Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, the Bureau of Justice Assistance (BJA) seeks to award Edward Byrne Memorial Justice Assistance Grant (JAG) Program funds to eligible units of local government. (BJA will issue a separate solicitation for applications from states).

For more information on the JAG Program, please refer to the [JAG Fact Sheet](#) and/or [JAG Frequently Asked Questions \(FAQs\)](#).

Statutory Authority: The JAG Program is authorized by Title I of Public Law 90-351 (generally codified at [34 U.S.C. 10151-10726](#)), including subpart 1 of part E (codified at 34 U.S.C. 10151-10158); see also 28 U.S.C. 530C(a).

Specific Information

Statutory Formula

JAG awards are based on a statutory formula that is fully described within the [JAG Technical Report](#). Once each fiscal year's overall JAG Program funding level is determined, BJA works with the Bureau of Justice Statistics to begin a four-step grant award calculation process, which, in general, consists of:

1. Computing an initial JAG allocation for each state, based on its share of violent crime and population (weighted equally).
2. Reviewing the initial JAG allocation amount to determine if the state allocation is less than the minimum award amount defined in the JAG legislation (0.25 percent of the total). If this is the case, the state is funded at the minimum level, and the funds required for this are deducted from the overall pool of JAG funds. Each of the remaining states receives the minimum award plus an additional amount based on its share of violent crime and population.
3. Dividing each state's final award amount (except for the territories and the District of Columbia) between the state and its units of local governments at rates of 60 and 40 percent, respectively.
4. Determining award allocations for the units of local government, which are based on their proportion of the state's 3-year violent crime average. If the "eligible award amount" for a particular unit of local government, as determined on this basis, is \$10,000 or more, then the unit of local government is eligible to apply directly to OJP (under the JAG Local Solicitation) for a JAG award. If the "eligible award

amount” for a particular unit of local government, as determined on this basis, is less than \$10,000, the funds are not made available for a direct award to that particular unit of local government, but instead are added to the amount that is awarded to the state.

Allocation Determination and Units of Local Government Requirements Regarding Use of JAG Funds

Eligible allocations under JAG are posted annually on the [JAG web page](#).

According to the JAG Program statute, a “disparity” may exist between the funding eligibility of a county and its associated municipalities. See [34 U.S.C. § 10156\(d\)\(4\)](#). Units of local government identified by BJA as disparate must select a fiscal agent that will submit an application for the allocation to include all disparate municipalities. A memorandum of understanding (MOU) that identifies which jurisdiction will serve as the applicant or fiscal agent for joint funds must be completed and signed by each participating jurisdiction’s authorized representative. Once an award is made, the fiscal agent will be responsible for distributing award funds to the other jurisdictions in the disparate group through subawards that include all appropriate award conditions. To verify eligibility, an applicant should visit the [JAG web page](#) and click on their respective state and note the following regarding the state’s allocation table:

1. Disparate units of local government are listed in shaded groups, in alphabetic order by county. Units of local government identified as disparate must select one unit of local government to submit an application on behalf of the disparate group.
2. Counties that have an asterisk (*) under the “Direct Allocation” column did not submit the level of violent crime data to qualify for a direct award from BJA but are in the disparate grouping indicated by the shaded area. The JAG legislation requires these counties to remain a partner with the local jurisdictions receiving funds and must be a signatory on the required MOU.
3. Direct allocations are listed alphabetically below the shaded disparate groupings.

Please note that disparate jurisdictions do not need to abide by the listed individual allocations, which are provided for information only. Jurisdictions in a funding disparity are responsible for determining individual amounts within the Eligible Joint Allocation and documenting individual allocations in the MOU. See the [JAG FAQs](#) for more information. A [sample MOU](#) is also available.

Statutory Program Areas

In general, JAG funds awarded to a unit of local government under the FY 2023 program may be used to hire additional personnel and/or purchase equipment, supplies, contractual support, training, technical assistance, and information systems for criminal justice or civil proceedings, including for any one or more of the following program areas:

1. Law enforcement programs.

2. Prosecution and court programs.
3. Prevention and education programs.
4. Corrections and community corrections programs.
5. Drug treatment and enforcement programs.
6. Planning, evaluation, and technology improvement programs.
7. Crime victim and witness programs (other than compensation).
8. Mental health programs and related law enforcement and corrections programs, including behavioral programs and crisis intervention teams.
9. Implementation of state crisis intervention court proceedings and related programs or initiatives, including, but not limited to, mental health courts, drug courts, veterans courts, and extreme risk protection order programs.

In connection with all of the above purposes, it should be noted that the statute defines “criminal justice” as “activities pertaining to crime prevention, control, or reduction, or the enforcement of the criminal law, including, but not limited to, police efforts to prevent, control, or reduce crime or to apprehend criminals, including juveniles, activities of courts having criminal jurisdiction, and related agencies (including but not limited to prosecutorial and defender services, juvenile delinquency agencies and pretrial service or release agencies), activities of corrections, probation, or parole authorities and related agencies assisting in the rehabilitation, supervision, and care of criminal offenders, and programs relating to the prevention, control, or reduction of narcotic addiction and juvenile delinquency.”

BJA Areas of Emphasis

BJA recognizes that many state and local justice systems currently face challenging fiscal environments and an important, cost-effective way to relieve those pressures is to share or leverage resources through cooperation among federal, state, and local law enforcement. Key areas of priority for BJA include advancing justice system reform efforts, advancing racial equity and support for underserved communities, preventing and combating hate crimes, crime and violence reduction strategies, and community violence intervention (CVI) approaches. BJA encourages recipients of FY 2023 JAG funds to consider coordination with federal law enforcement agencies and other stakeholders, including communities most impacted by crime and violence, in addressing these challenges. Additional details on the BJA areas of emphasis can be found below:

Advancing Justice System Reform Efforts

The justice system serves an important role in protecting communities and seeking justice for victims. For the justice system to serve that role effectively, it must be fair, open, and equitable; utilize evidence-based approaches; and promote restorative practices and rehabilitation. For far too long, however, the justice system has not lived up to its promise. Racial bias and injustice and overly harsh sentences have swelled correctional populations which not only exacerbates distrust in the justice system, but also destabilizes the wellbeing of communities. To build strong, safe, and healthy communities, it is critical to address the underlying,

entrenched issues of inequity and disparity in the criminal justice system so that all persons receive equal treatment under the law. Jurisdictions must carefully review the ways in which the structures and incentives within their own systems are driving correctional populations and racial disparities and realign operations and target resources toward community solutions.

Consistent with President Biden's [Executive Order 14074](#), Advancing Effective, Accountable Policing and Criminal Justice Practices To Enhance Public Trust and Public Safety, and the [Safer America Plan](#), DOJ is committed to advancing bold, effective justice reform solutions that deliver safety, equity, and justice for all. Justice system reform includes, but is not limited to, a wide range of investments in community safety and justice such as accountability of law enforcement to build community trust, alternatives to incarceration, community supervision reforms, support for mental health and substance use treatment services, community-driven programs and partnerships, and enhancing pretrial processes. Efforts to continue to address the backlog of court cases created during the pandemic would fall in this category. BJA encourages JAG recipients to utilize funding for projects that promote all aspects of justice system reform.

Advancing Racial Equity and Support for Underserved Communities

Consistent with the Presidential [Memorandum on Restoring the Department of Justice's Access-to-Justice Function and Reinvigorating the White House Legal Aid Interagency Roundtable](#) and [Executive Order 13985](#), Advancing Racial Equity and Support for Underserved Communities Through the Federal Government, DOJ is committed to ensuring equal access to justice and identifying and reducing disparities that exist throughout the criminal and civil legal systems, and to remove barriers to ensure equal opportunity for people of color and for communities that have been historically underserved, marginalized, and adversely affected by inequality. This commitment is evidenced by the April 14, 2022, [Equity Action Plan](#) designed to increase equity, opportunity, and resources for the most vulnerable communities.

BJA encourages JAG recipients to utilize funds to support efforts at the state, territory, local, and tribal levels to institute more effective and equitable criminal justice policies and practices, foster public trust, and enhance public safety and security by increasing engagement with community members and building partnerships with community organizations to develop a shared vision and approach to addressing crime. This includes support for strategies to ensure the protection of defendants' and incarcerated individuals' constitutional rights and safety and efforts to address wrongful convictions and conviction integrity. This also includes supporting technological or personnel upgrades to provide more equitable access to justice, including language access resources, resources to better serve those with disabilities, and indigent defense services. Finally, this can include efforts to build partnerships between the criminal justice system and nonprofits to

provide support for collaborative, community-driven and informed efforts, such as community-based diversion programs outside of the criminal justice system, increasing access to resources to support the right to counsel, and developing community-driven and informed prevention programs or responses to violent crime.

Preventing and Combating Hate Crimes

Hate crimes (sometimes called bias-motivated crimes) are criminal offenses motivated by some form of bias toward victims based on their perceived or actual race, color, ethnicity, religion, national origin, sexual orientation, gender, gender identity, or disability. Hate crimes have a devastating effect beyond the harm inflicted on any one victim. They reverberate through families, communities, and the entire nation as others fear that they too may be threatened, attacked, or forced from their homes because of what they look like, who they are, where they worship, who they love, or whether they have a disability. As with most other crimes, hate crimes in the United States are primarily investigated under state law and prosecuted by local, state, and tribal authorities. However, reluctance from victims and witnesses to contact law enforcement about hate crime incidents may arise from perceptions of bias, distrust of law enforcement or the criminal justice system, or barriers such as language or concerns about immigration status. Hate crimes are chronically underreported to and under-identified by law enforcement. Tools such as the [U.S. Bureau of Justice Statistics' National Crime Victimization Survey \(NCVS\)](#) and the Federal Bureau of Investigation's (FBI's) Uniform Crime Reporting (UCR) program shed some light on trends among those hate crimes reported to law enforcement or through NCVS. Although hate crimes are often underreported, in recent years, there have been alarming spikes in hate crimes and threats of violence across the country, often fueled by online hate forums. In 2021 and 2022, there were several attacks on houses of worship, threats against Historically Black Colleges and Universities, and increased attacks on Asian Americans. Though many jurisdictions are facing significant increases in hate crimes and hate incidents, [a recent research study and survey from the National Institute of Justice \(NIJ\)](#) indicates that many state and local law enforcement agencies do not have adequate tools to identify, investigate, and respond to hate crimes, and only 23 percent of law enforcement agencies that responded to the survey reported any hate crime investigations in 2018.

In September 2022, Attorney General Merrick Garland [announced that all 94 U.S. Attorneys' offices](#) would be implementing the United Against Hate Program and emphasized that eliminating hate and bias-motivated crimes is one of DOJ's top priorities, and combating hate crimes and promoting trust and accountability in law enforcement was one of the Department's priority goals for fiscal year 2023. BJA encourages JAG recipients to utilize funding to promote change and accountability by supporting state, local, and tribal efforts to prevent hate crimes, improve data collection and reporting of hate-related criminal offenses and incidents, and promote efforts to fully investigate and prosecute hate crimes when they do occur.

This includes ensuring those agencies that have not yet transitioned to the National Incident Based Reporting System (NIBRS) do so expeditiously to ensure that national hate crime statistics are as accurate as possible. More information on BJA's portfolio addressing hate crimes, including the [Emmett Till Cold Case Investigations](#) and [Matthew Shepard and James Byrd, Jr. Hate Crimes](#) programs, can be found at: [Hate Crime | Bureau of Justice Assistance \(ojp.gov\)](#).

Crime and Violence Reduction Strategies

The Biden–Harris Administration and DOJ have made crime and violence reduction a top priority. In May 2022, President Biden signed [Executive Order 14074](#), Advancing Effective, Accountable Policing and Criminal Justice Practices to Enhance Public Trust and Public Safety, which states, “since early 2020, communities around the country have faced rising rates of violent crime, requiring law enforcement engagement at a time when law enforcement agencies are already confronting challenges of staffing shortages and low morale.” According to an analysis of 27 cities conducted by the Council on Criminal Justice, the number of homicides in 2022 declined 4 percent over 2021, yet the homicide rate remained 34 percent higher than 2019 levels. Also, preliminary data compiled by the [National Law Enforcement Officers Memorial Fund](#) indicate that as of December 31, 2022, 226 federal, state, tribal, and local law enforcement officers died in the line of duty in 2022. Line-of-duty-related deaths continue to be a top concern. Sixty-four law enforcement officers were killed feloniously by firearms in 2022, which is an increase over the historical number of deaths by gunfire seen in the prior decade (2010–2020 saw an average of 53).

BJA encourages JAG grantees to invest funds to tailor programs and responses to state and local crime issues through the use of data and analytics; coordinate with United States Attorneys and Project Safe Neighborhoods grantees in order to leverage funding for crime and violence reduction projects and coordinate their law enforcement activities with those of federal law enforcement agencies such as the FBI, the Bureau of Alcohol, Tobacco, Firearms and Explosives, the Drug Enforcement Administration, the United States Marshals Service, and the Department of Homeland Security; and form partnerships with federal, state, and local law enforcement and prosecutors to identify persons who use guns to commit a crime and who purchase or sell guns illegally. This includes ensuring that persons prohibited from purchasing firearms (see e.g., 18 U.S.C. § 922(g)) are deterred from doing so by enhancing complete, accurate, and timely access to the FBI's National Instant Criminal Background Check System (NICS) and the timely submission of all necessary records into the FBI databases, which will help prevent illegal transfers of firearms to those who are prohibited from owning firearms under current law. BJA also encourages JAG grantees to invest in implementing programs that provide training, assistance, and resources to law enforcement agencies to mitigate the current crisis in law enforcement recruitment and retention, bolster the security of at-risk places of worship such as synagogues, churches, and mosques, provide

security for prosecutors and elections, enhanced community policing and crime prevention, enforcement of commonsense gun laws, and upgrade systems and/or purchase technology that support agency strategies to reduce violent crime and enhance their capacity to better address crime.

Community Based Violence Intervention (CVI) Approaches

In April 2021, the [Biden–Harris Administration announced historic investments in CVI](#) efforts to combat the gun violence epidemic. CVI is an approach that uses evidence-informed strategies to reduce violence through tailored, community-centered initiatives. These multidisciplinary strategies engage individuals and groups to prevent and disrupt cycles of violence and retaliation and establish relationships between individuals and community assets to deliver services that save lives, address trauma, provide opportunity, and improve the physical, social, and economic conditions that drive violence. On February 16, 2023, Attorney General Garland [delivered remarks](#) at a convening of grantees under OJP’s [Community Based Violence Intervention and Prevention Initiative](#). He emphasized that DOJ’s approach to disrupting violent crime is: “centered on our partnerships – both with the communities harmed by violent crime and with the law enforcement agencies that protect those communities. Our approach is centered on building public trust. We know that we cannot do our jobs effectively without the trust of the communities we serve. Our department-wide anti-violent crime strategy leverages the resources of our federal prosecutors, agents, investigators, grant programs, and criminal justice experts towards those ends. We are working closely with local and state law enforcement agencies, with officials across government, and with the communities most affected by this violence, and with the community organizations on the front lines – all toward one goal: the goal of making our communities safer.”

BJA encourages JAG recipients to invest JAG funds to tailor programs to build strong, sustained partnerships with community residents and organizations to support CVI work in communities most impacted by violent crime. CVI strategies typically focus on high-risk individuals and gang and gun violence as well as the historical and structural challenges that often contribute to community violence. CVI strategies should involve holistic, coordinated interventions attending to the multiple needs of individuals at high risk of gang and gun violence. For example, hospital-based violence intervention programs use credible messengers to connect with victims of gun violence while they are still in the hospital, and then wraparound services are typically provided to them such as behavioral health support, employment access, housing advocacy, and family support. More information on CVI strategies is available through [BJA’s National Training and Technical Assistance Center \(NTTAC\)](#) and on [BJA’s website](#) at: <https://bjaojp.gov/program/community-violence-intervention/overview>. BJA encourages JAG recipients to partner with organizations with existing CVI strategies to support and enhance those programs, which may include organizations funded under OJP’s Community Based Violence Intervention and Prevention Initiative (CVIPI). To identify and learn

more about existing CVIPI grantees, review [OJP's CVIPI web page](#) and FY 2022 CVIPI award information. In addition, jurisdictions looking to implement those strategies can request training and technical assistance (TTA) on the [NTTAC website](#).

Additional Uses of JAG Funds

JAG funds awarded under this FY 2023 solicitation may also be used to:

- Support reentry projects with the goal of improving outcomes for incarcerated individuals returning to the community from prison or jail.
- Support projects related to preventing, detecting, seizing, and/or stopping the presence and use of contraband cellphones within correctional facilities. This includes the purchasing of managed access systems and other mitigation technologies (as permitted by applicable law).
- Purchase fentanyl and methamphetamine detection equipment, including handheld instruments and training for law enforcement safety, as well as opioid reversal agents.
- Purchase drug-detection canines to combat the rise of drug trafficking, including that of methamphetamines.
- Support efforts to seal and expunge criminal history information in accordance with state laws and policies.
- Support efforts to attract and retain an all-inclusive, diverse, expert, and accountable law enforcement workforce, with a focus on gender and racial diversity.
- Support virtual reality de-escalation training.
- Purchase humane remote restraint devices that enable law enforcement to restrain an uncooperative subject without inflicting pain.
- Purchase gunfire detection technology.
- Promote data sharing and sex offender monitoring.

Additionally, JAG funds awarded under this FY 2023 solicitation may be used for any purpose indicated here: [Purposes for Which Funds Awarded Under the Edward Byrne Memorial Justice Assistance Grants \(JAG\) Program May Be Used \(ojp.gov\)](#).

Limitations on the Use of JAG funds

Administrative Costs — Up to 10 percent of a JAG award, including up to 10 percent of any earned interest, may be used for costs associated with administering the award, which can include indirect costs.

Supplanting — JAG funds may not be used to supplant state or local funds but must be used to increase the amount of such funds that would, in the absence of federal funds, be made available. See the [JAG FAQs](#) for examples of supplanting. Although supplanting is prohibited, BJA encourages the leveraging of federal funding.

Matching Funds — Absent specific federal statutory authority to do so, JAG award funds may not be used as a match for other federal awards.

Prohibited and Controlled Equipment and Associated Procedures under JAG — The JAG statute, at [34 U.S.C. § 10152\(d\)](#), specifically identifies a list of prohibited items. In addition, consistent with [Executive Order 14074](#), Advancing Effective, Accountable Policing and Criminal Justice Practices To Enhance Public Trust and Public Safety of May 25, 2022, the use of OJP grant funds for the purchase or transfer of certain equipment has been designated as prohibited or controlled starting with FY 2023 OJP grant funds. Details and associated procedures for requesting prior approval, where applicable, can be found in the [JAG Prohibited and Controlled Equipment Guidance](#) and the [JAG FAQs](#).

Note: The use of BJA grant funds for unmanned aircraft systems (UAS), including unmanned aircraft vehicles (UAV) and/or any accompanying accessories to support UAS or UAV devices/systems, is unallowable.

Other Program Requirements

A unit of local government that applies for and receives an FY 2023 JAG award must note the following:

Trust Fund — Units of local government may draw down JAG funds either in advance or on a reimbursement basis. To draw down in advance, a trust fund must be established in which to deposit the funds. The trust fund must be in an interest-bearing account, unless one of the exceptions in 2 C.F.R. § 200.305(b)(8) apply. If subrecipients draw down JAG funds in advance, they also must establish a trust fund in which to deposit the funds. For additional information, see [2 C.F.R. § 200.305](#).

Minimum Requirements for Extreme Risk Protection Order Programs (ERPOs) — ERPOs must include, at a minimum—

1. Pre-deprivation and post-deprivation due process rights that prevent any violation or infringement of the Constitution of the United States, including, but not limited to, the Bill of Rights and the substantive or procedural due process rights guaranteed under the fifth and 14th amendments to the Constitution of the United States, as applied to the states and as interpreted by state courts and United States courts (including the Supreme Court of the United States). Such programs must include, at the appropriate phase to prevent any violation of constitutional rights, at minimum, notice, the right to an in-person hearing, an unbiased adjudicator, the right to know opposing evidence, the right to present evidence, and the right to confront adverse witnesses.
2. The right to be represented by counsel at no expense to the government.
3. Pre-deprivation and post-deprivation heightened evidentiary standards and proof which mean not less than the protections afforded to a similarly situated litigant in

federal court or promulgated by the state's evidentiary body, and sufficient to ensure the full protections of the Constitution of the United States, including, but not limited to, the Bill of Rights and the substantive and procedural due process rights guaranteed under the fifth and 14th amendments to the Constitution of the United States, as applied to the states and as interpreted by state courts and United States courts (including the Supreme Court of the United States). The heightened evidentiary standards and proof under such programs must, at all appropriate phases to prevent any violation of any constitutional right, at minimum, prevent reliance upon evidence that is unsworn or unaffirmed, irrelevant, based on inadmissible hearsay, unreliable, vague, speculative, and lacking a foundation.

4. Penalties for abuse of the program.

Certifications and Assurances by the Chief Executive of the Applicant Government (which incorporates the 30-day governing body review requirement) — A JAG application is not complete, and a unit of local government may not access award funds, unless the chief executive of the applicant unit of local government (e.g., the mayor) properly executes, and the unit of local government submits, the “Certifications and Assurances by the Chief Executive of the Applicant Government.” The most up-to-date version of this certification can be found at: [FY23 JAG - Certifications and Assurances by the Chief Executive of the Applicant Government](#). Please note that this certification contains assurances that the governing body notification and public comment requirements, which are required under the JAG statute (at 34 U.S.C. § 10153(a)(2)), have been satisfied.

OJP will not deny an application for an FY 2023 award for failure to submit these “Certifications and Assurances by the Chief Executive of the Applicant Government” by the application deadline, but a unit of local government will not be able to access award funds (and its award will include a condition that withholds funds) until it submits these certifications and assurances properly executed by its respective chief executive (e.g., the mayor).

Body-worn Cameras (BWCs) — A JAG award recipient that proposes to use FY 2023 funds to purchase BWC equipment or implement or enhance BWC programs must provide to OJP a certification(s) that each direct recipient receiving the equipment or implementing the program has policies and procedures in place related to BWC equipment usage, data storage and access, privacy considerations, and training. The certification form related to BWC policies and procedures can be found at: [JAG - Body-Worn Camera \(BWC\) Policy Certification](#).

A JAG award recipient that proposes to use funds for BWC-related expenses will have funds withheld until the required certification is submitted and approved by OJP. If the JAG award recipient proposes to change project activities to utilize JAG funds for BWC-related expenses after the award is accepted, the JAG award recipient must submit the signed certification to OJP at that time.

Further, before making any subaward for BWC-related expenses, the JAG award

recipient must collect a completed BWC certification from the proposed subrecipient. Any such certifications must be maintained by the JAG award recipient and made available to OJP upon request. The [BJA BWC Toolkit](#) provides model BWC policies and best practices to assist criminal justice departments in implementing BWC programs.

Apart from the JAG Program, BJA provides funds under the [Body-worn Camera Policy and Implementation Program](#) (BWCPPI). BWCPPI allows jurisdictions to develop and implement policies and practices required for effective program adoption, and to address program factors including the purchase, deployment, and maintenance of camera systems and equipment; data storage and access; and privacy considerations. Interested JAG award recipients may wish to refer to the [BWC Partnership Program web page](#) for more information. JAG award recipients that are also BWC award recipients may not use JAG funds for any part of the 50 percent match required by the BWC Program.

Body Armor — Body armor purchased with JAG funds may be purchased at any threat level, make, or model from any distributor or manufacturer, as long as the following requirements are met: The body armor must have been tested and found to comply with the latest applicable National Institute of Justice ballistic or stab standards (<https://cjtcc.org/compliance-testing-program/compliant-product-lists/>). In addition, body armor purchased must be made in the United States.

Body armor purchased with JAG funds must be “uniquely fitted vests,” which means protective (ballistic or stab-resistant) armor vests that conform to the individual wearer to provide the best possible fit and coverage through a combination of (1) correctly sized panels and carrier determined through appropriate measurement and (2) properly adjusted straps, harnesses, fasteners, flaps, or other adjustable features. Note that the requirement that body armor be “uniquely fitted” does not necessarily require body armor that is individually manufactured based on the measurements of an individual wearer. In support of OJP’s efforts to improve officer safety, the American Society for Testing and Materials (ASTM) International has made available the Standard Practice for Body Armor Wearer Measurement and Fitting of Armor ([Active Standard ASTM E3003](#)) at no cost. The [Personal Armor Fit Assessment Checklist](#) is excerpted from ASTM E3003.

A JAG award recipient that proposes to use FY 2023 award funds to purchase body armor must provide OJP with a certification(s) that each law enforcement agency receiving body armor has a written “mandatory wear” policy in effect (see [34 U.S.C. § 10202\(c\)](#)). The certification form related to mandatory wear can be found at: [JAG - Body Armor Mandatory Wear Policy Certification](#). Note: A JAG award recipient that proposes to use funds for the purchase of body armor will have funds withheld until the required certification is submitted and approved by OJP. If the JAG award recipient proposes to change project activities to utilize funds for the purchase of body armor after the award is accepted, the award recipient must submit the signed certification to OJP at that time.

Further, before making any subaward for the purchase of body armor, the JAG award recipient must collect a completed mandatory wear certification from the proposed

subrecipient. Any such certifications must be maintained by the JAG award recipient and made available to OJP upon request. A mandatory wear concept and issues paper and a model policy are available from the BVP Customer Support Center, which can be contacted at vests@usdoj.gov or toll free at 1-877-758-3787. Additional information and FAQs related to the mandatory wear policy and certifications can be found in the [JAG FAQs](#).

Apart from the JAG Program, BJA provides funds under the Patrick Leahy Bulletproof Vest Partnership (BVP) Program. The BVP Program provides funding to state and local law enforcement agencies for the purchase of ballistic-resistant and stab-resistant body armor. For more information on the BVP Program, including eligibility and an application, refer to the [BVP webpage](#). JAG award recipients should note, however, that funds may not be used for any part of the 50 percent match required by the BVP Program.

Death in Custody Reporting Act (DCRA) — The Death in Custody Reporting Act of 2013 (Public Law 113-242) requires states to report to the Attorney General information regarding the death of any person who is detained, under arrest, in the process of being arrested, en route to be incarcerated, or incarcerated at a municipal or county jail, state prison, state-run boot camp prison, boot camp prison that is contracted by the state, any state or local contract facility, or other local or state correctional facility (including any juvenile facility). To comply with DCRA, JAG State Administering Agencies (SAAs) are responsible for collecting data on a quarterly basis from local entities including local jails, law enforcement agencies, medical examiners, and other state agencies and submitting the data to BJA. Units of local government are strongly encouraged to cooperate with DCRA data collection efforts within their state.

Interoperable Communications — Units of local government (including any subrecipients) that are using FY 2023 JAG funds for emergency communications activities should comply with the SAFECOM Guidance for Emergency Communication Grants (SAFECOM Guidance), including provisions on technical standards that ensure and enhance interoperable communications. The SAFECOM Guidance is an essential resource for entities applying for federal financial assistance for emergency communications projects. It provides general information on eligible activities, technical standards, and other terms and conditions that are common to most federal emergency communications programs. Specifically, the SAFECOM Guidance provides guidance to applicants on:

- Recommendations for planning, coordinating, and implementing projects.
- Emergency communications activities that can be funded through federal grants.
- Best practices, policies, and technical standards that help to improve interoperability.
- Resources to help grant recipients comply with technical standards and grant requirements.

SAFECOM Guidance is recognized as the primary guidance on emergency communications grants by the Administration, Office of Management and Budget, and federal grant program offices. The Cybersecurity & Infrastructure Security Agency (CISA) updates the document every year in close coordination with federal, state, local, tribal, and territorial stakeholders, and partners. SAFECOM Guidance is applicable to all federal grants funding emergency communications. The most recent version of the SAFECOM Guidance is available at: <https://www.cisa.gov/safecom/funding>.

Additionally, emergency communications projects funded with FY 2023 JAG funds should support the Statewide Communication Interoperability Plan (SCIP) and be coordinated with the full-time statewide interoperability coordinator (SWIC) in the state of the project. As the central coordination point for a state's interoperability effort, the SWIC plays a critical role and can serve as a valuable resource. SWICs are responsible for the implementation of SCIP through coordination and collaboration with the emergency response community. CISA maintains a list of SWICs for each state and territory. Contact ecd@cisa.dhs.gov for more information. All communications equipment purchased with FY 2023 JAG Program funding should be identified during the quarterly performance measurement reporting.

DNA Testing of Evidentiary Materials and Uploading DNA Profiles to a Database — If JAG Program funds are to be used for DNA testing of evidentiary materials, any resulting eligible DNA profiles must be uploaded to the Combined DNA Index System (CODIS), the national DNA database operated by the FBI, by a government DNA lab with access to CODIS. No profiles generated with JAG funding may be entered into any other nongovernmental DNA database without prior written approval from BJA (exceptions include forensic genealogy). Additionally, award recipients utilizing JAG funds for forensic genealogy testing must adhere to the DOJ Interim Policy Forensic Genealogical DNA Analysis and Searching available at: <https://www.justice.gov/olp/page/file/1204386/download>. For more information about DNA testing as it pertains to JAG, please refer to the [JAG FAQs](#).

Entry of Records into State Repositories — As appropriate and to the extent consistent with law, a special condition will be imposed that would require the following: Any program or activity that receives federal financial assistance under JAG that is likely to generate court dispositions or other records relevant to NICS determinations, including any dispositions or records that involve any noncitizen or migrant who is undocumented in the United States (18 U.S.C. § 922(g)(5)(A)), must have a system in place to ensure that all such NICS-relevant dispositions or records are made available in a timely fashion.

National Incident-based Reporting System — In FY 2016, the FBI formally announced its intention to sunset the UCR program's traditional Summary Reporting System (SRS) and replace it with NIBRS by January 1, 2021. By statute, BJA JAG awards are calculated using summary part 1 violent crime data from the FBI's UCR program. Specifically, the formula allocations for JAG rely heavily on the ratio of "the average number of part 1

violent crimes of the UCR of the FBI reported by such State for the three most recent years reported by such State to the average annual number of such crimes reported by all States for such years” (34 U.S.C. 10156(a)(1)(B)). In preparation for the FBI’s 2021 NIBRS compliance deadline, BJA imposed an administrative requirement for JAG award recipients that are not NIBRS compliant to dedicate 3 percent of their JAG award toward coming into full compliance with the FBI’s NIBRS data submission requirement to both encourage and assist jurisdictions in working toward compliance and ensure they continue to have critical criminal justice funding available through JAG when SRS transitioned to NIBRS. A NIBRS set-aside is NOT required for FY 2023 awards; however, JAG recipients are encouraged to continue working toward and/or maintaining NIBRS compliance to ensure that JAG eligibility is not affected in future fiscal years. Local jurisdictions that are seeking NIBRS compliance certification should reach out directly to their respective state agency. Agencies with questions about the certification process may contact ucr-nibrs@fbi.gov. More information about NIBRS, including toolkits and updates from the FBI Criminal Justice Information Services team, can be found at: [NIBRS — FBI](#).

Information to Complete the Application for Federal Assistance (SF-424) in Grants.gov

The SF-424 must be submitted in Grants.gov. It is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the [OJP Grant Application Resource Guide](#) for additional information on completing the SF-424.

In Section 8F of the SF-424, please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*email address*) to assign the application to this user in JustGrants.

Intergovernmental Review: This solicitation (“funding opportunity”) **is** subject to [Executive Order 12372](#). An applicant may find the names and addresses of State Single Points of Contact (SPOCs) at the following website: <https://www.whitehouse.gov/wp-content/uploads/2020/04/SPOC-4-13-20.pdf>. Proposal Abstract

A brief Proposal Abstract (no more than 100 words), which concisely describes the intended use of JAG funds, must be completed in the JustGrants web-based form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude personally identifiable information. Abstracts will be made publicly available on the OJP and USASpending.gov websites if the project is awarded. Examples of brief Proposal Abstracts are included below.

JAG Abstract Examples:

The city of _____ will use JAG funds for overtime for increased patrols to bolster the security of at-risk nonprofit organizations such as synagogues, churches, mosques, and other places of worship.

The county of _____ will use JAG funds to hire credible messengers as part of a community based violence intervention initiative.

Disparate JAG Abstract Example:

The disparate jurisdictions of _____ and _____ will use JAG funds for technology improvements and equipment. Specifically, the county of _____ will use JAG funds to replace its records management system in order to transition to NIBRS, and the city of _____ will use JAG funds to purchase body worn cameras to promote public trust, accountability, and transparency.

Proposal Narrative

The Proposal Narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 10 numbered pages.

Category 1 — Eligible Allocation Amounts of Less than \$25,000

The proposal narrative for Category 1 applications must include a description of the project(s), including subawards, if applicable, to be funded with JAG funds over the 2-year grant period.

Category 2 — Eligible Allocation Amounts of \$25,000 or More

The proposal narrative for Category 2 applications should include:

a. Description of the Issue

Identify the unit of local government's strategy/funding priorities for the FY 2023 JAG funds, the subaward process (if applicable, including dispartes) and

timeline, any progress or challenges, and a description of the programs to be funded over the 4-year grant period.

b. Project Design and Implementation

Describe the unit of local government's process, if any, for engaging stakeholders from across the justice continuum and how that input informs priorities. This should include a description of how local communities are engaged in the planning process, how state and local planning efforts are coordinated, and the challenges faced in coordination. The applicant should identify the stakeholders representing each program area who are participating in the strategic planning process, the gaps in the state's needed resources for criminal justice purposes, plans to improve the administration of the criminal justice system, and how JAG funds will be coordinated with state and related justice funds.

c. Capabilities and Competencies

Describe any additional strategic planning/coordination efforts in which the units of local government participate with other criminal justice entities within the local jurisdiction and/or state. Please provide an overview of any evidence-informed programs that have been implemented successfully and how those programs might inform implementation of strategic plan priorities.

d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

The application should demonstrate the applicant's understanding of the performance data reporting requirements for this grant program and detail how the applicant will gather the required data should it receive funding.

Note: Applicants are **not** required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award's reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

A list of performance measure questions for this program can be found at: <https://bjapmt.ojp.gov/help/JAGDocs.html>. NOTE: BJA is in the process of reviewing and revising these performance measure questions. Any changes resulting from this

review will be communicated to award recipients.

BJA will require award recipients to submit quarterly performance measure data in BJA's PMT located at <https://bjapmt.ojp.gov> and separately submit a semi-annual performance report in JustGrants. BJA will provide further guidance on the post-award submission process, if selected for award.

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the "Note on Project Evaluations" section in the [OJP Grant Application Resource Guide](#).

Budget and Associated Documentation

Budget Worksheet and Budget Narrative (attachment)

The applicant will complete the budget worksheet attachment and submit it by uploading it as an attachment in JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information.

The budget narrative and budget worksheet (attachment) are critical elements, and applicants will be unable to successfully submit an application in JustGrants unless an attachment is uploaded in this section. If an applicant does not have a budget to submit at the time of application, an attachment must be uploaded noting as such, and BJA will add the appropriate special condition withholding funds for budget documentation. Please note that the budget narrative should include a full description of all costs, including administrative costs (if applicable).

Indirect Cost Rate Agreement (if applicable)

If applicable, the applicant will upload their indirect cost rate agreement as an attachment in JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information.

This rule does not eliminate or alter the JAG-specific restriction in federal law that states charges for administrative costs may not exceed 10 percent of the award amount, regardless of the approved indirect cost rate.

Financial Management and System of Internal Controls Questionnaire (including applicant disclosure of high-risk status)

The applicant will download the questionnaire, complete it, and upload it as an attachment in JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information and the link to the questionnaire.

Disclosure of Process Related to Executive Compensation

This solicitation expressly modifies the OJP Grant Application Resource Guide by not incorporating its “Disclosure of Process Related to Executive Compensation” provisions. Applicants to this solicitation are not required to provide this disclosure.

Additional Application Components

The applicant will attach the requested documentation in JustGrants.

Research and Evaluation Independence and Integrity Statement

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the [OJP Grant Application Resource Guide](#).

Memorandum of Understanding (if applicable)

For disparate jurisdictions, an MOU that identifies which jurisdiction will serve as the applicant or fiscal agent for joint funds must be completed and signed by the authorized representative for each participating jurisdiction. See the Allocation Determination and Units of Local Government Requirements Regarding Use of JAG Funds section and the [JAG FAQs](#) for more information. A [sample MOU](#) is also available.

OJP will not deny an application for an FY 2023 award if the recipient does not submit a properly executed MOU by the application deadline, but the award recipient will not be able to access award funds (and its award will include a condition that withholds funds) until it submits the properly executed MOU.

Certifications and Assurances by the Chief Executive of the Applicant Government

A JAG application is not complete, and a unit of local government may not access award funds, unless the chief executive of the applicant unit of local government (e.g., the mayor) properly executes, and submits, the “Certifications and Assurances by the Chief Executive of the Applicant Government” attached in the section above entitled “Other Program Requirements.” The most up-to-date certification form can be found at: <https://bja.ojp.gov/doc/fy-23-local-jag-ce-certification.pdf>.

Disclosure and Assurances

The applicant will address the following disclosures and assurances.

Disclosure of Lobbying Activities

Complete and submit the SF-LLL in Grants.gov. Once the applicant submits in Grants.gov, this information will pre-pend into JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information.

DOJ Certified Standard Assurances

Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information.

Applicant Disclosure of Duplication in Cost Items

Complete the JustGrants web-based Applicant Disclosure of Duplication in Cost Items form. See the [OJP Grant Application Resource Guide](#) for additional information.

DOJ Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements; Law Enforcement and Community Policing

Review and accept the DOJ Certified Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; and Law Enforcement and Community Policing in JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information.

Applicant Disclosure and Justification – DOJ High Risk Grantees (if applicable)

If applicable, submit the DOJ High Risk Disclosure and Justification as an attachment in JustGrants. A DOJ High Risk Grantee is an award recipient that has received a DOJ High Risk designation based on a documented history of unsatisfactory performance; financial instability; management system or other internal control deficiencies; noncompliance with award terms and conditions on prior awards, or is otherwise not responsible. See the [OJP Grant Application Resource Guide](#) additional information.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step

process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html> by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the **full application** including attachments in JustGrants at JustGrants.usdoj.gov by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424** and the **SF-LLL** must be submitted in Grants.gov by 8/24/2023 8:59 PM, ET.

The **full application** must be submitted in JustGrants by 8/31/2023 8:59 PM, ET.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient

time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider a request to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason, applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the JustGrants deadline** to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the

- error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Process

OJP reviews the application to make sure that the information presented is reasonable, understandable, measurable, achievable, and consistent with the solicitation. See the [OJP Grant Application Resource Guide](#) for information on the application review process for this solicitation.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.

For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [OJP Grant Application Resource Guide](#).

Action Request

	Committee: Board of Commissioners
	Meeting Date: 08/22/2023
	Requesting Department: Administration, Fiscal Services, Facilities, IT, & Strategic Impact
	Submitted By: Karen Karasinski
Agenda Item: 2024 - 2029 Capital Improvement Plan	

Suggested Motion:

To approve the 2024-2029 Capital Improvement Plan.

Summary of Request:

Pursuant to the County's Capital Planning Policy, a CIP committee comprised of the Deputy County Administrator, Fiscal Services Director, Facilities Director, IT Director and Strategic Impact Director, have met on several occasions to review and prioritize the various departmental requests from capital projects over the next 5 fiscal years. For reference, capital projects are defined as acquisition, expansion, or major rehabilitation of County assets that generally exceed \$50,000 and will be capitalized and depreciated over their useful life.

Historically, capital projects have been submitted in a somewhat random manner, often in response to an emergency repair or newly-identified capital need for the county. This made budgeting unpredictable and resulted in a "reactive rather than proactive" model for asset management.

This year, the CIP committee is proposing to revamp the manner in which capital projects are submitted, evaluated, prioritized and funded. Specifically, the committee is recommending adopting a more holistic and comprehensive approach to capital planning that includes the following: (continued below)

PRESENT: Commissioners: _____

ABSENT: Commissioners: _____

It was moved by Commissioner _____ and supported by Commissioner _____ that the following Resolution be adopted:

WHEREAS, the Ottawa County Board of Commissioners ("Board") swore an oath to uphold the Constitutions of the United States and the State of Michigan, which protect the natural, God-given rights to life, liberty, and the pursuit of happiness. These Constitutions not only guarantee these freedoms, they also protect and guard against government infringing on these rights; and

WHEREAS, the Due Process Clause of the Fourteenth Amendment protects the rights of parents to make decisions concerning the care of their children and the right to make medical decisions on behalf of their children; and

WHEREAS, Michigan Revised School Code, MCL 380.10, affirms, "It is the natural, fundamental right of parents and legal guardians to determine and direct the care, teaching, and education of their children;" and

WHEREAS, constitutional freedoms are not suspended in times of crisis or everyday life, at the whim of elected officials, unelected health officials, or for the benefit of government bureaucracy or private institutions; and

WHEREAS, Michigan law provides exemptions to childhood vaccine requirements for school and licensed childcare programs for medical, religious, or other reasons, as follows:

MCL 333.9215 Exemptions.

(1) A child is exempt from the requirements of this part as to a specific immunization for any period of time as to which a physician certifies that a specific immunization is or may be detrimental to the child's health or is not appropriate.

(2) A child is exempt from this part if a parent, guardian, or person in loco parentis of the child presents a written statement to the administrator of the child's school or operator of the group program to the effect that the requirements of this part cannot be met because of religious convictions or other objection to immunization; and

WHEREAS, the Michigan Department of Health and Human Services (MDHHS) enacted Administrative Rule 325.176 (12) on January 1, 2015, requiring parents or guardians who want a religious or philosophical exemption from one or more vaccines for their child(ren), to attend a vaccine education session at their local health department and obtain a state-issued certified waiver; and

WHEREAS, the Ottawa County Department of Public Health provides waiver appointments as established by MDHHS Administrative Rule; and

WHEREAS, the Board respects the right of parents to choose to vaccinate or to exempt their child from one or more vaccines, and acknowledges differing conclusions and practices exist within the medical community regarding the risk-benefit assessment of vaccines and communicable diseases; and

WHEREAS, the Board acknowledges individual genetic risks and contraindications exist regarding vaccines and medical interventions, and respects the right of parents and individuals to make personal medical decisions free of pressure and coercion; and

WHEREAS, the Board values the ethical standard of fully informed consent regarding both the risks and benefits of vaccines, to include full disclosure of ingredients, as well as the adverse effects of vaccines as reported to VAERS, the Vaccine Adverse Event Reporting System, established as the national safety surveillance program; and

WHEREAS, the Board respects the religious, moral, and ethical considerations of vaccines developed or manufactured using fetal cells from aborted infants, such as vaccines for chickenpox, rubella, hepatitis A, measles, mumps, rubella, and certain Covid-19 vaccines.

NOW THEREFORE BE IT RESOLVED, the Ottawa County Board of Commissioners respects the individual freedoms and parental rights of the people of Ottawa County to make choices regarding childhood vaccines; and

BE IT FURTHER RESOLVED, the Board recommends that Ottawa County promotion of vaccines for school and licensed childcare programs include full and accurate information regarding available exemptions and waivers from vaccine requirements; and

BE IT FURTHER RESOLVED, the Board recommends that vaccine waiver sessions include information on both the risks and the benefits of vaccines, a copy of vaccine package inserts, vaccine ingredients, and a link to VAERS data; and

BE IT FURTHER RESOLVED, that a copy of this Resolution shall be sent to Senators Mark Huizenga, Roger Victory, and Rick Outman, Representatives Nancy DeBoer, Luke Meerman, Brad Slagh, Rachelle Smit, and Greg VanWoerkom, and the Clerk of each county in the State of Michigan.
