NOTICE OF DRAIN MAINTENANCE

June 20, 2017

TO: Traversed Property Owners
RE: Tulip Inter-County Drain

As part of our rotational inspection/maintenance program and due to several property owner complaints, the Tulip Inter-County Drain will be experiencing routine cleaning to remove woody debris obstructions, starting at the Point of Beginning (32nd St) and ending at the Point of Ending (16th St & 104th Ave). This maintenance will be performed by Kevin Busscher of Busscher Development, who can be reached at (616) 836-1521. This maintenance will consist of the removal of woody debris obstructing the flow of water in the drain. All of the debris being removed will be placed in neat piles along the drain, and in the flood plain areas it will be anchored down to keep it from floating away. This maintenance is slated to begin in July and be completed by the end of August, weather permitting.

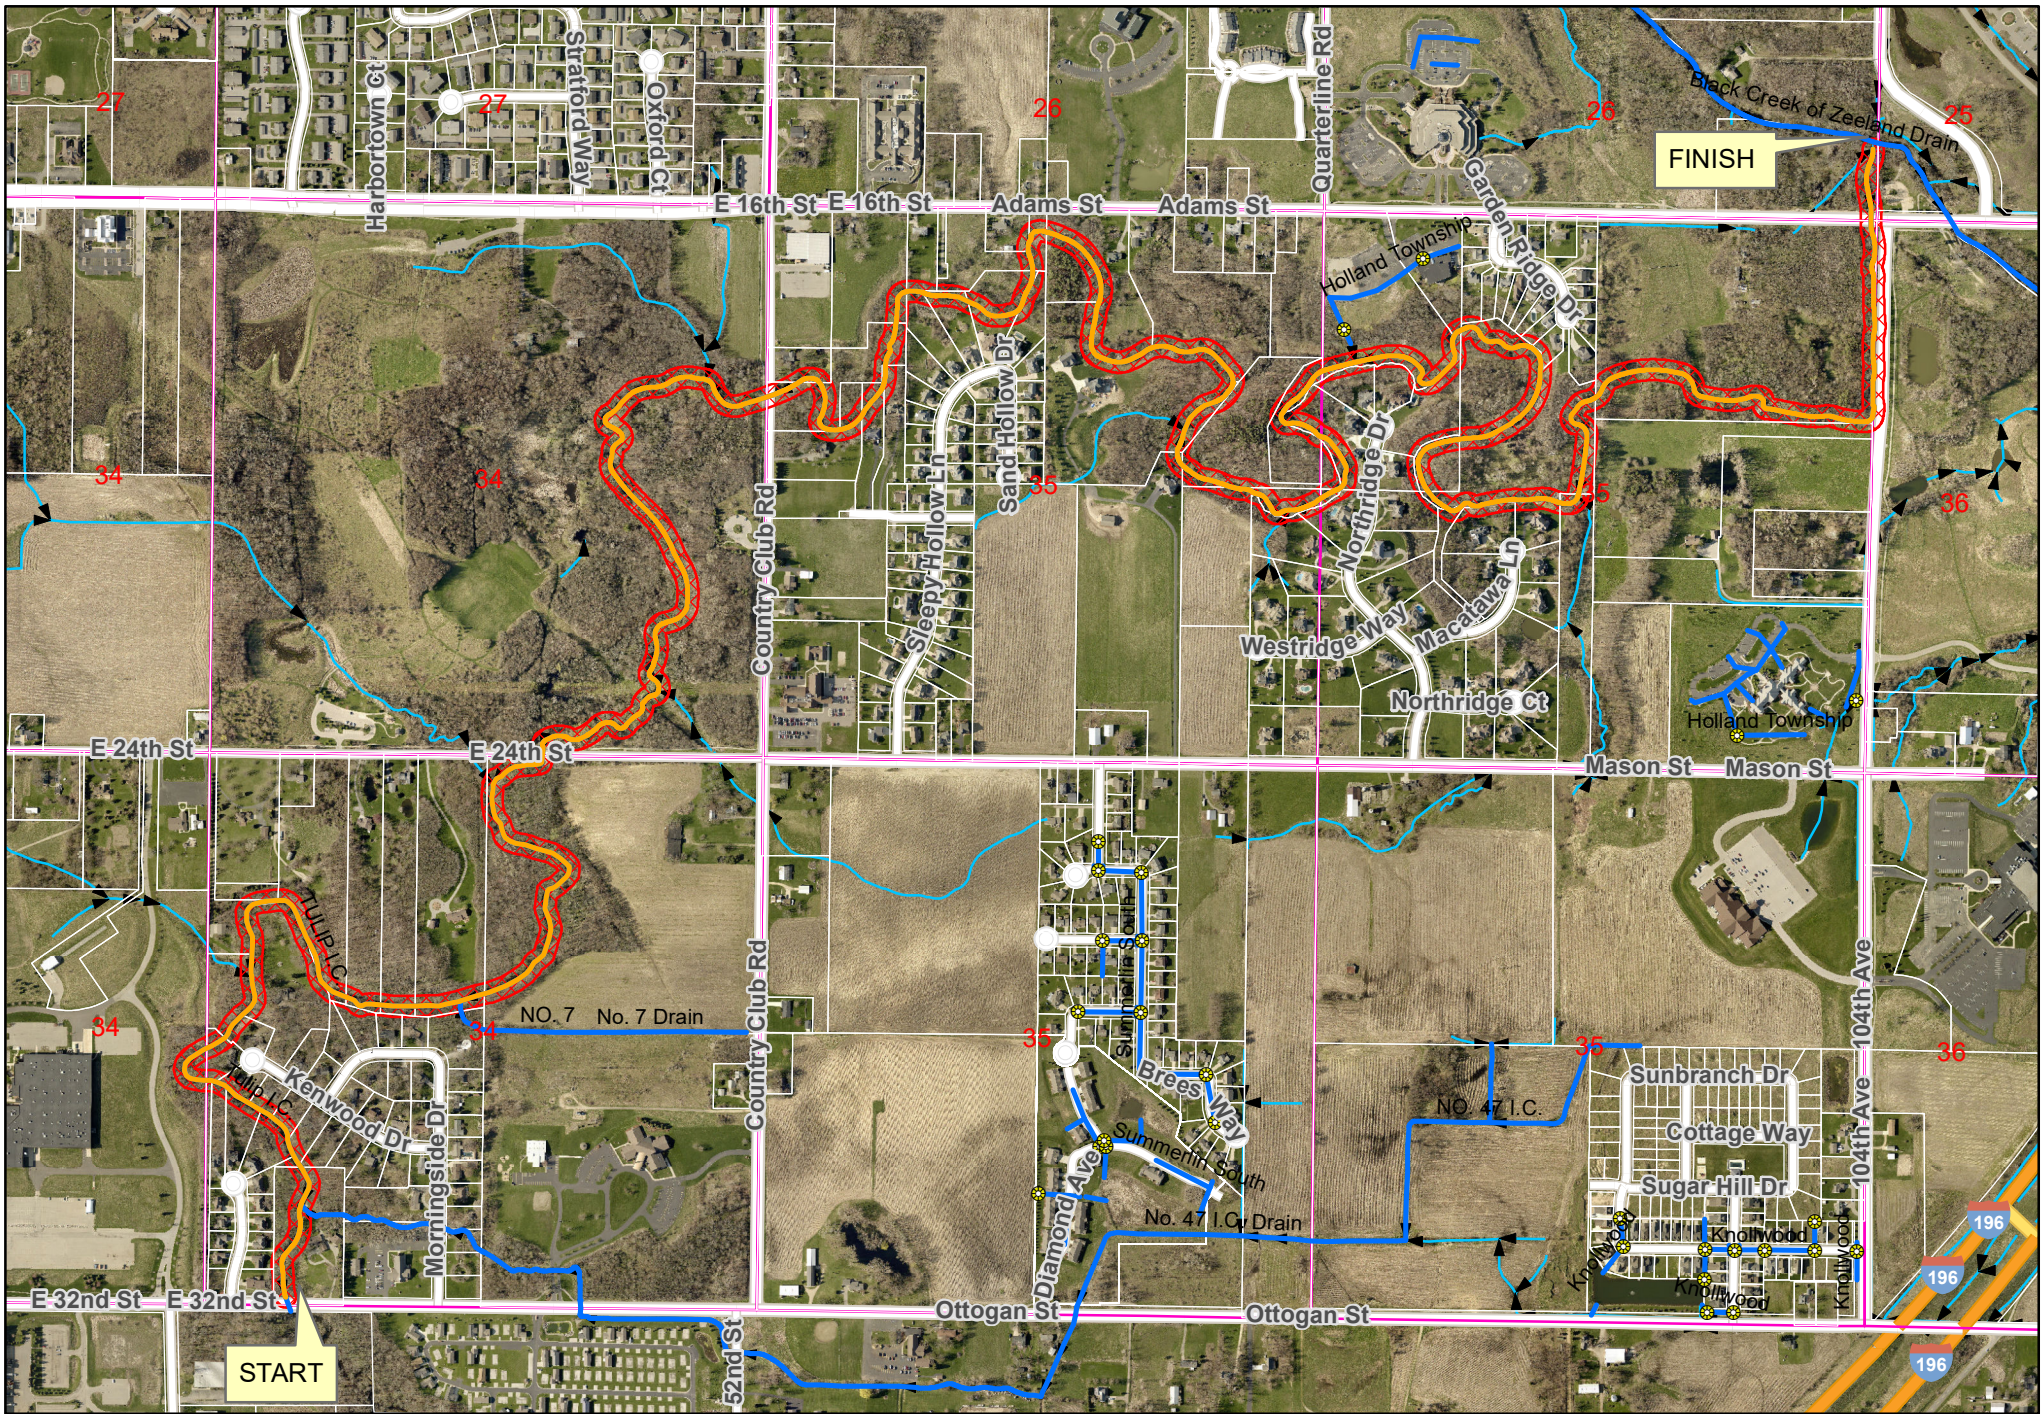

Your cooperation is always appreciated in these matters. Should you have any questions, concerns, or input that you would like us to consider, feel free to contact us at (616) 994-4530 or email waterresourcescommissioner@miottawa.org.

Thank You,

Chris Machiela
Drain Inspector

cc: City of Holland
Holland Township
