#### Notes to Finance and Administration Committee

- 1. Statute requires that we amend the apportionment report for millages that are approved at the November election. We are reasonably sure we will have to amend the report because of a fire millage in Wright Township. That will have to go the November Finance Committee and Board meetings.
- 2. Public Acts 184 & 185 allow local units to collect winter taxes on the summer tax bill for parcels where the winter tax is \$100 or less. Holland City and Zeeland City are both interested in doing this. If they decide to go with this option we will need to approve the tax rates for those units in June of 2013. So we would be doing a partial apportionment report in June.
- 3. HB 5219 which is in committee right now, if passed, will limit millage proposals to the November ballot of even numbered years. Taxing units will have to watch when their millages expire and get them on those ballots. Any new millages or emergency millages (to cover an unforeseen expense) will have to wait for the even year November elections.

Board of Commissioners Ottawa County, Michigan

Ladies and Gentleman:

The Ottawa County Equalization Department has prepared this report as authorized by the Finance and Administration Committee of the Ottawa County Board of Commissioners. This book presents an analysis of tax levies in Ottawa County as they relate to County, Townships, Village, Cities, Local School Districts, State Education Tax, Intermediate School Districts, Community Colleges, District Libraries and Authorities. Taxable valuation totals are those presented in April at the Equalization hearing minus the values attributed to Senior Citizen and Disabled Family Housing properties. For tax purposes those properties are considered as Payment in Lieu of Taxes property. The taxable valuations do not represent current taxable valuations after adjustments due to changes ordered by the July Board of Review, State Tax Commission, Michigan Tax Tribunal, and others.

The statutory responsibilities of the County Board of Commissioners in this matter are listed below:

THE GENERAL PROPERTY TAX ACT (EXCERPT) Act 206 of 1893 211.37

Sec. 37.

The county board of commissioners, either at a session held not later than October 31 in each year or at a special meeting held for a local tax collecting unit that approves under section 44a(2) the accelerated collection in a summer property tax levy of a millage that had been previously billed and collected as in a preceding tax year as part of the winter property tax levy, shall ascertain and determine the amount of money to be raised for county purposes, and shall apportion the amount and also the amount of the state tax and indebtedness of the county to the state among the several townships in the county in proportion to the valuation of the taxable real and personal property as determined by the board, or as determined by the state tax commission upon appeal in the manner provided by law for that year, which determination and apportionment shall be entered at large on county records. The board, at a session held not later than October 31 in each year, shall also examine all certificates, statements, papers, and records submitted to it, showing the money to be raised in the several townships for school, highway, drain, township, and other purposes. It shall hear and consider all objections made to raising that money by any taxpayer affected. If it appears to the board that any certificate, statement, paper, or record is not properly certified or is in any way defective, or that any proceeding to authorize the raising of the money has not been had or is in any way imperfect, the board shall verify the same, and if the certificate, statement, paper, record, or proceeding can then be corrected, supplied, or had, the board shall authorize and require the defects or omissions of proceedings to be corrected, supplied, or had. The board may refer any or all the certificates, statements, papers, records, and proceedings to the prosecuting attorney, who shall investigate and without delay report in writing his or her opinion to the board. The board shall direct that the money proposed to be raised for township, school, highway, drain, and all other purposes authorized by law shall be spread upon the assessment roll of the proper townships, wards, and cities. This action and direction shall be entered in full upon the records of the proceedings of the board and shall be final as to the levy and assessment of all the taxes, except if there is a change made in the equalization of any county by the state tax commission upon appeal in the manner provided by law. The direction for spread of taxes shall be expressed in terms of millages to be spread against the taxable values of properties and shall not direct the raising of any specific amount of money. This section does not apply when section 36(2) applies and shall not prevent the township clerk from providing a certification to the county clerk pursuant to section 36(1). If a certification is provided pursuant to section 36(1), the county board of commissioners shall meet and direct or amend its direction for the spread of millages by local units in the county pursuant to the certification.

Respectfully submitted,

Michael R. Galligan, Director Ottawa County Equalization Department

Agenda Item: PA 2 Substance Abuse Funding Administration and
Distribution

#### SUGGESTED MOTION:

To approve and forward to the Board of Commissioners the recommendation to rescind the December 23, 2008 Resolution regarding PA 2 Substance Abuse Funding administration and distribution and to adopt the new Resolution for administration and distribution of PA 2 Substance Abuse Funding to the Lakeshore Coordinating Council (LCC).

### **SUMMARY OF REQUEST:**

In 2008 after much difficulty dealing with the LCC for PA 2 administration and distribution processes, the Board of Commissioners adopted a new procedure whereby the Board assumed control over distribution of 50% of the PA 2 Liquor Tax revenue, which typically was allotted to the LCC for distribution. County staff has distributed the funds since that time.

The change in leadership at LCC has resulted in a new era of good management at LCC and better cooperation between LCC and its member and partner agencies . At this time, we believe LCC is ready to assume management of the 50% PA 2 Liquor Tax revenue once again.

**SUBJECT:** Lakeshore Coordinating Council and PA 2 Funding Changes

The Strategic Plan of the Board of Commissioners identified a goal of providing the most effective administration and funding for co-occurring mental health/substance abuse services in 2012. Many of you are aware of a history of disagreement regarding administration of PA 2 funding with the Lakeshore Coordinating Council (LCC). This memorandum is intended both as a brief update on the topic, but also to recommend changes to the relationship with LCC and the current handling of PA 2 funds as outlined in the **attached** Resolution.

A report by the Planning and Performance Improvement Department in 2006, followed by intensive work and recommendations by County Administration in 2008, resulted in the attached Resolution adopted December 23, 2008, by the Board of Commissioners. That Resolution established a process whereby 50% of the PA 2 funds were forwarded to LCC, and then immediately returned to the County for distribution and utilization for substance abuse prevention and treatment programs within Ottawa County. While the exchange of the 50% of funding was done to satisfy state law and obtain matching funds for LCC, the distribution of funding was taken over by the County in recognition of issues and concerns with LCC.

Much work has been done in the past year, by Commissioners serving on the LCC Board, Community Mental Health staff and others, to correct the issues and concerns and improve the relationship with LCC. Meetings with and information from new LCC Executive Director Kori White-Bissot, confirm an organizational commitment and capacity to better analyze the needs in our community, work with the provider network to meet those needs, and analyze and hold accountable that provider network for the use of public funding.

As a result of these improvements, the overall process and specific items contained in the December 23, 2008 Resolution is no longer the optimal method for the County to distribute and utilize PA 2 funding. Rather, it is recommended that LCC work with Ottawa County in proposing a yearly budget for PA 2 funding, contract directly with various providers (including Ottawa County CMH) for the provision of substance abuse prevention and treatment services, and provide oversight and monitoring of the various service providers. These recommendations will be included in a resolution that will also rescind the December 23, 2008 Resolution.

Kori White-Bissot and County staff will be present at the meeting to answer any questions you might have regarding these proposed changes. An update will also be provided at an upcoming Health and Human Services Committee meeting on this topic.

#### SUGGESTED MOTION:

To approve and forward to the Board of Commissioners the membership to the Alliance for Innovation in collaboration with Arizona State University and ICMA at a cost of \$7,500 to be paid from funds set aside for the 4 C's Strategic Initiative.

### **SUMMARY OF REQUEST:**

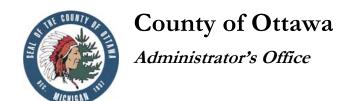

The Alliance for Innovation, Transforming Local Government, is a forum for sharing ideas and solutions in government, including reflection, analysis, and debate. Unique to the Alliance, every employee is a member and eligible for all discounts, resources, services, and benefits. The Regional Director provides onsite assistance with each organizations' projects, services, and programs.

The services provided by the Alliance are as follows: Access to Innovative Content includes news alerts, leading practices, and awards. The Knowledge Network is a tool to collaborate with over 25,000 local government leaders. The Ambassador Program designates an ambassador or primary point of contact to distribute information and coordinate active engagement. Free job postings are offered through the Alliance website and a Members Group Reading List provides reading suggestions for the organizations' book club. The Transforming Local Governments annual conference attracts attendees from local governments that are deliberately seeking new and innovative ways to meet new challenges and provide high quality service to the communities they serve.

The Alliance would provide Ottawa County with a major tool to foster more innovation on a mass scale to all employees as the organization strives for more efficiency and cost savings. The University of Arizona said, "82% of Alliance members are above the average rate in their adoption of innovative practices, and over half are in the very high category."

The value of the membership will be evaluated after one year, to ensure the return justifies the price.

The Regional Director provides onsite assistance with each organizations' projects, services and programs. Of the 300 members, the Central Region includes 70 members. Three are in Michigan, City of Novi, City of Ann Arbor and Washtenaw County with more possibly joining. Thirty Eight Counties are members nationwide.

The services provided by the Alliance are as follows:

- Access to Innovative Content includes news alerts, leading practices and awards. A monthly e-newsletter highlights innovation and is distributed along with innovation case studies and white paper research.
- The **Knowledge Network** is a tool to collaborate with over 25,000 local government leaders, post and respond to questions and join ongoing dialogue to share local government topics. Every member can utilize on-demand webinars and digital documents.
- The **Ambassador Program** designates an ambassador or primary point of contact to distribute information and coordinate active engagement. This person will receive email updates, tips, strategies to innovation ideas.
- Free Job Postings are offered through the Alliance website and included in the bi-monthly Alliance Job Center electronic newsletter.
- A Members Group Reading List provides reading suggestions for the organizations' book club.
- This is what the Alliance says about the **Transforming Local Government Conference**. "TLG is different from any other conference you will attend. TLG attracts attendees from local governments that are deliberately seeking new and innovative ways to meet new challenges and provide high quality service to the communities they serve. TLG is recognized for its dynamic content, which encourages team building, free thinking and fosters

unprecedented ideas. Participants hear presentations directly from the teams that have created some of the most innovative programs and projects in local government today."

The Alliance would provide Ottawa County with a major tool to foster more innovation on a mass scale to all employees as the organization strives for more efficiency and cost savings. The \$7500 membership fee would be paid for by the 4C initiative funding. In addition, it's possible to defer some of the cost by hosting webinar and trainings to other local units, charging them a small fee. James Svara, Director of Center of Urban Innovation with Arizona State University said, "82% of Alliance members are above the average rate in their adoption of innovative practices, and over half are in the very high category."

**TO:** Chair Swartout and the Finance and Administration Committee

**FROM:** Keith Van Beek, Assistant County Administrator

**SUBJECT:** Discussion on Mileage for Commissioners

The Finance and Administration Committee has discussed two times in the past year the issue for which meetings mileage would be paid to commissioners. For reference, I have **attached** the memorandum prepared in advance of each discussion (12/13/11 and 1/10/12).

The most recent decision by the Board of Commissioners was to link mileage payments to the list of "Approved Committees and Rates" (attached) adopted annually which established the meetings for which per diem payments were made to commissioners. This action established that mileage reimbursement would be limited to those meetings for which per diem payments were made, and nothing more. The Officers' Compensation Commission (OCC) determination, adopted by the Board of Commissioners, discontinues the per diem payments effective January 1, 2013.

That action by the Board returns the question of how commissioners would determine and submit mileage requests for reimbursement. The same basic process could be upheld by retitling the current "Approved Committees and Rates" document to apply to mileage reimbursement. If so desired, the Finance and Administration Committee could review and recommend to the Board of Commissioners this document as the approved list of meetings that are eligible for mileage reimbursement. Any suggestions for change could then be brought through the same approval process, Finance and Administration and to the Board of Commissioners.

**DATE:** December 13, 2011

**TO:** Chair Swartout and the Finance and Administration Committee

**FROM:** Keith Van Beek, Assistant County Administrator

**SUBJECT:** Information Regarding Discussion on Mileage for Commissioners

It has been requested that the Finance and Administration Committee have on their agenda in December a discussion item regarding the mileage policy of Commissioners. To assist with that discussion this memorandum is intended to provide a background on the matter, including the existing policies that speak to the matter and where it might be appropriate to reflect any policy changes the Board might wish to consider.

As a frame of reference, the mileage paid for commissioner travel in 2010 was \$13,756 and so far in 2011 has been \$12,700.

In checking with other counties we found the following in regards to policies and procedures for mileage paid to commissioners;

Kent County – mileage paid to commissioners for "county business", and the reimbursements for commissioners approved by the Board Chair, while the Vice Chair approves the reimbursements for the Chair

Allegan County – mileage paid as required to travel for work or work related training

Each year the Board holds an organizational meeting on the first business day after January 1, at which a set of Board Rules are typically adopted for that year. Within those Board Rules is Section 4.5(b), which reads:

"The members of all Special Committees who are members of the Board of Commissioners shall be paid for work done by authority of the Board of Commissioners at the same rate of pay allowed Commissioners for meetings of the Board of Commissioners, together with the necessary mileage allowance as provided by law, in accordance with the provisions of the Ottawa County Per Diem Policy."

The referenced per diem policy is actually titled the "Per Diem Expense and Mileage Policy" within the adopted set of policies of the Board. That policy is attached to this memorandum, and establishes the process by which annually the Board approves the list of committees for which Board members are compensated, namely the "Board of Commissioners Approved Committees and Rates" document that has been reviewed by the Planning and Policy Committee and will be forwarded to the full Board at the January organizational meeting.

Additionally, the policy has a clause that addresses mileage. The rate is to be the current rate allowed by the IRS and submitted through the monthly voucher system. The matter for discussion is apparently the current phrase in the policy that states, "Mileage is payable for any travel determined by the Board of Commissioners to be "county business"." The procedure that

currently exists that would allow Commissioners to determine what would or would not qualify as "county business" is the statement of review approved monthly on Finance and Administration and Board agendas. If the Board wishes to further define "county business", the Per Diem Expense and Mileage Policy would be the appropriate place to capture and reflect that definition.

Please contact me at (616) 738-4642 with any questions or concerns regarding this matter.

**DATE:** January 10, 2012

**TO:** Chair Swartout and the Finance and Administration Committee

**FROM:** Keith Van Beek, Assistant County Administrator

SUBJECT: Further Information Regarding Discussion on Mileage and Per Diem

**Meetings for Commissioners** 

The Finance and Administration Committee requested at the last meeting more information regarding both the "Approved Committees and Rates" (attached) document which lists the meetings for which commissioners receive per diem payments and for what matters mileage could be paid to commissioners for "county business".

The first item you requested was if additional meetings should be added to the "Approved Committees and Rates" document for per diem payments. There are five that I would include for further consideration; Brownfield Redevelopment Authority, Kent Ottawa Muskegon Foreign Trade Zone Authority, Land Bank Authority, Economic Development Corporation and WEMET. These meetings seem to fit a criterion that a commissioner does not simply attend an event or a meeting, but sits as a member in a deliberative capacity.

The second item you requested was how, if at all, "county business" could be further defined to provide clarification for commissioners on what may or may not be appropriate for mileage payments. It seems there are three general approaches the commission could take to this issue:

- 1. <u>Continue as is.</u> Commissioners would still submit mileage requests via the monthly voucher system. If a commissioner wanted to discuss the appropriateness of a mileage submittal that could be done as the Statement of Review is reviewed and approved by the Finance and Administration Committee and Board.
- 2. <u>Limit Mileage to Meetings on the "Approved Committees and Rates"</u>
  <u>Document</u>. This would be very descriptive and easily administered as mileage could only be submitted as paired to a meeting submitted for a per diem payment.
- 3. <u>Limit Mileage to the "Approved Committees and Rates" Meetings Plus Other Events</u>. There was discussion at your meeting that other events may warrant consideration beyond the "Approved Committees and Rates" meetings. A list was compiled (attached) that attempts to group into similar categories all mileage submitted in 2011 on per diem and mileage vouchers, minus all meetings already included on the "Approved Committees and Rates" document.

Please contact me at (616) 738-4642 with any questions or concerns regarding this matter.

**DATE:** October 5, 2012

**TO:** Chair Swartout and the Finance and Administration Committee

FROM: Keith Van Beek, Assistant County Administrator

**SUBJECT:** Discussion on Health Insurance for Ottawa County Road Commissioners

Staff was asked to bring forward information regarding the compensation of appointed Road Commissioners, especially in light of the change effective January 1, 2013, when County Commissioners no longer have health insurance as part of their compensation. The Board of Commissioners has the authority to establish the compensation for the appointed Road Commissioners. This memorandum is intended to provide background information and relevant data to support a discussion and decision of the Board of Commissioners in relation to this question.

By action of the Board of Commissioners, the Road Commission was expanded from three (3) to five (5) members effective January 1, 2011 (see attached). As part of that action, new salaries were set for new Road Commissioners. This was an interesting exercise in that Michigan law (MCL 45.421) establishes that the "annual salaries of all salaried county officers ... shall not be diminished during their term of office." This resulted in a difference in the annual salary for existing Road Commissioners, whereby incoming Commissioners were compensated at \$4,800 and the existing Road Commissioners received \$8,000. Newly appointed (or re-appointed) members will then receive the new rate of \$4,800 effective upon the commencement of a new term.

An Attorney General's opinion has established that fringe benefits are "compensation" but are not within the category of salary. When applied to this question, the Board of Commissioners could reduce or remove health insurance or other fringe benefit during the course of an existing appointed official's term of office. Commissioners will recall that the Officers' Compensation Commission considered, and then determined to raise the recommended salary of Board of Commissioners in recognition that health insurance was discontinued as a fringe benefit.

Similar to data collected to assist the Officers' Compensation Commission in determining the salary for elected officials, data was collected and is **attached** showing salary data for comparable counties in Michigan.
