# OTTAWA COUNTY HEALTH DEPARTMENT 2008-2009 Highlights to the Community

# Words from our Leader:

Local Public Health is often misunderstood to be an organization that cares only for the disenfranchised and individuals who live on societies' margins. This is far from the truth. Public Health works toward community health benefiting all. Consider these Ottawa County statistics:

- One third of our residents obtain their water from a well,
- Almost 400 teen pregnancies occur annually,
- Each day four individuals are diagnosed with a communicable disease,
- · 20 percent of toddlers are not fully immunized,
- 69 percent of 8th, 10th and 12th graders do not eat adequate fruits and vegetables, and
- Three out of five residents are either overweight or obese.

It is also important to consider the number of people who eat in our restaurants, play on our beaches, buy and sell homes, and shake the hand of a friend or colleague. These are all impacted by the work of the Ottawa County Health Department. Our residents are protected by our work without even realizing it.

The United States spends more on health care than any other nation. However, we are among the unhealthiest developed nations in the world. We are experiencing an epidemic of chronic disease and our health care costs have skyrocketed. A public opinion poll conducted in May 2009, under the auspices of the Robert Wood Johnson Foundation, found that Americans rank prevention as the most important health care reform priority. While health insurance is essential to pay for medical care, it is far more cost effective to prevent illness before care is required. The Ottawa County Health Department provides community-wide prevention and protection that is beyond the reach of the medical care system or health insurers. We keep food safe, detect and stop outbreaks of disease, and create conditions in the community that make it easier for people to make healthier individual choices and live healthier lives. Prevention works and our residents benefit everyday.

Lisa Stefanovsky, M.Ed. Health Officer

#### SUGGESTED MOTION:

To approve and authorize the Board Chair and Clerk to sign an agreement for the use of the Ottawa County Health Department Grand Haven location (16920 Ferris Street) by Love INC of the Tri-Cities and City on a Hill (in partnership with the County Access to Health Coalition) to increase access to health in North Ottawa County by implementing an urgent care clinic at said facility.

#### **SUMMARY OF REQUEST:**

Rationale: Ottawa County research data indicates an increasing gap in access to health services for uninsured adults, largely as a result of the current economic status. Uninsured adults are not seeking immediate health care services for their health care issues because they cannot afford the services, rather most wait until their health issue is so advanced that it necessitates a visit to an emergency room. Since they are unable to afford the (often higher) cost for the emergency room visit, an increase in health care costs (including insurance premiums) is passed along to the community to cover these (unnecessary) emergency room visit costs.

\* This proposal relates to the County Strategic Plan goals 3, "to contribute to a health physical, economic and community environment" (objectives 2 & 5) and 4, to continually improve the County's organization and services" (objective 1).

This Agreement is made this day of, 2010 by and between
the County of Ottawa, 12220 Fillmore Street, West Olive, Michigan 49460 (hereinafter
"the County"), and Love INC., 1106 Fulton Street, Grand Haven, Michigan 49417
(hereinafter "the User"), with reference to the following facts and circumstances:
A. The County owns a facility occupied and used by the Ottawa County Health
Department and located at 16920 Ferris Street, Grand Haven, Michigan 49417 ("the
Ferris Street Facility").
B. Love INC., would like to use the Ferris Street facility, in partnership with City
on the Hill Ministries and the Ottawa County Access to Health Coalition, to provide an
urgent care medical facility one (1) night per week, to offer urgent care medical services

C. The County believes that the use of the Ferris Street Facility by these parties
for this purpose would benefit the health, safety, and welfare of the residents of Ottawa
County.
NOW THEREFORE THE PARTIES AGREE AS FOLLOWS:
1. General Agreement: The User agrees to use and the County agrees to provide
the User with the occupancy and use of portions of the Ferris Street facility, and the non-
exclusive use of the adjacent parking lot, for use as an urgent medical care facility, from
PM until PM on one (1) night per week
said night to be agreed to and specified in writing by the parties prior to the effective date

of this Agreement. This occupancy and use by the User shall only be for the purposes

detailed in Exhibit "A" hereto and for no other purposes, and the premises shall not be occupied or used by the User, (or by any person claiming a right or occupancy or use through the User), for any other purposes during the term of this Agreement. Because of the benefit to the public anticipated to be received as a result of the provision of these services as detailed in Exhibit "A" hereto, there shall be no rent or other fees charged to the User during the initial term of this Agreement.

- 2. <u>Term of Agreement</u>: The effective date of this Agreement shall be April 1, 2010. This Agreement shall remain in effect through December 31, 2010. Upon mutual written agreement of the parties, it may be renewed for up to three (3) successive one (1) year periods.
- 3. Scope of Use; Keys: The User shall be permitted to have access to and use those facilities, locations, fixtures and equipment within the Ferris Street facility as more specifically set forth and detailed in Exhibit "B" hereto, and shall not have access to or use of any other portion of the premises or use of facilities, locations, fixtures and equipment. At the outset of this Agreement, User will designate, in writing, one (1) person to be the holder of a key/card access to the Ferris Street facility. The identity of the person holding the key/card access to the Ferris Street facility is subject to the approval of the Ottawa County Health Officer. No other person other than the designated key/card access holder will be permitted to keep or possess the key/card. The User shall not duplicate any key/card for access provided to it by Ottawa County, and shall promptly return the key/card to the Ottawa County Health Officer at the close of this Agreement, or at the close of any extension or renewal thereof.

- 4. <u>Signage</u>: The User shall obtain and post adequate signage and such other notices as may be required by law to clearly indicate to the public that the services being provided during the term of use by the User are being provided by the User and its associated agencies, and not by Ottawa County or the Ottawa County Health Department.
- 5. No Warranties by Ottawa County: The User is being permitted to use the Ferris Street facility on an "as is" basis. Ottawa County is not a merchant with regard to the provision of any locations, space, good or service under this Agreement. The User has had an opportunity to fully inspect the Ferris Street facility, and has independently concluded that the Ferris Street facility as detailed in Exhibit "B" is fully acceptable "as is" for the uses intended by the User. In no event shall the User demand or make any structural or other changes to the Ferris Street facility.
- 6. Maintenance, Compliance with County Rules: The User shall be responsible for general clean-up of the premises following each date of use, and shall be required to return the premises to the County in a neat, clean, and orderly condition at the close of each date of use. The User agrees to comply with all County rules and regulations for the use of County rooms, buildings, and grounds, and to assure that all persons claiming a right to such occupancy or use pursuant to this Agreement comply with all County rules and regulations. In particular, it is noted that smoking is not permitted within County rooms and buildings and that the possession and/or consumption of alcoholic beverages is not permitted on County grounds or within County rooms or buildings.
- 7. <u>Insurance</u>: The User shall be required to purchase and have in effect comprehensive general liability insurance coverages as set forth in Exhibit "C" hereto, naming the County, its employees, officials, officers, and/or agents, and/or the Ottawa

County Building Authority as an additional named insured, and may in addition be required to obtain or have in effect any special coverage or coverages relating to special or particular risks created or occasioned by the contemplated activities of the User. The User will assure that all medical professionals providing services to the public at the Ferris Street facility will have adequate professional liability (malpractice) insurance in effect to cover all contingencies arising from the provision of professional services and the use of the facility. Exemptions or modifications to the insurance requirements may be made by the County if it appears that User contemplated activities during the terms of the use do not pose a substantial risk of loss to the County. Written proof of the existence and continued validity of insurance coverage may be required by the County at any time.

- 8. <u>Indemnification and Hold Harmless</u>: User shall indemnify and hold the County, including its employees, officials, officer, and/or agents, harmless from any and all claims and liability, including costs and attorneys' fees, caused or occasioned by User's occupation and use of the premises during the term of this Agreement, and/or by the occupation and use of the premises by any party claiming a right of such occupation or use through the User.
- 9. <u>Termination of Agreement</u>: This Agreement may be terminated by either party without cause on fourteen (14) days prior written notice. This Agreement may be terminated by Ottawa County at any time without prior notice to the User, should the User or any of its associates violate the terms and conditions of this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement the date first set forth above.

Date: March 1, 2010

To: Ottawa County Board of Commissioners

From: John Scholtz, Parks and Recreation Director

RE: Proposed Change to Park Rules and Regulations Regarding Alcohol

The Ottawa County Parks and Recreation Commission is recommending county park rules and regulations be revised to allow alcoholic beverages on a limited basis at selected indoor park reservation facilities and at selected Parks Commission functions. If the rule change is approved, the Parks Commission will allow use of alcohol at the Weaver House for a one year trial period with strict regulations as outlined below. Currently, no alcoholic beverages are allowed in any Ottawa County parks. The Parks and Recreation Commission is proposing the current rule be revised to read as follows:

#### Section 8. ALCOHOLIC BEVERAGES

No person, while on Commission Park Property shall possess any alcoholic beverage of any kind except at specific times and at specific locations; by making application per established commission procedures; and being granted a permit by the Commission or its Agent.

### PROPOSED BOARD MOTION:

To approve and forward to the Board of Commissioners the revision to Ottawa County Park Rules and Regulations in Section 8 pertaining to Alcoholic Beverages, rule 8.1, to read as follows: No person, while on Commission Park Property shall possess any alcoholic beverage of any kind except at specific times and at specific locations; by making application per established commission procedures; and being granted a permit by the Commission or its Agent.

#### **RATIONALE FOR CHANGE**

Through the above requested rule change, the Ottawa County Parks and Recreation Commission is seeking the ability to allow limited use of alcohol at the Weaver House; and at Ottawa County Parks sponsored events, provided adequate and proper administrative procedures and controls are employed. If the rule change is approved, the Parks Commission intends to permit alcohol use at the Weaver House for a one year trial period under strict regulations and approve use of alcohol

Memo Home

at a very limited number of Parks Commission events, possibly to include a donor recognition event for the new Nature Education Center. Additional details are provided below for each of the two categories under which alcohol could be allowed.

### PROCEDURES AND CONTROLS – WEAVER HOUSE RESERVATIONS

The procedures would begin when a request is made with office staff for a reservation that includes the use of alcohol.

The Parks representative would explain:

- The deposit required includes the standard \$250 deposit, and a \$250 alcohol deposit, \$500 total. This deposit is completely refundable unless damages or undue wear and tear, or rule violation(s) lead to withholding of part or all for damages and / or other expenses.
- The \$20 surcharge per reservation that includes alcohol, to cover additional staff time related to monitoring the reservation.
- A certificate of insurance (\$1 million minimum) would be required including general liability and alcohol liability which names Ottawa County as additional insured for the event.
- A temporary liquor license if required by the Liquor Control Commission.
- Specific rules relating to alcohol:
  - All applicable State and local laws and ordinances are in effect.
  - No underage drinking.
  - Beer and wine only.
  - Bottles, cans wine and boxes only.
  - Alcohol allowed in specified areas only.
  - Alcohol consumption must cease ½ hour before the end of an event.
  - No cash bars.
  - No pay for admission events.
- A bar tender service is required for parties over 50, by a licensed, insured, trained and preapproved bartender service.
- The Ottawa County Parks Department reserves the right to monitor an event as appropriate with park staff or an Ottawa County Deputy Reserve Officer

NOTE: The on site monitor needs would be decided by the Coordinator of Maintenance and Operations and the Parks Manager for each reservation and could be a specially trained OCPRC staff member or a contracted Ottawa County Deputy Reserve Officer (at the expense of OCPRC). The site monitor would observe only for rule violations, and / or other problems. Problems would then be reported to full time parks staff or directly to 911 as appropriate for action as needed to resolve problems.

### PROCEDURES AND CONTROLS - COMMISSION SPONSERED EVENTS

Parks Commission sponsored events would also include events proposed by the Friends of Ottawa County Parks.

Memo Home

Proposed events would be carefully researched by staff including recommendations on all appropriate operational details, insurance requirements and considerations needed to limit liability exposure. A proposed event would then be presented to the Commission for consideration and possible approval.

Event monitoring would be done by parks staff specifically assigned this task.

At no time would Ottawa County purchase or provide alcoholic beverages.

These types of events would be considered appropriate only if the event is related to the OCPRC mission; the role of alcohol is minor and does not detract from the character of the event; no unhealthy precedent is set; and would be considered appropriate only if it was in the best interest of OCPRC and Ottawa County. Additional guidelines would evolve as experience is gained.

### **CONCLUSION**

During the one year trial period following the rule change, each and every event will be analyzed to see if changes to procedures are warranted. The intention is to err on the side of more control and restrictions rather than fewer, and to address any and all problems immediately and completely on site and / or prior to subsequent events. The Parks and Recreation Commission will report back to the Board of Commissioners at the end of the one year trial period with a comprehensive review of the rule change and a recommendation regarding future use of alcohol in the county park system.

NOTE: Because reservations can be made up to a year in advance, the Parks Commission recommends that any alcohol related reservations made in 2010 be honored, even if the actual reservation is scheduled to take place in 2011.

RE: Munn Drain Project

The Munn County Drain was established in 1887. A petition was received by the Drain Commissioner's Office on June, 20, 2008 signed by property owners in the drainage district requesting improvements to said drain. A Board of Determination (public hearing) was held on October 21, 2008 where the petition was determined necessary and approved. During the engineering and design phase of the project, the June, 2009 storm event occurred which caused significant flooding of the area and adjacent lands outside of the drainage district. Requests were made to the Drain Commissioner from property owners and the township to evaluate those areas outside of the district to determine if relief could be provided by the Munn Drain. The engineering study was completed and the Board of Determination was reconvened on August 11, 2009 to consider expanding the drainage district and project. The Board determined the expanded project necessary. The final design of the project included the following:

- The Ditching work involved for the Munn Drain Project involves cleaning and/or improving approximately 17,000 lineal feet of existing main drain and roadside drainage ditches along Butternut Drive, New Holland Street, 164<sup>th</sup> Avenue, Van Buren Street, and Sand Drive and construction and/or replacement of approximately 1,500 lineal feet of 12-inch to 24-inch culverts.
- The Storm Sewer work involved for the Munn Drain Project involves construction of approximately 4,100 lineal feet of 15-inch storm sewer along 164<sup>th</sup> Avenue and along and under New Holland Street, construction of approximately 1,500 lineal feet of 15-inch storm sewer along and under Sand Drive and Barry Street, construction of approximately 900 lineal feet of 12-inch storm outlet in the Northland Estates residential development and under New Holland Street, and connecting of approximately 50 lineal feet of 24-inch elliptical storm sewer and 600 lineal feet 24-inch outlet sewer from 164<sup>th</sup> Avenue to Munn Drain Extension on Van Buren Street, east of Butternut Drive.

The project was presented to bidders on February 23, 2010 which resulted in a total project cost of \$805,000.00. A Day of Review of Apportionments is scheduled for March 24, 2010. If, after the 10 day appeal period is over, there have been no appeals filed, the Drain Commissioner will move forward with selling bonds to cover the financing of this project.

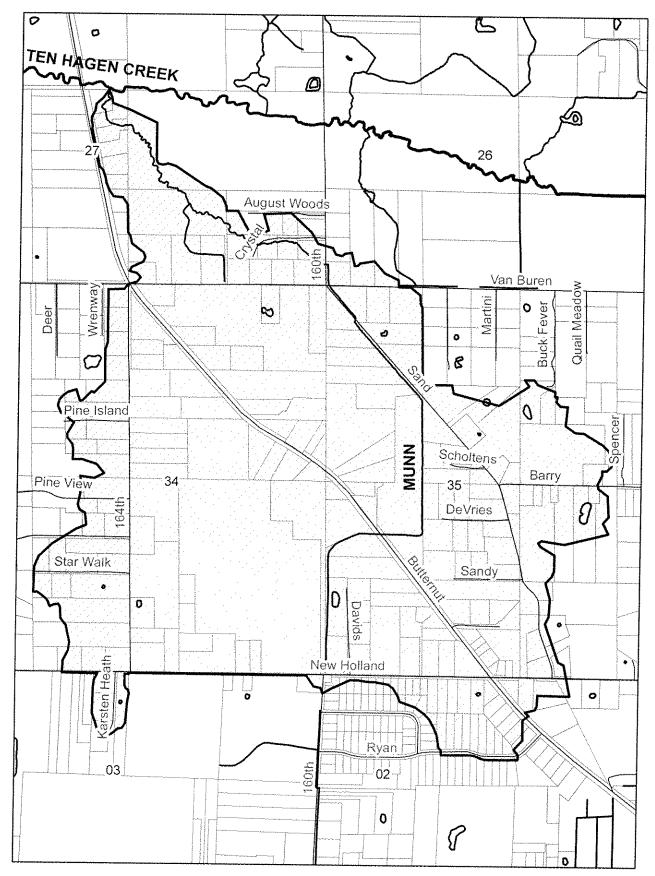

A portion of the project will be assessed to Park Township, Port Sheldon Twp., Ottawa County, Ottawa County Road Commission and property owners within the drainage district within both townships. Ottawa County's assessment apportionment has been calculated to be 6.13% or \$49,346.50. A map of the drainage district is included for your review.

The Drain Commissioner will sign an Order (see attached) after the Day of Review has been held which will define the bond details.

Also attached is the Resolution that we are requesting the Finance and Administration Committee approve by motion as follows:

To approve and forward to the County Board of Commissioners the Resolution pledging the County's full faith and credit for bonds to be issued by the County Drain Commissioner in an amount not to exceed \$805,000.00 to finance the Munn Drain Project.

In either such event, the Drainage District shall use reasonable efforts to locate another securities depository. Under such circumstances (if there is no successor securities depository), the Drainage District and the bond registrar and paying agent shall be obligated to deliver bond certificates in accordance with the procedures established by this order. In the event bond certificates are issued, the provisions of this order shall apply to, among other things, the transfer and exchange of such certificates and the method of payment of principal of and interest on such certificates. Notwithstanding any other provision of this order to the contrary, so long as any bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to the principal of, interest on and redemption premium, if any, on the bonds and all notices with respect to the bonds shall be made and given, respectively, to DTC as provided in the Blanket Issuer Letter of Representations between DTC and the Drainage District. The Drain

After the bonds have been executed and authenticated for delivery to the original purchaser thereof, they shall be delivered by the Ottawa County Treasurer to the purchaser upon receipt of the purchase price. attorney, may, at the option of the registered owner thereof, be exchanged for bonds of any other authorized denominations of the same aggregate principal amount and maturity date and bearing the same rate of interest as the surrendered bond.

Each bond shall be transferable only upon the books of the Drainage District, which shall be kept for that purpose by the bond registrar and paying agent, upon surrender of such bond together with a written instrument of transfer satisfactory to the bond registrar and paying agent duly executed by the registered owner or his duly authorized attorney.

The Drainage District agrees to indemnify and save the bond registrar and paying agent harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence hereunder, in so treating such registered owner.

For every exchange or transfer of bonds, the Drainage District or the bond registrar and paying agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

The bond registrar and paying agent shall not be required to transfer or exchange bonds or portions of bonds which have been selected for redemption.

<u>PRIOR REDEMPTION</u>: Bonds maturing on and after June 1, 2021, shall be subject to redemption prior to maturity, at the option of the Drainage District, in any order, on any one or more dates on and after June 1, 2020. Bonds of a denomination greater than \$5,000 may be redeemed in part in amounts of \$5,000 or any integral multiple thereof. The redemption price shall be the par value of the bond or portion of the bond called to be redeemed plus interest to the date fixed for redemption.

Not less than thirty days notice of redemption shall be given by mail to the registered owner at the registered address. Bonds or portions of bonds called for redemption shall not bear interest after the redemption date, provided funds are on hand with the bond registrar and paying agent to redeem the same.

INTEREST RATE AND BIDDING DETAILS: The bonds shall bear interest at a rate or rates not exceeding 7% per annum, to be fixed by the bids therefor, expressed in multiples of 1/8 or 1/20 of 1%, or both. The interest on any one bond shall be at one rate only and all bonds maturing in any one year must carry the same interest rate. The difference between the highest and lowest interest rate on the bonds shall not exceed 2.5 percentage points. Bonds maturing in each year shall bear interest at a rate that is not less than the rate borne by the bonds maturing in the immediately preceding year. No proposal for the purchase of less than all of the bonds or at a price less than 99% of their par value will be considered.

<u>BOOK-ENTRY-ONLY</u>: The bonds will be issued in book-entry-only form as one fully registered bond per maturity and will be registered in the name of Cede & Co., as nominee for The Depository Trust Company ("DTC"), New York, New York. DTC will act as securities depository for the bonds. Purchase of the bonds will be made in book-entry-only form, in the denomination of \$5,000 or any integral multiple thereof. Purchasers will not receive certificates representing their interest in bonds purchased.

BOND REGISTRAR AND PAYING AGENT: The bonds shall be payable as to principal in lawful money of the United States upon surrender thereof at the corporate trust office of \_\_\_\_\_\_\_\_, Michigan, the bond registrar and paying agent. Interest shall be paid to the registered owner of each bond as shown on the registration books at the close of business on the 15th day of the calendar month preceding the month in which the interest payment is due. Interest shall be paid when due by check or draft drawn upon and mailed by the bond registrar and paying agent to the registered owner at the registered address. As long as DTC, or its nominee Cede & Co., is the registered owner of the bonds, payments will be made directly to such registered owner. Disbursement of such payments to DTC participants is the responsibility of DTC and disbursement of such payments to the beneficial owners of the bonds is the responsibility of DTC participants and indirect participants. The Drainage District may from time to time as required designate a successor bond registrar and paying agent.

<u>PURPOSE AND SECURITY</u>: The bonds are to be issued pursuant to the provisions of Act 40, Public Acts of Michigan, 1956, as amended, to defray the cost of constructing improvements to the Munn Drain. The bonds are to be issued in anticipation of, and are primarily payable from,

collections of special assessments assessed against public corporations and property in the Drainage District. The full faith and credit of the Drainage District have been pledged for the making of said payments.

<u>FULL FAITH AND CREDIT OF COUNTY</u>: Pursuant to a resolution adopted by its Board of Commissioners, the County of Ottawa has pledged its full faith and credit as additional security for the payment of the principal of and interest on the bonds. In the event and to the extent that moneys required to pay such principal and interest are not collected from the aforementioned special assessments, the county will advance from its general fund moneys sufficient to pay such principal and interest. The county's ability to raise such funds is subject to constitutional limitations on the taxing power of the county.

GOOD FAITH: A certified or cashier's check drawn upon an incorporated bank or trust company, or wire transfer, in the amount of \$8,050 and payable to the order of the Treasurer of the County of Ottawa will be required of the successful bidder. The successful bidder is required to submit its good faith deposit to the Treasurer of the County of Ottawa as instructed by the Drainage District or the Drainage District's Financial Consultant not later than Noon, prevailing Eastern Time, on the next business day following the award. The good faith deposit will be applied to the purchase price of the bonds. In the event the successful bidder fails to honor its accepted bid, the good faith deposit will be retained by the Drainage District. The good faith check of the successful bidder will be immediately cashed and payment for the balance of the purchase price of the bonds shall be made at the closing.

<u>AWARD OF BONDS</u>: The bonds will be awarded to the bidder whose bid produces the lowest true interest cost to the Drainage District. True interest shall be computed by determining the annual interest rate (compounded semiannually) necessary to discount the debt service payments on the bonds from the payment dates thereof to \_\_\_\_\_\_, 2010, and to the price bid, excluding accrued interest.

<u>LEGAL OPINION</u>: Bids shall be conditioned upon the approving opinion of Dickinson Wright PLLC, attorneys of Detroit, Michigan, the original of which will be furnished without expense to the purchaser of the bonds at the delivery thereof. The fees of Dickinson Wright PLLC for services rendered in connection with such approving opinion are expected to be paid from bond proceeds. Except to the extent necessary to issue its approving opinion as to the validity of the above bonds, Dickinson Wright PLLC has made no inquiry as to any financial information, statements or materials contained in any financial documents, statements or materials that have been or may be furnished in connection with the authorization, issuance or marketing of the bonds, and accordingly will not express any opinion with respect to the accuracy or completeness of any such financial information, statements or materials.

<u>TAX MATTERS</u>: The approving opinion of bond counsel will include an opinion to the effect that under existing law, the interest on the bonds (a) is excluded from gross income for federal income tax purposes, and (b) is not an item of tax preference and is not taken into account in determining adjusted current earnings for purposes of the federal alternative minimum tax imposed on individuals and corporations. The opinion set forth in clause (a) above will be

subject to the condition that the Drainage District comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"), that must be satisfied subsequent to the issuance of the bonds in order that interest thereon be (or continue to be) excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause the interest on the bonds to be included in gross income retroactive to the date of issuance of the bonds. The Drainage District has covenanted to comply with all such requirements. Bond counsel will express no opinion regarding other federal tax consequences arising with respect to the bonds.

The Drainage District has designated the bonds as "qualified tax exempt obligations" for purposes of Section 265(b)(3) of the Code.

The successful bidder will be required as a condition of delivery of the bonds, to certify the "issue price" of the bonds within the meaning of Section 1273 of the Code, which will included a representation that at least 10 percent of each maturity of the bonds has been sold to the public at a price not exceeding the stated initial offering price. In addition, if the successful bidder will obtain a municipal bond insurance policy or other credit enhancement for the bonds in connection with their original issuance, the successful bidder will be required, as a condition of delivery of the bonds, to certify that the premium therefor will be less than the present value of the interest expected to be saved as a result of such insurance or other credit enhancement. The form of an acceptable certificate will be provided by bond counsel.

In addition, the approving opinion of bond counsel will include an opinion to the effect that under existing law, the bonds and the interest thereon are exempt from all taxation by the State of Michigan or a political subdivision thereof, except estate taxes and taxes on gains realized from the sale, payment or other disposition thereof.

<u>CUSIP</u>: CUSIP numbers will be imprinted on all bonds of this issue at the Drainage District's expense. Neither the failure to print numbers nor an improperly printed number will constitute basis for the purchaser to refuse to accept delivery. The purchaser shall be responsible for requesting assignment of numbers and for the payment of any charges for the assignment of numbers.

<u>DELIVERY OF BONDS</u>: The Drainage District will furnish bonds ready for execution at its expense. Bonds will be delivered without expense to the purchaser through DTC, New York, New York. The usual closing documents including a certificate that no litigation is pending affecting the issuance of the bonds, will be delivered at the time of the delivery of the bonds. If the bonds are not tendered for delivery by twelve o'clock noon, prevailing Eastern Time, on the 45th day following the date of sale, or the first business day thereafter if said 45th day is not a business day, the successful bidder may on that day, or any time thereafter until delivery of the bonds, withdraw his proposal by serving notice of cancellation, in writing, on the undersigned, in which event the Drainage District shall promptly return the good faith deposit. Payment for the bonds shall be made in Federal Reserve Funds.

<u>FINANCIAL CONSULTANT</u>: Further information with respect to the bonds may be obtained from Public Financial Management, Inc., 305 E. Eisenhower Parkway, Suite 305, Ann Arbor, Michigan 48108, Telephone (734) 994-9700, Financial Consultant to the Drainage District.

**Agenda Item:** Resolution of Support for Preferred Alternative (F-1a) as presented in the US-31 Holland to Grand Haven Final Environmental Impact Statement

#### SUGGESTED MOTION:

Clerk to sign the resolution of support for Preferred Alternative

To approve and authorize the Board Chair and Clerk to sign the resolution of support for Preferred Alternative (F-1a) as presented in the US-31 Holland to Grand Haven Final Environmental Impact Statement.

#### **SUMMARY OF REQUEST:**

Recently, the Federal Highway Administration (FHA) approved the Environmental Impact Statement (EIS) for the M-231 Bypass Project. The EIS was posted at various locations including Ottawa County for a public review and comment period.

Additionally, the Michigan Department of Transportation (MDOT) has requested that the County provide a resolution of support for the project. The resolution will be used to validate the County's support for the M-231 Bypass to the FHA. The County Road Commission, the Macatawa Area Coordinating Council (MACC) and the City of Grand Haven have also expressed support for this project.

Recently, the County was informed by MDOT that all comments must be submitted by Monday, March 22, 2010. Ottawa County was not informed of this deadline until Thursday, March 18, 2010. The plan was to take the resolution to the Planning and Policy Committee at their next meeting. However, since MDOT would like a resolution of support as soon as possible. The item will be placed on the agenda for the next meeting of the County Board of Commissioners. In the meantime, the letter of support and a draft of the resolution will be submitted to MDOT per their request. We have been informed that the resolution will still be accepted as long as a draft is submitted before the deadline.

#### Dear Robert:

On behalf of Ottawa County, I would like to express strong support for Preferred Alternative F-1a as proposed in the US-31 Holland to Grand Haven FEIS, which includes improvements to US-31, and the proposed new route, commonly known as the M-231 Bypass. Many residents, local agencies, and the County Road Commission are also supporting these efforts.

Improvements to US-31 will enhance safety along this high traffic corridor. Additionally, the M-231 Bypass would provide an additional Grand River crossing in the County which is long overdue and critically needed. It would also alleviate traffic congestion, reduce travel times, and improve emergency services.

Recently, the County has been encouraged by the recent progress on this project with the completion of the Final Environmental Impact Statement, and the Notice of Availability published in the Federal Register. Ottawa County is hopeful the Federal Highway Administration will approve the Record of Decision without delay in order for construction to begin as soon as possible.

Best regards

Alan G. Vanderberg, County Administrator
