*Board of Commissioners  
Ottawa County, Michigan*

*Ladies and Gentlemen:*

*The Ottawa County Equalization Department has prepared this report as required by statute to report our findings to the Board of Commissioners in culmination of our equalization activities for the year. An Equalization Study was conducted in every real property class plus the aggregate personal class in each of the 23 primary assessment units of Ottawa County for 2006, the results of which are incorporated into this report.*

*The 2006 Equalization Report consists of three pages of columnar figures and is followed by statistical data setting forth the major class comparisons for the entire county and the individual units. Charts and graphs near the front show the percent change by local unit and the total county by class. Also included are school district valuations by units and unit valuations by school districts. Amounts under Act 198 (Industrial Facilities Exemptions), DNR lands and neighborhood enterprise zones are not included in these computations but are separately reported at the back of the book.*

*Please note that any class of property with a ratio between 49.00% and 50.00% will be considered to be at 50.00% according to Michigan State Tax Commission guidelines. Each class of real property plus the aggregate of personal property is separately equalized in each local unit of government. All County Equalization values are subject to review and change by the Michigan State Tax Commission through the process of State Equalization in May. We are again pleased to report that all classes in all units are being equalized as assessed. The last time the County Equalization report added value to a unit was in 1998.*

*Beginning this year, the DNR P L T land has been removed from the Equalization process and will be taxed on a special roll. This accounts for the lack of an increase in the agricultural class. Additional graphs have been added near the front of the book and additional totals added near the back.*

*Thanks to the commitment and dedication of the Equalization Department staff and the cooperation of the local units, this year has gone well.*

*Respectfully submitted,*

*Michael R. Galligan, C.M.A.E. IV, Director*

**STATE TAX COMMISSION  
2006 PROPERTY TAX AND COLLECTIONS CALENDAR**

**COMMENT REGARDING THE 2006 PROPERTY TAX AND COLLECTIONS CALENDAR**

This 2006 Property Tax and Collections Calendar has been prepared in accordance with all Legislation and directives of the Attorney General applicable to 2006 property taxes. The interpretation of these statutes and directives does not constitute a legal opinion but is rather a statement of the facts, as the State Tax Commission believes them to be.

It should be noted that the statutory requirement for assessments, before and after County and State Equalization, is still fifty percent of True Cash Value, and that the Constitution still requires that assessments NOT exceed fifty percent of True Cash Value, before and after County and State Equalization. The 2006 assessments will be subject to County and State Equalization. After County and State Equalization, assessments as equalized become the Taxable Value (Property Tax Base) for every parcel of property subject to the General Property Tax Act that has a Transfer of Ownership in the prior year as provided by MCL Section 211.27a.

**TAX DAY FOR 2006 PROPERTY TAX ASSESSMENTS AND DEADLINE FOR SUBMITTING EQUALIZATION STUDIES USED TO SET THE STARTING BASE FOR 2006 EQUALIZATION**
