

What Is The Walk For Warmth?

The Walk For Warmth is an annual event that raises money to keep the heat on for families in Ottawa County who have received a utility shut-off notice for gas, electric, water and deliverable fuels like propane and fuel oil.

The Walk is organized by the Ottawa County Community Action Agency (OCCAA) and is an open event where all are welcome whether they contribute financially or not.

CAA assists qualified families and individuals throughout Ottawa County through a range of other emergency assistance and housing-related programs as well including food distribution, weatherization, migrant emergency assistance and more.

CAA strives to assist households before it's too late. 100% of the funds raised stay in Ottawa County.

This year's even will be at 9:30am Saturday, March, 4th, 2023 at EV Construction 86 E. 6th St. in Holland To register and donate, please visit <https://www.miottawa.org/w4w> or scan the QR code below.
