Individuals fatally/seriously injured in traffic accidents	188	168		7,112	6,614	

Note: In some cases, County-level data are not available from the same data source used by the State. In other cases, County-level data are not available for the same time frame used by the State. In these instances, data sources and time frames were selected that most closely match those of the State. Due to this difference, it must be noted that comparisons may not be completely equivalent in all cases.
