Ottawa County Board of Commissioners and Ottawa County Residents:

On behalf of the employees of the Ottawa County Sheriff's Office, we are honored to present our Annual Report for 2023. The 2023 Annual Report provides a statistical and informational document of the Ottawa County Sheriff's Office and the activities of 2023. This report is a snapshot of the services and accomplishments of the Sheriff's Office.

Our goal is to identify, understand, and address the issues in our communities. We accomplish this through collaborative efforts, and problem-solving with our citizens and community partners. We will continue to collaborate to enhance services as the needs of our communities change with the growth we are experiencing.

In 2023, our calls for service were right in line with the five-year average. We achieved a reduction in Index Crimes to a new five-year low. Non-Index Crimes, while slightly increasing, were still below the five-year average. While down slightly, traffic crashes are also in line with the five-year average. We will remain vigilant in addressing issues, traffic education and enforcement, investigating criminal incidents, and responding to calls for service.

Our Correctional Deputies are dedicated to providing safe, secure, and professional services to our citizen detainees in the jail facility. Court Security Deputies continue to maintain and provide a safe environment and assist citizens at the court facilities in our county. Our jail education programs continue for the citizen detainees. In 2023, our admits and daily average population were the highest since pre-covid.

Our records unit saw a significant increase in FOIA requests this year, jumping over 43%. Fingerprint requests also rose to the highest since pre-covid.

We are proud of the professionalism, dedication, and work ethic of the Ottawa County Sheriff's Office staff. We will continue to provide professional and quality law enforcement services to our citizens and visitors while keeping victims of crime our top priority. We would like to thank the County Board of Commissioners and County Administration for your support. We remain thankful to all our community partners, local public safety partners, and the citizens of Ottawa County.

Sincerely,

Steve A. Kempker, Sheriff

Eric DeBoer, Undersheriff

Core Values

PROFESSIONALISM: We shall maintain a commitment to the highest standards of personal and organizational excellence.

RESPECT: Treat all people as you would want to be treated.

INTEGRITY: We are committed to the highest standards of honesty and ethical conduct which is the basis for community trust.

DEDICATION: To the citizens we serve and to one another.

EXCELLENCE: We are dedicated law enforcement professionals committed to the community, sensitive to the needs and wants of our citizens, holding ourselves accountable to the highest standards of excellence and achievement.

EQUALITY AND DIVERSITY: We will act with fairness, restraint and impartiality.

Our Vision

The Ottawa County Sheriff's Office envisions a safe, secure community where the rights, history and culture of each citizen is valued. We will achieve this vision by collaborating with our communities to identify and solve public safety problems and improve the quality of life in Ottawa County. We will be an organization in which each employee embraces integrity as the cornerstone upon which the public's trust is built. We will foster an environment of honesty, trust and mutual respect in which the Sheriff's Office and the community work together.

Our Mission

To provide professional, ethical law enforcement and correctional services, focusing on customer service. To support the Constitution of the United States and to enforce all laws to preserve public order, reduce fear and provide safe and secure environments in our communities.

The Ottawa County Sheriff's Office is committed to serving you.

Ottawa County Sheriff's Office 2023 Administrative Team

The purpose of the inverted leadership pyramid is to maximize communication between members of the organization and to create a flexible, more responsive team. This works by flipping the pyramid so that employees are adding value to the organization and opening the paths of communication.

Mission

The mission of Emergency Management is to protect the lives and property of the people of Ottawa County, and the environment, through hazard mitigation, emergency preparedness, response, and recovery as this pertains to emergencies and disasters.

The Team

Emergency Management in Ottawa County is a cooperative effort involving all public safety and preparedness/response agencies, and a well-prepared citizenry. These collaborative relationships are the backbone of successful emergency management and provide resources in disaster and emergency far beyond the Office of Emergency Management. The Office of Emergency Management tasked with day-to-day operations includes a Director, a Homeland Security Planner, a Local Emergency Planning Committee Coordinator, an Administrative Support Person, and 150+ dedicated volunteers.

Response and Preparedness

Emergency Management responded to multiple emergency events in 2023, including flooding, power outages, hazardous materials, search and rescue operations, a large oil release in Georgetown Twp., and many others. Severe weather events in Ottawa County included significant responses, with storm effects such as wind damage, flooding, ice storms, and power outages. There were also emergencies involving hazardous materials such as an anhydrous ammonia release at a local business. Our Hazmat and Technical Rescue team responded to numerous calls supporting county Fire Departments with specialized skills and capabilities. Numerous emergency preparedness tips were distributed on social media throughout the year. In 2023, the newly updated Hazard Mitigation Plan was adopted by included jurisdictions in Ottawa County and we received full FEMA approval of our plan.

Training and Exercise

Multiple tabletop exercises and trainings were conducted in 2023. The Local Emergency Planning Committee and Emergency Management coordinated a very successful countywide shelter in place drill for chemical emergencies, that has

become a yearly exercise to build capability. A Mass Casualty Incident (MCI) tabletop and full-scale exercise were conducted in 2023 and was a huge success. The MCI exercise is a collaboration between the Ottawa Medical Control Board Authority, the Local Planning Team Training and Exercise Subcommittee, Ottawa County Emergency Management, and our local partners in public safety and hospitals.

This year's MCI exercise focused on public safety agencies in southwest Ottawa County. Active shooter/rescue task force trainings and exercise were conducted throughout the County to prepare Ottawa area first responders to work together to address the threat and render triage, treatment and transport of injured persons. Ottawa County Emergency Management also participated in the statewide dam failure exercise. 2023 was another very active year in training and exercise in Ottawa County.

Homeland Security

Ottawa County Emergency Management is well represented at the Region 6 Homeland Security Board where the Ottawa County Director of Emergency Management is the Regional Chair and the Ottawa County Homeland Security Planner is the Subcommittee Chair; both also serving on the Executive Committee.

In 2023 our local Homeland Security Planner coordinated projects within Ottawa County that strengthened incident response and enhanced public protection. Exercises were a strong focus and involved law enforcement, fire department personnel and other first responders and provided the ability to practice and enhance community response capability. Our Homeland Security Planner also continued to provide incident awareness and response training for Court personnel to enhance emergency response and protection for Court House staff as well as community members involved in Court activities.

Local Emergency Planning Committee

Our local LEPC coordinator updated the SARA Title III, Section 302 (Emergency Response) template with the State of Michigan and updated numerous response plans. Section 302-sites are those that have been deemed to exceed a specific threshold for hazardous substances under the Emergency Planning and Community Right-to-Know Act (EPCRA). Emergency response plans for those sites are critical to first responders such as local Fire Departments to understand the hazards present and how to effectively combat them when responding to an emergency.

The LEPC expanded its outreach by facilitating multiple tabletop exercises at local businesses. This program has been extremely successful and is an excellent opportunity for private business and public safety to develop working relationships, and operational coordination and communication, in a safe learning environment. The LEPC hosted the second annual Shelter in Place exercise in 2023. This exercise is countywide and intends to develop the capability to properly shelter in place during a chemical emergency. Emergency Management/LEPC and the Ottawa County Hazardous Materials Team responded to several hazardous materials incidents throughout 2023. All issues were resolved with an emphasis on public safety and protection of the environment.

Emergency Operations Center and Resource Management

Emergency Management Volunteers

Administrative Division

Emergency Management

Records Management

Training Unit

Corrections Division

Investigative Division

Law Enforcement Division

The Ottawa County Emergency Operations Center (EOC) is an operational asset to response coordination in the county. The EOC is a secure location, equipped with technology, for representatives from multiple response disciplines to collaborate for efficient response and quick recovery from emergency/disaster. The EOC was used for training, exercises, and EOC personnel were used to monitor planned events with the potential for threats.

Emergency Management has almost 150 dedicated volunteers in Medical Reserve Corps (MRC), Community Emergency Response Team (CERT), Search & Rescue (SAR), Auxiliary Emergency Communications (OCEC), Sky warn, Hudsonville Emergency Services, Traffic Services, Volunteer Funding Team, Canteen Services and Special Events. Together, these volunteers put in thousands of hours of specialized training and service, working events and responses for emergencies.

The EOC staff and resources were trained/exercised in 2023, included training in the state's Michigan Critical Incident Management System (MI CIMS) and a tabletop exercise involving a train derailment with release of hazardous materials. The EOC exercise was conducted in 3 sessions, to develop all EOC personnel (each position in the EOC has a depth of 3 persons, to accommodate long term events and multiple operational periods).

Examples of services provided by our volunteers include CERT classes for public preparedness, and support at events such as Tulip Time, the Civil War Muster, the Berlin SRX Race, Coast Guard festival, and many others. All of our Volunteer Teams are a force multiplier for Emergency Management and an asset to Ottawa County.

Records Management

The records unit merged 51,622 field reports from deputies and detectives in 2023. Records professionals transcribe officer reports, distribute subpoenas for service, enter case data, and scan documents into our records management system.

Requests under the Freedom of Information Act are processed daily in the order they are received. We processed 5,005 FOIA requests from the public. **Save time, paper and money using the [Ottawa County FOIA Center](#) to submit requests.** Most requests are processed electronically for less than \$10.00. Online payment is available when a fee is charged.

Entering handgun registrations is a daily task. Records staff entered 7,849 registrations into the State's system. In 2023, we accepted 477 applications and 16 of those were denied.

Fingerprinting remains in high demand. We printed 2,547 people in the Records Office in 2023. We fingerprint general applicants such as for school employment; and Court orders resulting from charges that did not require lodging in the jail.

Records staff at the West Olive Adult Correctional Facility scheduled 4,893 visits for inmates during the year which include family and professional visits. Defense attorneys saw 2,243 clients during 1,292 scheduled visits.

Records personnel are available weekdays from 8:00 A.M. to 5:00 P.M. at the Sheriff's Office headquarters and Jail offices in West Olive, and at the Spring Lake branch office.

Due to the complexity of the profession, police officers must constantly attend training on current best practices and updated law changes. Department personnel receive a significant amount of training in various knowledge and skill areas. Training comes from a variety of sources, including departmental in-service training, on-line and virtual based training, and specialized training where an employee is sent outside the department for training. In 2023, Sheriff's Office staff accumulated over 18,000 training hours throughout the year.

Many of the specialized training sessions are sponsored by the West Michigan Criminal Justice Training Consortium (WMCJTC). The Ottawa County Sheriff's Office was instrumental in forming WMCJTC and continues to maintain a leadership role in the organization of over 92 law enforcement agencies.

It is our continued goal to provide quality relevant training opportunities for our staff. We utilize several instructor schools to develop expertise within our training staff. This allows us to maintain high skill-levels without bearing the cost of sending all staff away to training. Training Committee staff and instructors continue to research the latest advancements in training to provide quality and relevant training opportunities for our staff

Administrative Division

Corrections Division

Investigative Division

Law Enforcement Division

The primary goal of the Corrections Division is to ensure the safety of inmates, corrections personnel, and residents of Ottawa County. This is accomplished by detaining inmates in a secure manner, in the least restrictive setting possible, given inmate classification.

The Corrections Division strives to provide all inmates with humane living conditions and to protect inmate rights consistent with the United States Constitution, the Michigan Constitution, Michigan law, and Michigan Department of Corrections guidelines.

The Corrections Division operates the jail facility located at the Fillmore Street Complex in West Olive. The Jail is designed to hold 462 pretrial and sentenced inmates in pod-style or dormitory-style systems depending on inmate security classification. The unit is responsible for inmate holding areas located in each of the court buildings in the county.

The assessment and care for inmates that suffer from mental illness is a significant component of daily operations at the facility. Through our partnership with Ottawa County Community Mental Health, we have two full-time masters level clinicians who provide a variety of mental health services including risk assessment, evaluation and referral, short-term crisis therapy, case management and assistance with re-entry. One full time peer recovery coach provides support to inmates currently in recovery, and those motivated towards achieving recovery. The recovery coach initiates services while an individual is incarcerated, and support continues after release from our facility. Additionally, one part-time masters level clinician provides Substance Use Disorder (SUD) specific assessment and referral.

The goal of the referral and assessment is to determine treatment needs and attempt to divert a person from incarceration into treatment.

Programs

The goal of these various programs is to assist inmates in becoming law abiding, productive members of the community once they are released from incarceration.

- » **General Equivalency Diploma** – offered through Zeeland Public Schools for the West Olive facility
- » **New Beginnings** – presented by the Women's Resource Center aims to reduce recidivism, provide equitable service access for female offenders, and increase the economic self-sufficiency of women returning to the community after incarceration.
- » **Thinking for a Change** – a cognitive approach program designed to change offender behavior utilizing problem solving, cognitive restructuring, and social skills interventions.
- » **Religious Programs** – offered through Reach the Forgotten and includes group services and individual study lessons. Area churches continue to be involved in our Jail Ministries Program.
- » **Substance Abuse Programs** – inmates who wish to receive support for drug and alcohol dependency can enroll in Alcoholics Anonymous support groups and other substance abuse classes.

Inmate and Facility Statistics

The following tables detail activity for the **Adult Correctional Facility** in West Olive, the **Transportation Unit**, and the **Work Release Program**:

*Work Release was reduced significantly in 2021 due to COVID-19 protocols.

Responsibilities

The **Corrections Division** provides building security to the courthouses in Holland, Grand Haven, Hudsonville, and the Family/Juvenile Court in West Olive. Deputies screen members of the public for weapons and contraband at the entrance to all facilities.

In addition, deputies respond to court panic alarms, provide security to people leaving the building when requested, assist probation and parole, and respond to calls for medical assistance within the facility. All corrections deputies have received training in both first aid and CPR.

Corrections Division

Investigative Division

Law Enforcement Division

Major Case Investigations

January

Deputies responded to Crockery Township on a report of a subject being shot. The 41-year-old victim passed away on the way to the hospital due to a gunshot wound. Investigation revealed that there was a domestic dispute, and the victim's 41-year-old wife armed herself with a handgun. During the incident, the gun was fired, striking the victim. Suspect was convicted of Careless Discharge of a Firearm Causing Death, as well as Lying to a Police Officer and sentenced to 270 days in Jail, 36 months Probation, and Fines and Costs

April

Deputies responded to a Home Invasion in Holland Township. Investigation showed that a subject drove to the Holland area from Indiana to attempt contact with a female he had met online. When the occupant didn't answer the door, the suspect cut a window screen and entered the apartment. The subject attempted to assault the 30-year-old female who was sleeping inside. He was also armed with a handgun at the time. He later fled the scene. Detectives identified, located and arrested the 22-year-old suspect in Indiana. He plead guilty to Home Invasion and was sentenced to 26-180 months in prison.

June

Deputies were dispatched to Grand Haven Township on a report of a deceased 34-year-old female. Investigation revealed a suspect had provided the narcotics which lead to the victim's overdose and subsequent death. He was arrested in November on charges of Delivery of Controlled Substance Causing Death, and Habitual Offender 4th Degree. Trial is pending.

July

Sheriff's deputies were called to an explosion in Park Township. Investigation found a home-made firework device exploded and sent shrapnel throughout a crowd that had gathered to watch a private firework display. A 41-year-old woman died as a result of injuries suffered from shrapnel striking her in the chest. Nine other victims received injuries ranging from minor to critical. Several vehicles and homes were also damaged by shrapnel. Investigation found a 37-year-old made a "salute cannon" containing gunpowder. The device exploded, and metal pieces of the cannon were dispersed into the crowd. The suspect was charged with Involuntary Manslaughter in September. He was sentenced to 365 days in jail, 36 months probation, 100 hours of community service and Fines and Costs.

September

Deputies responded to Holland Township on reports of gunshots fired in the area. A witness brought deputies to where the body of a 37-year-old was found deceased from gunshot wounds. The suspect was identified as a 40-year-old male, and he was arrested in October. Charges of Murder and Weapons/Felony Firearms were authorized. Trial is pending.

October

After investigating for several months, Detectives executed a Search Warrant at a Massage parlor in Holland Township. Investigators were acting on multiple reports of sexual assault, prostitution, and unwanted touching of clients. Criminal charges were obtained for three females who were working at the business. Charges included: Criminal Sexual Conduct and Keeping a House of Ill Fame.

Investigative Division

Law Enforcement Division

Cold Case Investigations

The cold case team has re-examined several cases of unidentified human remains in Ottawa County. The advancements in DNA technology have provided investigators a new tool in many unsolved cases. In 2021, the Cold Case Team was able to use genetic genealogy technology to identify Shelly Kephart, AKA Shelly Christian as the victim of an unsolved 1994 homicide.

In 2023, Detectives collaborated with area agencies, who are investigating a string of mid-1990s murders in the greater Grand Rapids area, to see if Kephart's homicide may be related to others in West Michigan.

The Cold Case Team has also completed extensive investigation into the genealogy of the unknown victim found murdered in Blendon Township in 1967. In that case, detectives exhumed the body of the unknown female in July of 2020 to obtain a DNA sample to further the efforts of identifying the victim. The investigation is on-going.

Criminal Sexual Assault Investigations

The Sheriff's Office works actively with the Ottawa County Children's Advocacy Center (CAC), located in Holland Township. The Sheriff's Office currently maintains three detectives assigned to the Children's Advocacy Center. During 2023, 233 child victims were referred to the Advocacy Center for Sheriff's Office investigations.

The Investigative Division also reviewed 958 notices from Child Protective Services (CPS) during the course of 2023. Many of these Law Enforcement Notifications (LENs) resulted in criminal investigations into sexual assault, child abuse and also vulnerable adult abuse. Referrals also come in to detectives from Road Patrol and other referral sources leading to a large number of Criminal Sexual Conduct (Adult and Child victims) and Child Abuse investigations.

Friend of the Court Investigator

Since May 2001, the Sheriff's Office has had a deputy assigned to work with the **Ottawa County Friend of the Court Office**. Two deputies are assigned to the Friend of the Court. These deputies assist with the collection of past due child support and the arrest of those deemed negligent in their support obligation.

The deputies also contact people to establish jurisdiction, serve child support paperwork and conduct DNA swabs to establish paternity. In 2023, their work resulted in many arrests while investigating civil and felony child neglect/non-support cases. These investigations resulted in the collection of child support owed to dependent families in the amount of \$62,937.

The booting program added \$2,800 for a total of \$65,737 collected. In addition, the deputies contacted 311 individuals that were served with Friend of the Court paperwork, which included 48 DNA requests and 23 Affidavits of Parentage.

Forensic Services Unit

The Forensic Services Unit (FSU) is staffed with one full-time Evidence Technician and one part time Scientific Support Specialist. They are employed to handle the intake and disposition of all evidence and property received by the Sheriff's Office. In addition, fifteen (15) Deputies and one (1) Sergeant have received specialized training related to Crime Scene Investigation and respond to a variety of crime scenes to process DNA, fingerprints, photographs and collect trace evidence. In 2023, one of the CST trained deputies processed and recovered the suspect's palm print from the scene of a homicide, linking him to the murder.

The FSU staff respond to major case investigations for the detection, documentation, collection, and preservation of evidence. They are involved in testing and preparing evidence for court presentation. The FSU staff also coordinate advanced scientific testing of evidence with State and Federal crime labs.

Administrative Division

Corrections Division

Investigative Division

Law Enforcement Division

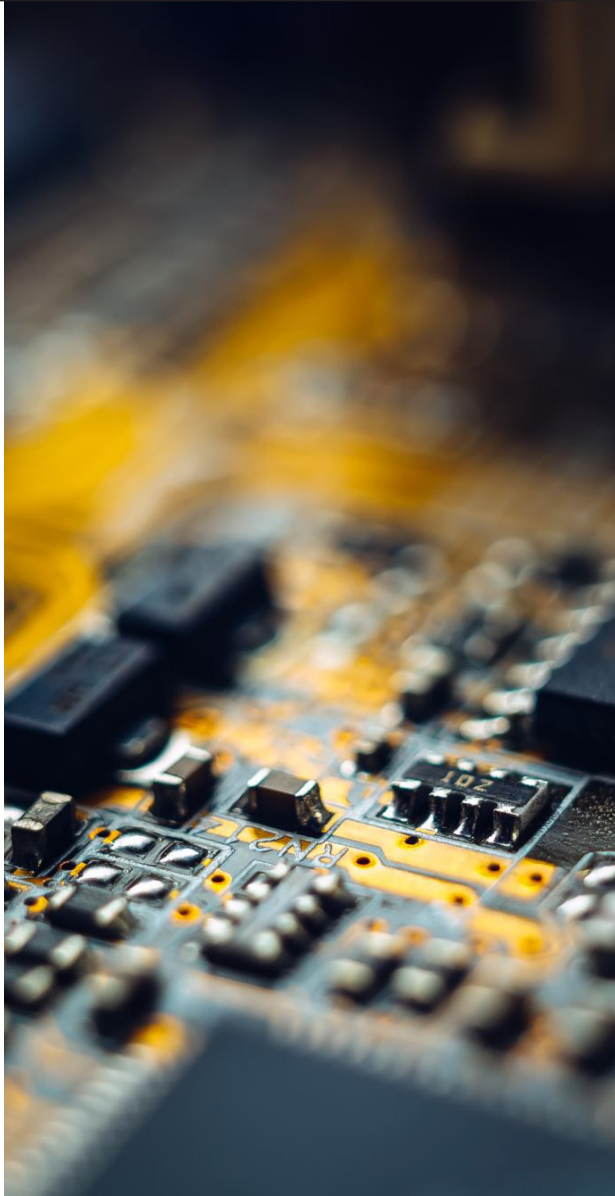

Computer Forensics

The Sheriff's Office maintains one Certified Forensic Computer Examiner for on-site investigations. Requests for digital media examination continue to increase.

In 2012, the Sheriff's Office and the Holland Department of Public Safety implemented a joint Digital Forensics Lab. This lab is a collaborative effort between agencies to coordinate investigative services for crimes involving digital media throughout Ottawa County. The goals of the lab are to protect communities we serve by preventing and investigating crimes involving digital media.

We strive to increase the efficiency and effectiveness of our investigations through the ability to obtain, analyze and interpret digital evidence for prosecution. Through this collaboration, examiners obtained approximately \$24,000 in specialized forensic equipment and advanced training in 2023.

Our forensic computer examiner assists in internet investigations and forensic examinations of digital evidence. Technology changes in computers, cell phones, game systems, cameras, and other devices have made digital evidence an important element in the investigation and prosecution of many crimes. In 2023, the Detective took part in 234 investigations involving digital media. As part of these investigations, 398 forensic examinations of digital media were conducted.

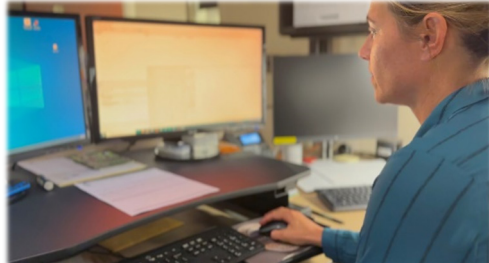

Administrative Division

Corrections Division

Investigative Division

Law Enforcement Division

Two Animal Control Deputies are responsible for handling animal complaints within Ottawa County. They routinely investigate complaints regarding the handling and care of companion animals. These include abuse and neglect situations, as well as dangerous animals.

Ottawa County Animal Control Deputies are concerned with the humane treatment of animals. Their primary goal, however, is to preserve human health. Educating the community on the need to license and vaccinate pets is very important.

Animal Control Deputies regularly pick-up stray dogs and assist in reuniting owners with lost pets.

In addition, they perform the following duties:

- » Investigating housing and care of farm domestics
- » Investigating animal cruelty/neglect complaints
- » Determining the origin of livestock losses
- » Enforcing state and County animal control laws, including licensing statutes
- » Enforcing township barking dog ordinances
- » Providing kennel inspections and licensing
- » Documenting animal bite reports
- » Providing information on wild animal issues

During 2023, the Sheriff's Office responded to more than 2,611 incidents regarding animal control issues. 457 were animal bite incidents. 1,959 animals were brought to the Humane Society.

Dog Licenses

Dog licenses are available at the Treasurer's Office at the Fillmore Street Complex, the Grand Haven Courthouse, as well as The Harbor Humane Society, and online at www.miottawa.org. Several veterinarian offices also offer dog licenses. Local government units listed in the box to the left offer them as well.

Victim Services Unit

The K9s and their handlers receive extensive training prior to being placed into service. They maintain proficiency through weekly maintenance training and a yearly recertification process that ensures their validity for courtroom testimony purposes.

K9 Deputies are an important tool in community outreach as they provide demonstrations to the public and are very visible in our communities.

The **Ottawa County Sheriff's Office K9 Unit** is comprised of four Deputies and their K9 partners. All of our K9 teams are Dual Purpose K9 Teams, meaning that the dogs are trained for both patrol work and in narcotics detection.

These specially trained K9s and their handlers are the most utilized specialty team within the Sheriff's Office. They provide general police services to the citizens of Ottawa County in addition to responding to K9 related calls. K9 handlers and their partners routinely respond to calls for service that include armed robberies, assaults, homicides, barricaded suspects, fugitive warrant arrests, missing persons, narcotics investigations, and a multitude of other calls.

The **Ottawa County Sheriff's Office K9 Teams** are instrumental to the law enforcement services provided to the citizens of Ottawa County and in ensuring the safety of our officers.

Recognizing that a significant amount of law enforcement response is reactive in nature, the administration of the Ottawa County Sheriff's Office has consistently moved in the direction of **community-oriented policing**.

Our goal is to work directly with local elected officials, schools, courts, businesses and community leaders to identify specific areas of need and develop strategies to address those needs. We believe that the proactive measures involved in community policing concepts have a direct impact on the reactive actions required of law enforcement. **Community-oriented policing** has proven to be a vital tool in dealing with the significant growth that has occurred within Ottawa County over the years.

Listed below are examples of various community policing activities in which deputies participate:

- » **Crime Free Multi-Housing Programs**
- » **"Cops and Coffee" & "Cops and Cones"**
- » **Presentations (Senior Citizen and Business Interests)**
- » **911 Academy (with Grand Haven Township Fire Dept.)**
- » **Juvenile Truancy Issues**
- » **Crime Prevention Through Environmental Design**
- » **Student Mentoring**
- » **Teaching Education and Mentoring (TEAM)**
- » **Ottawa County Citizens Police Academy**
- » **Ottawa Area Safe Schools Network (OASSN)**
- » **Safety Education (Boating, Campus, Hunter, ORV, Snowmobile)**
- » **Cops and Bobbers**
- » **Crossing Guard Coordination**
- » **Vacation Property Watch**
- » **Civilian Response to Active Shooter Events (CRASE)**
- » **Tobacco and alcohol compliance checks**
- » **Prescription take back program**
- » **Sex Offender Verifications**
- » **Parent workshops in coordination with OSAP**
- » **Shop with a Sheriff**
- » **Cram the Cruiser**

These cooperative efforts have led to many successful Federal grant awards, such as the Department of Justice "Cops" Grant. These grants provided much of the financial foundation for the growth of community policing in Ottawa County. Continued support and partnerships by local units of government, schools, and the county have made community-oriented policing a stable, effective method of proactive law enforcement within Ottawa County.

Community policing assignments include; 1) the local community policing deputies, who consider the needs of the local unit of government; 2) the school resource deputies, who focus on school issues during the school year.

All community policing deputies carry a criminal investigation caseload as a part of their obligation to the community they serve.

School Resource Deputies

The primary focus of school resource deputies is the safety and security of the school campus. Well-publicized local and national events have demonstrated the need for the development of safety strategies and event crisis management to ensure the well-being of students and staff members. School resource deputies remain highly visible and assist in proactive problem solving to prevent or limit significant events from occurring on school grounds.

Apart from carrying a criminal investigation caseload resulting from crimes committed on campus, school resource deputies are skilled in working with young people.

Deputies attend many school academic and sporting events, and act as mentors to students, sharing their knowledge of life skills. Deputies also participate in classroom activities, such as teaching TEAM as well as speaking on health, government, and social media education related issues.

In addition, some deputies have extended their interest and talents to after school activities, such as coaching. Others assist by participating in theatre, music or charity based fundraising efforts in their school district.

The School Resource Deputy positions are maintained through partnerships between School Districts, local City and Townships, and Ottawa County.

Sergeant Ryan DeVries supervises the School Resource Deputy Program. Sergeant DeVries is available for questions and comments regarding school programs and may be contacted at the following e-mail address: rdevries@miottawa.org.

Ride-Along Program

The Sheriff's Office maintains a Ride-Along Program to improve police/community relations, educate the public, and provide residents with an opportunity to understand police procedures and operations.

County residents who are at least eighteen years of age and are enrolled in a criminal justice educational program are eligible to apply.

SUPER COOL SHERIFF'S SCHOOL

Community Programs

“Super Cool Sheriff’s School” is an event held for kids entering 4th and 5th grades in the Jenison Hudsonville School Districts. A total of 200 youth participated in the popular event. Students spend the day engaging with law enforcement. They have lessons and exercises teaching them about law enforcement and safety. The day built upon the important role of Ottawa County’s twelve School Resource Officers. While some of their time is spent helping schools enforce rules or responding to school fights, more of the officers’ days are invested in building relationships, mentoring, and being role models for kids. Having positive police interactions reinforces that the Ottawa County Sheriff’s deputies are here to help and establishes a trust that can last a lifetime.

Community Policing Deputies organized several “Cram the Cruiser” events during the year. The focus of the events were donations of school supplies, non-perishable food items, toys, clothing and hygiene products.

Deputies assigned to Jenison, Grand Haven and Hudsonville School Districts found a continued the “Shop with a Sheriff” program that has been a staple in Ottawa County for years. Partnerships with Meijer and Walmart generated over a \$20,000 donation.

College Internships

The Sheriff's Office also participates in a college internship program, in cooperation with the Criminal Justice Programs at Grand Valley State University and Grand Rapids Community College. Those students who receive a recommendation from their college or university may apply for an intern position with the Sheriff's Office.

Applicants participate in a rigorous selection process,

consisting of an oral interview, criminal history check, and driving record check. The Sheriff's Office views this program as an opportunity for students to gain real-life experience in the criminal justice arena and is an opportunity to showcase our agency. It provides recruiting opportunities for some outstanding candidates.

Sergeant Chris Dill supervises the college internship program. Interested students may contact him via email for further information at cdill@miottawa.org.

The Ottawa County Sheriff's Office provides **Emergency Medical Units** in Holland, Park, and Georgetown Townships. These units are paid for by each Township as part of our partnership with the community.

E-Unit deputies are cross trained as police officers and paramedics. While on patrol,

they enforce laws, conduct criminal investigations, investigate traffic crashes, conduct traffic enforcement, and complete reports. However, they also are the first to respond to medical emergencies within their communities. The **E-Unit** deputies are licensed paramedics who offer medical care and treat their patient until which time they are turned over to a responding ambulance for transport to the hospital. **E-Unit** deputies are skilled in all aspects of pre-hospital medicine which includes the placement of advanced airways, the starting of IV's, EKG rhythm interpretation, and the administration of several life saving medications.

The **E-Units** responded to 13,639 incidents during 2023 which include both emergency and non-emergency types of calls. The call breakdown by area is depicted in the related tables.

Medical Response

The Sheriff's Office had an interest in forming a department **Honor Guard Unit** for some time and we were able to accomplish this in 2009.

A police honor guard unit consists of members of an individual department who are specially trained to provide certain honorary functions. These functions typically involve special details associated with ceremonial events and police funerals.

The department managed to secure monetary donations from private groups and citizens that provided the funding needed to organize this unit. Through these donations all of the necessary uniforms and equipment needed for a formal **Honor Guard Unit** were obtained.

Ten members from the department were selected to participate in the unit, and all have received formal and specialized training through the process.

As a result, the **Honor Guard Unit** stands ready to represent Ottawa County and the Sheriff's Office in a formal and professional manner. Hopefully, their services will never be needed to conduct a police funeral; however, the unit is prepared to assist in such an event if called upon to do so.

Additional information about the unit can be obtained by contacting Lt. Nick Knott at nknott@miottawa.org.

The **Sheriff's Office Marine Unit** operates five boats that are moored at the Coast Guard Stations in Grand Haven and Holland. The **Marine Unit** also utilizes two small vessels which can be trailered for patrolling inland lakes and the upper regions of the Grand River. Primary areas of patrol include Spring Lake, Grand River, Lake Macatawa, Lake Michigan, Pigeon Lake, Crockery Lake, Cranberry Lake, Cedar Lake, and Georgetown Lake.

The Sheriff's Office has coordinated and hosted the State Marine Training Academy sponsored by the Michigan Sheriff's Association. Sixty-five students from around the state were trained in the Michigan Marine Act, providing education in laws and procedure. Skills taught include accident investigation, towing a vessel, and detection of impaired operation.

The **Marine Unit** focuses efforts on education to gain voluntary compliance with marine laws and safety regulations. Enforcement continues to be a component of marine safety, but education and compliance with boating laws are vital in creating a safe and enjoyable boating environment.

The **Marine Unit** participated with multiple special event patrols such as Holland and Grand Haven 4th of July Fireworks, Grand Haven Coast Guard Festival, and the Grand Haven YMCA Triathlon.

Ottawa County Marine Unit participated with "Operation Dry Water" boating enforcement with the cooperation of area law enforcement and U.S. Coast Guard to make the public more aware of the dangers of drinking and boating. This event is targeted enforcement directed at intoxicated boaters with the goal of reducing alcohol related tragedies.

Deputies teamed with local businesses and volunteers to collect and distribute child, youth, and adult personal flotation devices (PFDs - life jackets). These PFDs were distributed at special events and by Deputies while on patrol to families in need of PFDs.

PFDs were also donated by local marinas and placed on "Loaner Boards" at State Parks and County parks within Ottawa County. The loaner boards provide parents or guardians of children the use of life jackets to assist in keeping their children safe while enjoying

water activities at the beach.

Complaints in Smith's Bayou area required extra attention from Marine Unit deputies. On busy weekends during the boating season, it is not unusual for 250 vessels or more to be anchored in the bayou at one time. The Marine Unit has responded to complaints of loud music, reckless boating, and violations of Slow-No-Wake zones.

The Ottawa County Sheriff's Office continued to utilize the service of volunteers in our Volunteers in Police Service (VIPS), which was originally established in 2006. Over the course of the year, 11 members of this group volunteered their time to the citizens of Ottawa County.

The VIPS Program assists the Sheriff's Office in several key areas which include vehicle transfers, home security checks, handicapped parking enforcement, processing abandoned vehicles, as well as offering courtesy transportation to persons released from the Ottawa County Jail needing a ride back to their communities.

The volunteers also participate in various community events such as National Night Out, local fire department open houses, and community fairs.

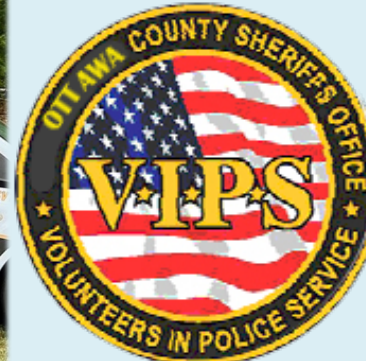

The volunteers operate out of the Sheriff's Office Headquarters in teams of two. The services provided by this group directly benefit the community, as well as our patrol and corrections staff.

The VIPS Program is supervised by Captain VanderPloeg. His email is dvanderploeg@miottawa.org.

Our Senior Volunteers provide valuable service:

- » *1,813 hours of service*
- » *Traveled 20,589 miles throughout the county*
- » *Teams also conducted 167 home security checks*
- » *Identified 9 handicapped parking violations*
- » *Transported 63 persons from the jail*

In addition to traffic enforcement conducted by routine road patrol and community policing units, the Sheriff's Office Traffic Services Unit consists of one sergeant and three full-time deputies.

The sergeant supervises the full-time traffic deputies, along with serious and fatal crash investigations and reconstruction, which includes forensic mapping of crash and crime scenes. In addition, this sergeant serves as a liaison between state and local offices regarding traffic safety issues. There are additional township-funded traffic units in Georgetown, Grand Haven, Holland, and Park Townships.

Traffic Services deputies enforce state traffic laws, investigate motor vehicle crashes, and serve as traffic enforcement training officers for all new deputies, in addition to providing traffic safety related educational programs to the public. Traffic Services supports the overall traffic safety mission in the department.

In all, there were 26,996 traffic contacts resulting in 14,135 people cited for 15,822 violations. Speeding tickets accounted for 39% of all citations. Nineteen fatal crashes claimed the lives of 19 people. Eight of the fatal crashes were alcohol and/or drug related.

Drug Recognition Expert Program

In 2023, Deputy Brandon Jones joined the Sheriff's Office and brought us to two Drug Recognition Experts (DRE) on staff. Deputy Schaller and Dep. B. Jones have completed substantial training to become certified DREs. Dep. Schaller is certified as an expert witness in both the District and Circuit courts within Ottawa County.

What is a Drug Recognition Expert?

DRE officers receive advanced training in the investigation of impaired driving, drug trends, case law, and court testimony. DRE officers are required to maintain a high standard of proficiency, engage in continuing education, and must recertify every two years with IACP/OHSP. **DRE Officers** maintain an individual rolling-log, which documents their activity and accuracy. The National Highway Traffic Safety Administration (NHTSA) tracks and maintains data collected from DRE officers nationwide.

DRE officers are utilized in impaired driving investigations where drugs are suspected, and in fatal or serious injury crash investigations, to thoroughly investigate suspected impairment. The DRE officer conducts a **Drug Influence Evaluation** utilizing a standardized and systematic 12-step process. Steps include a brief medical check of vital signs, a suspect interview, SFST and ARIDE testing, and other specialized observations to determine whether a person is under the influence of a drug. The evaluation seeks to identify which specific drug category or combination of categories the person may be under the influence of.

The Ottawa County Drug Recognition Expert Cadre

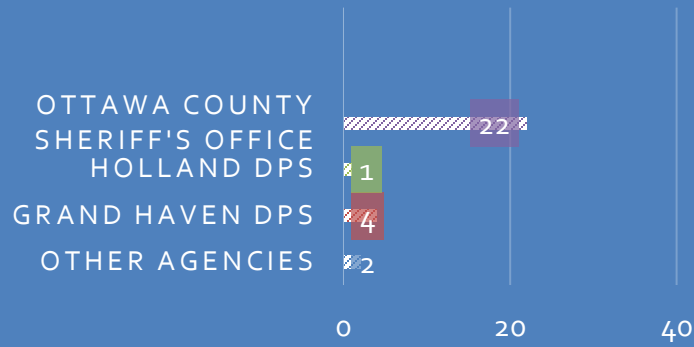

Law enforcement agencies in Ottawa County currently have four certified DRE officers who coordinate responses to on-duty incidents and provide on-call, off-duty coverage for assistance in investigating impaired driving incidents involving drugs, or impaired driving incidents involving fatal or serious injury crashes. Ottawa County is additionally served by two DRE-trained assistant prosecuting attorneys who have

specialized training in impaired driving prosecution and relevant case law.

DREs in Ottawa County conducted 29 enforcement evaluations in 2023. Our Deputies conducted 20 of those evaluations and 22 of the units' requests came from road patrol Deputies. Sheriff's Deputies made 393 arrests for impaired driving in 2023.

Victim Services Unit

The **Victim Services Unit** is a volunteer group consisting of 23 dedicated individuals. The mission of the unit is to assist individuals who have suffered a tragedy (either a victim or a victim's family), thus permitting emergency personnel to concentrate their efforts on the incident at hand.

The **victim advocates** work in teams of two and are paged by the Ottawa County Central Dispatch Authority, upon request of law enforcement or emergency personnel at the scene of an incident. The **Victim Services Unit** has proven to be a very valuable asset and is available to all law enforcement and fire services personnel in Ottawa County upon request.

The **Victim Services Unit** is designed to provide support and comfort to victims and their families, thus minimizing the stress of the situation. Advocates make

referrals to appropriate agencies and services in the area and provide victims with information regarding access to the Judicial System and the Victim Compensation Board. They also serve as a go-between for victims, their families, and emergency service providers. In 2023, the unit responded to 99 calls for service.

Lieutenant Christie Wendt and Sergeant Jeff Steigenga serve as the liaison between the Victim Services Unit and the Sheriff's Office. They and may be contacted by e-mail at: cwendt@miottawa.org and jsteigenga@miottawa.org.

Navigation Help

This report can be navigated by the reader using three different methods.

One is to use the tab found at the top of nearly every page. Simply click the desired tab and the first page of that section will appear. In some sections there are sub-tabs that run along the right side of the page. These facilitate easy navigation. Whenever a particular tab and/or sub-tab is selected, it will appear in the color or a similar hue to that of the respective section.

Another method is to use the Table of Contents to navigate from section to section. Please refer to the Table of Contents section below.

Finally, one can navigate through the report using the forward and backward buttons, which are found on nearly every page. Please refer to the Page Navigation section below.

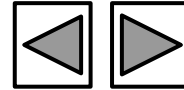

The icons in the lower right corner of your screen will help you move through this report. Following is an explanation for each icon.

Table of Contents

The Table of Contents (TOC) Icon appears on nearly every page. Click this to return to the TOC page. The TOC has links to the first page of each section. This may not be the most convenient way to navigate, but it provides the option for those who prefer to jump from section to section via the TOC.

Page Navigation

The arrows allow the reader to page forward and backward through the document and are available on most pages. If the forward button is colored, that signifies that there are additional pages within that particular section or sub-section. Some sub-sections consist of multiple pages.

Information Icon

The Information Icon is found in the Call History-Countywide and Call History-Local Units sections of the report. On these pages this icon, when clicked, directs the reader to a second page of related details. These more detailed pages have been hidden to shorten the report for most, but still offer the details desired by some users.

Return Icon

If, after clicking the Information Icon and viewing the more detailed Call History pages, one desires to return to the main body of the report, the reader can click the Return Icon to return to the corresponding local unit or countywide call history summary page.

Printing Assistance

This report has been created with the intention of being viewed on-screen using electronic devices; however, some readers may prefer to print and view it on paper. To make it easier to choose which pages to print, especially when only specific sections are desired, the following table is offered.
