
Other Post Employment Benefits	297,481	179,277		476,758	
Capital Leases/Installment Purchases	424,283		117,312	306,971	286,973
Total	<u>\$110,438,041</u>	<u>\$27,188,609</u>	<u>\$12,568,402</u>	<u>\$125,058,248</u>	<u>\$7,059,423</u>

*Current year advance refundings.* During fiscal 2010, the Ottawa County Public Utilities System issued \$4,320,000 of general obligation bonds to provide resources to purchase U.S. Government securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments on \$4,095,000 of refunded debt. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the Statement of Net Assets. This advanced refunding was undertaken to reduce total debt service payments by \$484,860, which resulted in an economic gain of \$441,365. As of December 31, 2010, \$2,085,000 of outstanding bonds payable are considered defeased.

**G. Landfill reclamation**

The County owns the Southwest Ottawa County Refuse Disposal Center ("SOCRDC") otherwise known as the Southwest Ottawa County Landfill. Waste Management operated the landfill from the early 1970's until it was closed in 1981. The landfill was closed per the terms of the "1981 closure agreement" between the County and the Department of Natural Resources (DNR). The agreement outlined a plan to cap the landfill and install a pump and carbon filtration system. Waste Management installed the cap in the mid 1980's; the pump and carbon filtration system was built by the County in 1987, as per the terms of the closure agreement. The County has been operating the pump and filter system 24 hours a day, 7 days a week since beginning operation in 1987.

The pump and filter system have not been effective in containing the plume of contaminants in the groundwater down gradient from the landfill. As a result, contaminants have escaped past the outer purge wells and are migrating southwest towards Lake Michigan. Even though the contaminated

**G. Landfill reclamation (continued)**

water meets drinking water standards, the County is providing municipal water to the property owners in the path of the plume, and is working with the local unit of government to place institutional controls on future users moving into the area. The County has completed negotiations with the Michigan Department of Environmental Quality (MDEQ), formerly known as the DNR, with a revised plan to clean up the contamination. The County began work in 2006 to recap the landfill. Enhancing the water filtration system started in 2006 as well, costing \$2,054,852 to date. The total cost of these enhancements could well exceed \$4.7 million dollars. Landfill post closure cost estimates are subject to change based on inflation, deflation, technology or changes to applicable laws or regulations.

The County's estimate of annual operating and maintenance costs and capital improvements for the purge system is as follows:

<u>Year Ending</u>	<u>Estimated Cost</u>
2011	\$618,905
2012	292,100
2013	307,100
2014	295,100
2015	307,100
2016-2020	1,493,500
	<u>\$3,313,805</u>

**IV. OTHER INFORMATION**

**A. Defined benefit pension plan**

1. *Plan Description.* The County of Ottawa, the Ottawa County Road Commission and the Ottawa County Central Dispatch Authority have defined benefit pension plans which provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The County of Ottawa, the Ottawa County Road Commission and the Ottawa County Central Dispatch Authority participate in the Municipal Employees Retirement System of Michigan (MERS), an agent multiple-employer plan administered by the MERS Retirement Board. Act No. 427 of the Public Acts of 1984, as amended, establishes and amends the benefit provisions of the participants in MERS. The Municipal Employees Retirement System of Michigan issues a publicly available financial report that includes financial statements and required supplementary information for MERS. That report may be obtained by writing to the Municipal Employees Retirement System of Michigan, 1134 Municipal Way, Lansing,

---

**IV. OTHER INFORMATION (continued)**

**A. Defined benefit pension plan (continued)**

Michigan, 48917 or by calling (800) 767-6377.

2. *Funding Policy.*

County of Ottawa:

The County is required to contribute at an actuarially determined rate; the current rate ranges from 6.38% to 27.10% as a percentage of annual covered payroll and varies by participating division. Certain employee groups are currently required to contribute 0% to 6.99% of their annual covered payroll to the plan. The contribution requirements of the County are established and may be amended by the MERS Retirement Board. The contribution requirements of plan members, if any, are established and may be amended by the County, depending on the MERS contribution program adopted and/or negotiated by the County.

Ottawa County Road Commission:

The Road Commission is required to contribute at an actuarially determined rate of 15.23% to 38.63% as a percentage of annual covered payroll and varies by participating division. Employees are currently not required to contribute to the plan. The contribution requirements of the Road Commission are established and may be amended by the MERS Retirement Board. The contribution requirements of plan members, if any, are established and may be amended by the Road Commission, depending on the MERS contribution program adopted by the Road Commission and/or negotiated by the Road Commission.

Ottawa County Central Dispatch Authority:

The Authority is required to contribute at a predetermined rate because the plans are closed. The predetermined contributions vary based on employment division. Employees currently do not contribute to the plan. The contribution requirements of the Authority are established and may be amended by the Retirement Board of MERS. The contribution requirements of plan members, if any, are established and may be amended by the Authority, depending on the MERS contribution program adopted by the Authority and/or negotiated by the Authority. The actuarial value of MERS assets was determined on the basis of a valuation method that assumes the fund earns the expected rate of return, and includes an adjustment to reflect market value. The difference in investment income between expected return and market return is recognized over a 10 year period at the rate of 10% per year.

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

**IV. OTHER INFORMATION (continued)**

**A. Defined benefit pension plan (continued)**

*Annual Pension Cost - County of Ottawa:*

For the year ended December 31, 2010, the County's annual pension cost of \$5,552,418 was greater than the County's required contribution of \$5,508,432. The required contribution was determined as part of the December 31, 2009 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions included (a) a rate of return on the investment of present and future assets of 8.0%, (b) projected salary increases of 2% - 4.5% per year, compounded annually, attributable to inflation, and (c) additional projected salary increases of 0.0% to 8.40% per year, depending on age, attributable to seniority/merit.

Actuarially determined contribution	\$5,508,432
Interest on Net Pension Asset	145,944
Adjustment to actuarially determined contribution	(101,958)
Annual pension cost	<u>5,552,418</u>
Contributions made	<u>5,508,432</u>
Decrease in Net Pension Asset	(43,986)
Net Pension Asset at beginning of year	<u>1,824,296</u>
Net Pension Asset at end of year	<u><u>\$1,780,310</u></u>

*County of Ottawa (continued):*

Fiscal Year Ending	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Asset
12/31/2008	\$4,524,858	99%	\$1,869,368
12/31/2009	4,961,350	99%	1,824,296
12/31/2010	5,552,418	99%	1,780,310

*Accrued Actuarial Liability – County of Ottawa*

The actuarial value of MERS assets was determined on the basis of a valuation method that assumes the fund earns the expected rate of return, and included an adjustment to reflect market value. The County's unfunded actuarial accrued liability is being amortized as a level percentage

of projected payroll over a period of 28 years on an open basis. The remaining amortization period at December 31, 2009, the date of the latest actuarial valuation, was 28 years.

Funding Progress: As of December 31, 2009, the date of the most recent actuarial valuation date, the plan was 81 percent funded. The actuarial accrued liability for benefits was \$175,705,139, and the actuarial value of assets was \$142,666,997, resulting in an unfunded accrued actuarial liability (UAAL) of \$33,038,142. The covered payroll (annual payroll of active employees covered by the plan) was \$44,865,784, and the ratio of the UAAL to the covered payroll was 74 percent. The schedule of funding progress, presented as required supplementary information immediately following the notes to the financial statements, presents multi year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Ottawa County Road Commission:

*Annual Pension Cost – Ottawa County Road Commission*

For the year ended September 30, 2010, the Road Commission's annual pension cost of \$1,309,284 for MERS was equal to the Road Commission's required and actual contributions. The required contribution was determined as part of the December 31, 2007 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions included (a) a rate of return on the investment of present and future assets of 8.0%, (b) projected salary increases of 4.5% per year, compounded annually, attributable to inflation, and (c) additional projected salary increases of 0.0% to 8.4% per year, depending on age, attributable to seniority/merit.

*Actuarial Accrued Liability – Ottawa County Central Dispatch Authority*

The actuarial value of MERS assets was determined on the basis of a valuation method that assumes the fund earns the expected rate of return, and included an adjustment to reflect market value. The Dispatch Authority's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll over a period of 30 years. The remaining amortization period at December 31, 2009, the date of the latest actuarial valuation, was 28 years.

Funding Progress: As of December 31, 2009, the date of the most recent actuarial valuation date, the plan was 96 percent funded. The actuarial accrued liability for benefits was \$1,738,798, and the actuarial value of assets was \$1,674,042, resulting in an unfunded accrued actuarial liability (UAAL) of \$64,756. The covered payroll (annual payroll of active employees covered by the plan) was \$395,433, and the ratio of the UAAL to the covered payroll was 16 percent. The schedule of funding progress, presented as required supplementary information immediately following the notes to the financial statements, presents multi year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

**B. Defined contribution pension plan**

The Ottawa County Central Dispatch Authority's defined contribution pension plan provides pension benefits for employees hired after January 1, 2000 who work 30 or more hours per week and those hired before January 1, 2000 electing participation in the defined contribution plan. In a defined contribution plan, benefits depend solely on

## COUNTY OF OTTAWA, MICHIGAN

### Notes to the Financial Statements

For the Year Ended December 31, 2010

---

#### IV. OTHER INFORMATION (CONTINUED)

##### B. Defined contribution pension plan (continued)

amounts contributed to the plan plus investment earnings. Employees are eligible to participate immediately upon employment. The Authority contributes 2% of each participant's base salary to the plan. The Authority also matches employee contributions up to a total Authority contribution of 5%. Employees are required to contribute a minimum of 2% of base pay to the plans. Participating employee contributions are vested 100% upon hire. The plan provisions and contribution amounts were established by the Authority Board and may be amended by the Authority Board. The plan is administered by MERS.

The Authority and member contributions were \$64,517 and \$64,517, respectively, for the current year. Employer and plan member contributions are recognized in the period that the contributions are due. Plan investments are excluded from this report as the fiduciary responsibility rests with MERS.

##### C. Self-insurance

The County is self-funded for liability, worker's compensation, health insurance, unemployment, dental insurance and vision insurance. The claims liabilities reported at December 31, 2010 are based on the requirements of Statement No. 10 of the Governmental Accounting Standards Board, which requires that a liability for claims be reported if it is probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated.

The Ottawa County, Michigan Insurance Authority (the "Insurance Authority") blended component unit accounts for the self-insurance program for municipal excess liability, law enforcement liability, professional liability, and property liability. The Insurance Authority's participating members include the County of Ottawa and the Ottawa County Building Authority blended component unit.

The Authority records unpaid claims liabilities based on estimates of the ultimate cost of claims, including future claim adjustment expenses, that have been reported but not settled, and of claims that have been incurred but not reported. Because actual claims depend on such complex factors as inflation, damage awards and changes in legal liability doctrines, the process used in computing claims liabilities does not necessarily result in an exact amount, particularly for coverages such as general liability. Claims liabilities are (or will be) recomputed periodically using a variety of claims frequency and other economic and societal factors. Adjustments to claims liabilities are charged or credited to expense in the periods in which they are made.

The Insurance Authority purchases municipal excess liability, auto liability, professional liability and property coverage. Property coverage carries a \$50,000 deductible and the liability coverages

**COUNTY OF OTTAWA, MICHIGAN**

---

**IV. OTHER INFORMATION (CONTINUED)**

**B. Self-insurance (continued)**

attach above a \$1 million SIR for all other coverages. The liability policies in total provide layers of coverage of up to \$12 million which is equal to the coverage from the prior year for liability protection. In addition, the Ottawa County Insurance Authority, a blended component unit, provides coverage above the \$12 million for total aggregate coverage of \$20 million. The property coverage is \$126,000,000 which is \$3,779,486 more than the prior year. Coverage was adjusted to reflect updated property values and the acquisition of several Parks properties containing structures. Also, the blanket limit was rounded to the next million by the insurer.

The revenues for this fund's operation are reimbursements from various funds. The funds are charged based on the number of full time equivalents, number of vehicles and other pertinent information. Losses, damages and administrative expenses are all paid from this fund. Administrative expenses are first paid from Internal Service fund 6770, Protected Self-Funded Insurance Programs and then invoiced to the Authority. The claim liability for known claims and incurred but not reported claims are determined by an actuary. No annuity contracts have been purchased to satisfy claim liabilities. Settled claims have not exceeded insurance coverage in the history of the self-insurance program.

The changes in the claims liability for the years ended December 31, 2009 and 2010 as recorded in the Insurance Authority blended component unit are as follows:

	Beginning of Year Liability	Claims and Changes in Estimates	Claim Payments	End of Year Liability
2009	6,088,724	2,112,087	288,095	\$7,912,716
2010	7,912,716	242,773	235,352	7,920,137

The County's self-insured worker's compensation program provides Michigan statutorily required coverage for worker's compensation claims. It also provides employer's liability coverage of \$11 million excess above the \$750,000 self-insured retention. An independent third party administrator administers the program for an annual fee.

The self-insurance program for health insurance including prescription coverage, dental and vision insurance is accounted for in the Protected Self-Funded Health fund (Internal Service fund 6771). An independent administrator is contracted to process the daily claims. For the health insurance, the County is responsible for claims up to \$200,000 per individual, and purchases specific excess reinsurance to a lifetime maximum of \$2 million. There is no aggregate limit on the claims for which the county is responsible. The deductible on the specific excess reinsurance is the same as it

**COUNTY OF OTTAWA, MICHIGAN**

**For the Year Ended December 31, 2010**

---

**IV. OTHER INFORMATION (CONTINUED)**

**C. Self-insurance (continued)**

was for the prior year. Benefits for the dental program stayed the same as the prior year and are capped at \$800 to \$1,400 per person annually, depending on bargaining unit and the dental plan chosen. Vision is capped at various dollar limits per person every two years for eye exams, frames, and lenses. The County is also responsible for paying administrative charges which are included in this fund. The revenues for this fund's operation are reimbursements from various funds, employee withholdings, and retiree co-payments. The liability at the end of the year is based on claims already incurred and reported.

Settled claims have not exceeded insurance coverage in the history of the self-insurance program. The changes in the claims liability for the years ended December 31, 2009 and 2010 are as follows:

	Beginning of Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	End of Year Liability
2009	729,764	12,270,473	11,826,191	\$1,174,046
2010	1,174,046	9,743,463	10,058,452	\$859,057

The self-insurance program for unemployment is accounted for in the Protected Self-Funded Unemployment fund (Internal Service fund 6772). Unemployment claims are reimbursed to the Michigan Employment Security Commission based on actual claims annually and were \$89,958 and \$176,155 in 2009 and 2010, respectively.

**Discretely Presented Component Units:**

The Ottawa County Road Commission is exposed to lawsuits and claims made by individuals. In response to this exposure, the Ottawa County Road Commission participates in the Michigan County Road Commission Self-Insurance Pool (MCRCSIP). Participation in the MCRCSIP requires payment of premiums to the pool. The pool purchases commercial reinsurance on behalf of its members.

Due to the Road Commission's participation in this pool, the liability of the Ottawa County Road Commission relative to claims covered by the pool is limited to \$25,000 per occurrence.

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

---

**IV. OTHER INFORMATION (CONTINUED)**

**C. Self-insurance (continued)**

The Road Commission's self-funded workers' compensation program contains stop-loss and coverage of \$300,000 per incident. This limits the Commission's responsibility for payment to \$300,000 per workers' compensation claim.

Settled claims for the Road Commission have not exceeded coverage during the past three years. There have been no significant reductions in insurance coverage during the past year.

The Road Commission's self-funded insurance claims that have been incurred through the end of the year include both those claims that have been reported as well as those that have not been reported. These estimates are recorded in the government-wide statements as they are not expected to be liquidated with available financial resources. The Commission is exposed to various risks of loss related to torts, destruction of assets and errors and omissions for which it obtains coverage from commercial insurance companies. The Commission had no settled claims resulting from these risks that exceeded commercial coverage in any of the past three years. Changes in the estimates are as follows:

	MCRCSIP Liability Plan	Workers' Compensation Plan	Total
Estimated liability - September 30, 2008	\$144,588	\$52,585	\$197,173
Estimated claims incurred including changes in estimates	106,010	107,617	213,627
Claims paid	(12,475)	(109,320)	(121,795)
Estimated liability – September 30, 2009	238,123	50,882	289,005
Estimated claims incurred including changes in estimates	(203,763)	40,761	(163,002)
Claims paid	(32,544)	(80,000)	(112,544)
Estimated liability – September 30, 2010	<u>\$1,816</u>	<u>\$11,643</u>	<u>\$13,459</u>

The Ottawa County Central Dispatch Authority is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries, and natural disasters. The Authority has purchased commercial insurance for the above risks of loss. Settled claims have not exceeded insurance coverage for the last three fiscal years.

## COUNTY OF OTTAWA, MICHIGAN

### Notes to the Financial Statements

For the Year Ended December 31, 2010

---

#### V. OTHER INFORMATION (CONTINUED)

##### C. Self-insurance (continued)

Ottawa County Public Utilities System is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees and natural disasters. In order to minimize its exposure to these risks, Ottawa County Public Utility System participates in the Michigan County Road Commission Self-Insurance Pool. Settled claims relating to participation in Michigan County Road Commission Self-Insurance Pool have not exceeded the amount of insurance coverage in any of the past three fiscal years.

##### D. Litigation

In the normal course of its activities, the County is a party to various legal actions and subject to certain asserted and unasserted claims and assessments. Although some actions have been brought, the County has not experienced significant losses or costs. The County administration is of the opinion that the outcome of any pending actions will not have a material effect on the County's financial position or results of operations.

##### E. Other post-employment benefits

County of Ottawa:

The County administers a single-employer defined benefit healthcare plan (the Retiree Health Plan). The plan provides health insurance premiums for retirees until age 65 (medicare eligible). Benefit provisions are established through negotiations between the County and bargaining units and employee groups. For employees hired before January 1, 2008, the County offers health care benefits to retirees that they may purchase at the actuarially determined blended rate for current employees and retirees. There are currently 957 active employees and retirees in the plan. The Retiree Health Plan does not issue a publicly available financial report, but a legal trust has been established for the plan.

In addition, the County provides certain post retirement health care benefits to unclassified employees and employees of the Police Officers Association of Michigan and the Command Officers Association of Michigan in accordance with their contracts in which the County will credit the retiree \$4 - \$10 for each year of service, to a maximum of \$100 - \$250 per month, to be applied toward health coverage through the County for the retiree and spouse until age 65. The County makes contributions to the Other Post Employment Benefit Fund based on actuarially determined rates.

COUNTY OF OTTAWA, MICHIGAN

Notes to the Financial Statements

For the Year Ended December 31, 2010

---

IV. OTHER INFORMATION (CONTINUED)

E. Other post-employment benefits (continued)

*Annual OPEB Cost – County of Ottawa*

The County's annual other post employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with parameters of GASB Statement #45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period of 30 years. In the January 1, 2011, actuarial valuation, the projected unit credit actuarial cost method, level dollar, open amortization method, and an amortization period of 30 years were utilized. The actuarial assumptions included a 6.5% return on plan net assets, and medication inflation rate declining from 9% in 2011 to 4.2% in 2121 with implicit subsidy provided.

For the current year the County's contribution was \$820,291. Current year contributions were slightly less than the actuarially determined requirements to amortize the net pension asset from prior years. The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's OPEB obligation to the plan:

Annual required OPEB contribution	\$ 820,291
Interest on net OPEB asset	30,750
Adjustment to annual required contributions	<u>(65,791)</u>
	785,250
Contributions made by the County	781,984
Increase (decrease) in net OPEB asset	(3,266)
Net OPEB asset, beginning of year	473,080
Net OPEB asset, end of year	<u><u>\$ 469,814</u></u>

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

---

**IV. OTHER INFORMATION (CONTINUED)**

**E. Other post-employment benefits**

*Annual OPEB Cost – County of Ottawa (continued)*

Three Year Trend Information

Fiscal Year End	Annual Required Contribution (ARC)	Percentage of ARC Contributed	Net OPEB Asset
12/31/2008	\$600,916	153%	\$319,025
12/31/2009	860,786	118%	473,080
12/31/2010	785,250	100%	469,814

*Accrued Actuarial Liability – County of Ottawa*

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and the plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculation.

Funding Progress: As of December 31, 2010, the date of the most recent actuarial valuation date, the plan was 31.6 percent funded. The actuarial accrued liability for benefits was \$9,125,944, and the actuarial value of assets (fair value) was \$2,879,313, resulting in an unfunded accrued actuarial liability (UAAL) of \$6,246,631. The covered payroll (annual payroll of active employees covered by the plan) was \$44,125,422, and the ratio of the UAAL to the covered payroll was 14.2 percent. The schedule of funding progress, presented as required supplementary information immediately following the notes to the financial statements, presents multi year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

COUNTY OF OTTAWA, MICHIGAN

Notes to the Financial Statements

For the Year Ended December 31, 2010

IV. OTHER INFORMATION (CONTINUED)

E. Other post-employment benefits (continued)

Ottawa County Road Commission:

The Ottawa County Road Commission administers a single-employer defined benefit healthcare plan (the Retiree Health Plan). The plan provides health insurance premiums for retirees until age 65 (Medicare eligible). Benefit provisions are established through negotiations between the Commission, bargaining units and employee groups. The Commission makes 100% of the premium payment to the plan. The Retiree Health Plan does not issue a publicly available financial report and a legal trust has not been established for the plan.

*Annual OPEB Cost – Ottawa County Road Commission*

The Commission's annual other post employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement #45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period of thirty years. The first actuarial valuation of the Retiree Health Plan was performed as of January 1, 2008 with the requirements of GASB Statement # 45 being implemented prospectively.

The Commission's contribution is based on pay-as-you-go financing requirements. For the current year, the annual required contribution (ARC) was \$231,309 while actual contributions were \$63,931.

The following table shows the components of the Commissions annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Commission OPEB obligation to the plan.

Annual required contribution	\$231,309
Interest on net OPEB obligation	11,899
Adjustment to annual required contribution	-
Annual OPEB cost (expense)	<u>243,208</u>
Contribution made	63,931
Increase in net OPEB obligation	179,277
Net OPEB obligation, beginning of year	<u>297,481</u>
Net OPEB obligation, end of year	<u><u>\$476,758</u></u>

**COUNTY OF OTTAWA, MICHIGAN**

**Notes to the Financial Statements**

**For the Year Ended December 31, 2010**

---

**IV. OTHER INFORMATION (CONTINUED)**

**D. Other post-employment benefits (continued)**

*Annual OPEB Cost – Ottawa County Road Commission (continued)*

Three-Year Trend Information			
Fiscal Year Ending	Annual Required Contribution (ARC)	Percentage of ARC Contributed	Net OPEB Obligation
9/30/2008	\$ 217,453	22%	\$ 169,345
9/30/2009	225,873	46%	297,481
9/30/2010	231,309	28%	476,758

*Accrued Actuarial Liability – Ottawa County Road Commission*

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Commission is currently funding the plan on a pay as you go basis. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and the plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculation.

In the January 1, 2008 actuarial valuation, the projected unit credit actuarial cost method, level dollar, closed amortization method, and an amortization period of 30 years were utilized. The actuarial assumptions included a 0% return on plan net assets as the plan is not funded, a discount rate of 4%, 10% inflation in 2008 graded to 5% in 2013, with implicit subsidy provided.

Funding Progress: As of January 1, 2008, the date of the most recent actuarial valuation date, the plan was completely unfunded because the Commission's financing is on a pay-as-you-go basis. The actuarial accrued liability for benefits was \$1,835,591, and the actuarial value of assets was \$0, resulting in an unfunded accrued actuarial liability (UAAL) of \$1,835,591. The covered payroll (annual payroll of active employees covered by the plan) was \$6,329,343, and the ratio of the UAAL to the covered payroll was 29.0 percent. The schedule of funding progress, presented as required

## COUNTY OF OTTAWA, MICHIGAN

### Notes to the Financial Statements

For the Year Ended December 31, 2010

---

#### IV. OTHER INFORMATION (CONTINUED)

##### D. Other post-employment benefits (continued)

*Accrued Actuarial Liability* – Ottawa County Road Commission (continued)

supplementary information immediately following the notes to the financial statements, presents multi year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

##### F. Related party transactions

At December 31, 2010, the County's financial statements included taxes receivable of \$3,765,639 and deferred revenue of \$4,231,973 relating to Ottawa County Central Dispatch Authority (OCCDA) property tax millage, which was levied for use in 2011. In addition, during the year ended December 31, 2010, Ottawa County provided operating grants of \$4,403,718 to OCCDA, \$20,004 of which had not yet been transferred as of 12/31/10.

The Drains assess the Ottawa County Road Commission (a component unit of Ottawa County) and Ottawa County (the primary government of which the Drain Commissioner is a component unit) for drain projects. During 2010, the County paid \$50,006 in assessments to the Drain Commissioner.

There are also assessments due from the Ottawa County Road Commission of \$38,971 which are included in amounts due from other governmental units. Ottawa County Public Utilities (OCPU) incurred expenses of \$750,000 for wages and equipment provided by the Ottawa County Road Commission which also provides fiscal and managerial services to OCPU. At year end, OCPU owed the Ottawa County Road Commission \$299,360 for these goods and services.

##### G. Subsequent events

In April of 2011, the County completed negotiations for the Grand River Ravines property in Georgetown Township and purchased the land for \$1.4 million. The purchase is part of the long-range plan for the Ottawa County Parks Commission.

## REQUIRED SUPPLEMENTARY INFORMATION

### **Note to required supplementary information**

#### **Budgets and Budgetary Accounting**

The County adopts an annual budget for the General Fund following the GAAP basis of accounting. Unexpended appropriations lapse at year end.

OTHER SUPPLEMENTARY INFORMATION

## COUNTY OF OTTAWA

### NONMAJOR GOVERNMENTAL FUNDS

FOR THE YEAR ENDED DECEMBER 31, 2010

#### SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for revenue from specific revenue sources (other than major capital projects) and related expenditures which are restricted for specific purposes by administrative action or law.

Friend of the Court Fund (2160) - This Fund accounts for the operations of the Friend of the Court including the Co-op Reimbursement Grant, the Medical Support Enforcement Grant, and the 3% Friend of the Court incentive payments established under Act 297 of 1982, Section 2530.

9/30 Judicial Grants (2170) - This Fund accounts for miscellaneous grant revenue received from the State and other agencies for judicial programs.

Solid Waste Clean-Up Fund (2271) - This Fund was established to account for monies received from settlement of a claim. The monies are mainly used for the clean-up of the Southwest Ottawa Landfill.

Landfill Tipping Fees Fund (2272) - This Fund was established to account for the County's share of the tipping fee surcharge of Ottawa County Farms landfill starting in 1991 in accordance with an agreement between Ottawa County, Sunset Waste System, Inc., and the Township of Polkton. The monies are to be used for implementation of the Solid Waste Management Plan.

Transportation System Fund (2320) - This Fund is used to account for a grant from the Michigan Department of Transportation to provide public transportation in concentrated areas for persons who are handicapped or who are sixty-five years of age or older.

Farmland Preservation (2340) - This fund is used to account for cash purchases and/or installment purchases of development rights voluntarily offered by landowners. Once purchased, an agricultural conservation easement is placed on the property which restricts future development.

Planning Commission Fund (2420) - This Fund was established by the County Board under MCLA 125. A planning commission was created to prepare and oversee a County Development Plan relative to the economic, social and physical development of the County.

Infrastructure Fund (2444) - This fund was established by the County Board to provide financial assistance to local units of government for water, sewer, road and bridge projects that are especially unique, non-routine, and out-of-the ordinary.

## COUNTY OF OTTAWA

### NONMAJOR GOVERNMENTAL FUNDS

FOR THE YEAR ENDED DECEMBER 31, 2010

### SPECIAL REVENUE FUNDS (CONTINUED)

Public Improvement Fund (2450) - This fund is used for earmarked revenues set aside for public improvements. Funding is provided from General Fund appropriations and building rentals.

Homestead Property Tax (2550) – This fund was established as a result of the passage of Public Act 105 of 2003 which provides for the denial of homestead status by local governments, counties and/or State of Michigan. The County’s share of interest on tax revenue collected under this statute is to be used solely for the administration of this program, and any unused funds remaining after a period of three years may be transferred to the county general fund (MCL 211.7cc, as amended).

Register of Deeds Technology Fund (2560) – This Fund was established under Public Act 698 of 2002 to account for newly authorized additional recording fees effective March 31, 2003. The revenue collected is to be spent on technology upgrades.

Prosecuting Attorney Grants Fund (2601) - This Fund is used to account for monies granted to the County by the State for prosecution against drug offenders.

Sheriff 9/30 Grant Programs Fund (2609) - This Fund accounts for miscellaneous grant revenue received by the Sheriff's department from the State for special purpose programs.

Sheriff Contracts (2610) - These Funds account for Federal monies granted to the townships who contract with the County to improve the long-term ability of local law enforcement agencies public safety through innovative crime prevention, including community policing.

Sheriff Road Patrol Fund (2661) - This Fund accounts for monies granted to the County by the State for the purpose of providing additional police supervision of traffic safety and additional patrol of the roads and parks as described in Public Act 416 of 1978.

Law Library Fund (2690) - This Fund is used to account for monies received from the Library Penal Fine Fund in accordance with Public Act 18 of 1982 and appropriations from the County for the purpose of maintaining the County's law library.

Workforce Investment Act Funds (2740, 2741, 2742, 2743, 2744, 2748, and 2749) - These Funds are used to account for Federal funds which are received by the County under the Workforce Investment Act. These Funds are targeted for training and employment programs for the under employed and economically disadvantaged citizens.

## COUNTY OF OTTAWA

### NONMAJOR GOVERNMENTAL FUNDS

FOR THE YEAR ENDED DECEMBER 31, 2010

#### SPECIAL REVENUE FUNDS (CONTINUED)

Grant Programs - Pass Thru Fund (2750) - This Fund is used to account for monies received from State and Federal grants which are passed on to outside agencies through contractual agreements to carry out the grants intended purpose.

Emergency Feeding Fund (2800) - This Fund is used to account for monies received from the State for the purpose of distributing surplus food to the impoverished residents of the County.

Federal Emergency Management Agency Fund (2810) - This Fund is used to account for monies received through the Emergency Food and Shelter National Board program for utility payments to prevent utility disconnection or heating source loss in households that have exhausted all other resources and do not qualify for other Community Action emergency funds.

Community Corrections Fund (2850) - This Fund is used to account for State monies and fees received to enhance the delivery of adult probation services in the County. This fund also receives money from the County for a Domestic Violence Intervention Program.

Revenue Sharing Reserve Fund (2855) - Public Act 357 of 2004 provides a funding mechanism to serve as a substitute for state revenue sharing payments. This substitute funding mechanism involved a gradual shift of county property tax millage from a winter tax levy to a summer tax levy and additionally, requires the establishment of a restricted fund to be known as the Revenue Sharing Reserve Fund.

Community Action Agency Fund (2870) - This Fund is used to account for monies received from the State to be applied to various community programs for the impoverished residents of the County.

Weatherization Fund (2890) - This Fund is used to account for monies received through a State grant which aids in weatherizing homes of the disadvantaged, the elderly and people in the poverty zone.

Department of Human Services (2901) - This Fund is used primarily to account for monies from State and local funding sources and to assist with the welfare program which offers aid to disadvantaged individuals of Ottawa County.

Child Care Funds (2920 and 2921) - These Funds are used to account for foster child care in the County. This encompasses the Ottawa County Detention Center, which is a facility that houses juveniles on a short-term basis. The primary funding comes from the State and a County appropriation which is used to aid children who require placement outside of their home.

**COUNTY OF OTTAWA  
NONMAJOR GOVERNMENTAL FUNDS**

FOR THE YEAR ENDED DECEMBER 31, 2010

**SPECIAL REVENUE FUNDS (CONTINUED)**

Soldiers' and Sailors' Relief Fund (2930) - This Fund is used to account for monies earmarked for indigent veterans and is mandated by State Law.

Veterans Trust Fund (2941) - This fund was established under Section 35.607 of the Compiled laws of 1970. It is used to account for monies received by the State and distributed to needy veterans.

Compensated Absences Fund (2980) - This Fund is used to account for future payments of accumulated sick pay of County employees under the sick days/short and long-term disability plan. This fund is also used to accrue vacation pay.

**DEBT SERVICE FUND**

Building Authority Fund (5691-5695) - This Fund was established to account for the accumulation of resources for payment of principal and interest on bonds issued to finance building projects for the County of Ottawa. Bonds have been issued for the following projects: 1985-Life Consultation Center; 1990-Ottawa County Central Dispatch Authority; 1992-Probate Court/Jail Complex; 1997-Jail addition and Sheriff and Administrative Annex; 2005- Holland District Court. A portion of the 1985 and 1990 bonds were refunded during 1993. A portion of the 1992 bonds were refunded during 1997; 2007-Grand Haven Courthouse. A portion of the 1997 bonds were refunded during 2005. Financing is provided by cash rental payments pursuant to lease agreements with the County of Ottawa.

**CAPITAL PROJECTS FUND**

Building Authority Capital Projects Fund (5691-5695) - This Fund was established to account for construction projects of the building authority. Financing is provided by bond proceeds, interest income, and occasionally State grants.

**PERMANENT FUND**

Cemetery Trust Fund (1500) - This Fund was established under State statute to care for cemetery plots of specific individuals who have willed monies in trust to the County for perpetual care of their gravesites.

## COUNTY OF OTTAWA

### INTERNAL SERVICE FUNDS

FOR THE YEAR ENDED DECEMBER 31, 2010

Internal Service Funds are established to account for the financing of goods or services provided by one department to other departments of the governmental unit on a cost-reimbursement basis.

Information Technology Fund (6360) - The Information Technology Fund is used to account for revenues collected from user departments for service charges to cover the costs incurred in the operation of the department including computer processing time and programming time.

Duplicating Fund (6450) - The Duplicating Fund is used to account for revenues received from user departments and expenses incurred in providing copier services.

Telecommunications Fund (6550) - The Telecommunications Fund is used to account for revenues received from user departments and expenses incurred in providing telephone service.

Equipment Pool Fund (6641) - The Equipment Pool Fund is used to account for revenues collected from user departments for the equipment rental charges to cover the costs incurred to administer the equipment pool fund and depreciation of the equipment.

Protected Self-Funded Insurance Programs Fund (6770) - The Protected Self-Funded Insurance Programs Fund is used to account for the administrative costs associated with managing the self-insured portion of the vehicle protection program, the workers' compensation program, the liability protection program and the property and fire protection program.

Protected Self-Funded Employee Insurance Fund (6771) - The Protected Self-Funded Employee Insurance Fund is used to account for revenues collected from user departments for the payment of costs incurred to administer the self-funded health insurance program, third party administrative expenses and actual health claims paid.

Protected Self-Funded Unemployment Fund (6772) - The protected Self-Funded Unemployment Fund is used to account for revenues collected from user departments for the payment of costs incurred to administer the self-funded unemployment insurance program, third party administrative expenses and actual unemployment claims paid.

Long-Term Disability Insurance Fund (6775) - The Long-term Disability Insurance Fund is used to account for revenues collected from user departments for the payment of costs incurred to administer the long-term disability insurance program and insurance premiums paid.

**COUNTY OF OTTAWA**

**INTERNAL SERVICE FUNDS (CONTINUED)**

FOR THE YEAR ENDED DECEMBER 31, 2010

Ottawa County, Michigan Insurance Authority Fund (6780) - The Ottawa County, Michigan Insurance Authority Fund is used to account for insurance coverage and risk management related services to participating public entities pursuant to State of Michigan Act No. 36 of the Public Acts of 1988.

Protected Self-Funded Insurance - Mental Health Fund (6782) - The Protected Self-Funded Insurance - Mental Health Fund is used to account for funds covering risk exposure under the Managed Care Specialty Services Program.

## COUNTY OF OTTAWA

### FIDUCIARY FUNDS

FOR THE YEAR ENDED DECEMBER 31, 2010

Fiduciary Funds are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds.

#### AGENCY FUNDS

Trust and Agency Fund (7010) - This Fund was established to account for monies received by the County for later distribution to other agencies or persons. Primarily the fund accounts for revenue received and later remitted to the State of Michigan.

Library Penal Fine Fund (7210) - This Fund was established under Act 236, Section 4351 to account for monies received from District Court fines which are allocated annually for operations of the County's libraries.

Imprest Payroll Fund (7040) - This Fund was established to account for the salaries and fringes of the County employees payroll. Money is disbursed from the Imprest Payroll Fund after being reimbursed by the benefiting funds.

Inland Lake Improvement (8725) – The Drain Commissioner serves on various inland lake boards that do not meet the requirements of a component unit. The Drain Commissioner also serves as the treasurer for these boards, so the financial activity is recorded on the County's general ledger. Accordingly, the County is recording this activity in an agency fund.

**Source:** Ottawa County Equalization Department

(1) Real and personal properties have been combined into the categories above.

(2) County assesses property at approximately 50% of the actual value.

(3) For taxes levied in 1995, and each year thereafter, the legislature shall provide for the taxable value of each parcel of property not to increase by more than the increase in the immediately preceding general price level (CPI), or 5%, whichever is less, until such time as ownership of the property is transferred. When ownership of the parcel is transferred, the parcel shall be assessed at the applicable proportion of the current true cash value.

(1) In October of 2004, the State of Michigan eliminated State Revenue Sharing payments to counties. To assist counties in preventing the loss of key services, the county property tax levy will gradually be moved up from December to July over three years. Effective December 2004 through 2006 tax collection, one t of the levy is placed into the Revenue Sharing Reserve Fund (RSRF) that the County will manage and be able to withdraw an amount equal to what we would have received in 2004, plus an annual increase equal to CPI (Consumer Price Index).

(1) Tax levy date is December 1 of each year until calendar year 2005, at which time a shift in the tax levy from December 1 to July 1 over a three-year period began in accordance with State of Michigan legislation. In 2005, 1/3 of the total levy was for 2005 operations, 1/3 was for 2006 operations and 1/3 of the total levy was for the Revenue Sharing Reserve Fund. In 2006, 2/3 of the total levy was for 2006 operations and 1/3 was for the Revenue Sharing Reserve Fund. All of the amount levied in 2007 was for 2007 operations.

(1) The County guarantees the Bonded Debt of Public Utilities as well as the Munn Drain which is included in 2010, they do not guarantee the Bonded Debt of the Road Commission or the Nunica Drain bond of the Drain Commissioner. Consequently, these amounts are not included in the above total for General Obligation Bonded Debt.

Note: Under State of Michigan law, the County's outstanding debt should not exceed 10% of state equalized value less amounts available for repaying the applicable bonds.
