

## **Agricultural Roundtable**

**Instructed by Shila Kiander - Mecosta County Equalization Director, and  
Brian Busscher - Ottawa County Equalization Director**

Most assessors agree that the assessment administration of agricultural properties can be aggravating. Assessors agonize over classification, qualified agricultural exemptions and transfer of ownership. Join us for this workshop style class where the attendees will discuss actual scenarios that assessors have to deal with on a regular basis. The reference material used for discussion will be the General Property Tax Act, STC Bulletins and STC Publications.

“Attendees, you are encouraged to bring examples of Ag related situations that you have struggled with so we can work through them together during the class.”

**Date: Friday / January 31, 2025**

**Time: 8AM - Noon**

**Place:** Ottawa County Building  
12220 Fillmore St  
West Olive, MI 49460
