SUBJECT: DEPARTMENT UPDATES

Human Services Coordinating Council – An update of the Grand Haven
Urgent Care Center was presented by Donna Cornwell.

Health Department – Dr. Heidel reported that the Health Department Flu
Clinics typically have 3,000 – 3,500 flu shots a year, but numbers have
dropped. So far in 2010, only 511 shots have been given. This possibly
could be due to the number of places offering flu shots and the weather.

Lisa Stefanovsky reported the Citizens Survey is on the web. They are
seeking feedback from the public.

Community Mental Health – An update of CMH was presented by Lynne Doyle.

Community Action Agency – Mark Kornelis informed the Committee that CAA has had staffing changes and they have been dealing with fewer staff. CAA has also taken on the responsibility of disbursing about \$200,000 in federal grants.

Administrator – The Administrator reported attending the Lakeshore Coordinating Council Meeting last week. LCC receives Medicaid money for substance abuse. He is trying to get LCC to move the Medicaid dollars to Muskegon CMH. This would be more efficient due to co-occurring disorders with mental health and substance abuse. This has been difficult because the LCC Board and Director have not wanted to give up the Medicaid dollars.

SUBJECT: ADJOURNMENT

HHS 10-024 Motion: To adjourn at 9:25 a.m.
Moved by: Karsten
